

Aim: To design and develop an interactive chatbot using Google Dialogflow that can understand user queries expressed in natural language and provide relevant, accurate, and context-aware responses.

Problem Statement:

Develop a chatbot using Google Dialogflow that enables users to interact with the system through natural language. The chatbot should identify user intents, extract relevant entities and parameters, maintain conversational context, and provide appropriate responses to common user queries.

Template phrases are deprecated and will be ignored in training time. [More details here.](#)

When a user says something similar to a training phrase, Dialogflow matches it to the intent. You don't have to create an exhaustive list. Dialogflow will fill out the list with similar expressions. To extract parameter values, use [annotations](#) with available [system](#) or [custom](#) entity types.

Add user expression

What does "Decepticons" mean in Transformers?

Define the Decepticons for me.

Tell me about the Decepticons.

What's the deal with the Decepticons?

Can you explain who the Decepticons are?

What are the Decepticons?

Who are the Decepticons?

Text Response

- The Decepticons are the villainous faction of Transformers led by Megatron.
- They're the "bad guy" robots in the franchise, seeking power and conquest.
- The Decepticons are alien robots from Cybertron who fight against the Autobots.
- In simple terms, the Decepticons are the villains — the robots on the side of evil.
- They are a faction of transforming robots driven by ambition, domination, and control.
- The Decepticons are Megatron's army — ruthless machines who want to rule everything.
- They're the antagonistic robot faction in Transformers, sworn enemies of the Autobots.

Fulfillment

The screenshot shows the Dialogflow console interface. The left sidebar contains navigation options: Loading agents..., Intents, Entities, Knowledge, Fulfillment, Integrations, Training, Validation, History, Analytics, Prebuilt Agents, Small Talk, Docs, Trial Free, Dialogflow CX, Support, Account, and Logout. The main panel is titled 'optimusprime' and has a 'SAVE' button. It is divided into sections: Contexts, Events, Training phrases, and Action and parameters. The 'Training phrases' section is active, displaying a warning about deprecated template phrases and a list of training phrases related to 'Optimus Prime'. The 'Action and parameters' section shows a table for defining actions and their parameters.

Training phrases

Template phrases are deprecated and will be ignored in training time. More details [here](#).
