

Course Code : ITL603

Course Name : Sensor Lab

Name :

Roll no. :

Class : TE-IT/SEM VI

Sr. No	Experiment Title	Learning Outcome	Date of Performance	Date of Submission	Marks (15)	Sign
1	Study of various wireless communication technologies like IEEE 802.15.1, IEEE 802.15.4 and IEEE 802.11.	LO1				
2	Study of various types sensors and display devices (e.g. DHT-11/22, HC-SR04, MERC 522, PIR Sensor) and demonstration of their interfacing using Arduino.	LO2				
3	Installation and testing the simulation tools. (e.g. Tinkercad/Cupcarbon/ContikiCooja)	LO3				
4	Study of interfacing using Mobile/Web to publish or remotely access the data on the internet.	LO4				
5	Implementation of the Mini Project.	LO5				

Sr. No.	Assignment Title	CO/LO	Date of Performance	Date of Submission	Marks (5)	Sign
1	Assignment 1	CO1,CO2				
2	Case study on Raspberry Pi	LO2,LO4				

AVERAGE

Name and signature of Laboratory In-charge : Prof. Shrinidhi Gindi
