FOREWORD

India, in accordance with its federal structure, has created a sound and robust Statistical System, which is largely decentralized with central coordination. Our statistical base has played an important role in decision-making, and has contributed to our planned economic development, since independence. Over the years, the Indian Statistical System has undergone transformation in a considerable measure to meet the emerging data requirement challenges arising out of the globalization and liberalization of our economy.

2. Being the Nodal Ministry on all statistical matters in the country, the Ministry of Statistics and Programme Implementation, in order to provide up-to-date information concerning the structure and functions of major statistical organizations in the country, has been bringing out a publication entitled: 'Statistical System In India', from time to time, since 1951. The last such publication was brought out in 1997. Since then, there have been rapid and extensive structural changes in the statistical system, both at the Centre and in the States/UTs. Constitution of National Statistical Commission (NSC), with the mandate to revamp the entire statistical system in the country to improve its credibility, timeliness and adequacy, has added a new dimension to the system. Major steps were taken to invigorate and re-energize our statistical system consequent to the recommendations of National Statistical Commission. The official statistical system is consciously gearing up to adapt itself to the fast-changing environment, particularly in view of the Government emphasis on engaging citizens' directly in governance reforms. In such a scenario, as the Indian Statistical System grows in size and complexity to meet challenges and the growing and diversified needs of different stakeholders, it is imperative that information on its organizational structure including manpower, etc. be made available at one place, which will be useful for various functionaries in the Governments as well as the public at large to appreciate Statistical System in India in all its complexity.

3. The current publication provides a broad outline of the statistical system as it exists today, including summary information on statistical personnel at various levels in various agencies under the Central Government, State Governments, Union Territories

and Public Sector Undertakings (PSUs) at the Centre. Although every effort has been made to provide latest available data in respect of statistical manpower at different levels in various agencies, based on the information provided by them, these figures can only be of an indicative nature. A unique and distinct feature of this publication, unlike the previous issues, is that it describes the statistical set up that is prevailing in the States/UTs. In this publication, an attempt has also been made to include details of publications being brought out by various agencies under the Central Government, States/UTs and PSUs as also major statistical activities. It is hoped that all who are interested in the field of Official Statistics will find this publication convenient and useful in understanding the Indian Statistical System.

4. I take this opportunity to thank all the Central Ministries/Departments, the State Governments/Union Territories, Public Sector Undertakings and various other organizations for their active co-operation in providing the information that has enabled the Ministry to bring out this publication. I also take this opportunity to place on record my deep appreciation for all Officers of Coordination and Administration Division (CAD) for their untiring efforts to make this publication as comprehensive as possible.

(Pronab Sen)
Secretary to the Government of India &
Chief Statistician of India

New Delhi, the 22nd September, 2009

Appendix-II

Statistical Personnel in States/UTs	301
-------------------------------------	-----

Appendix- III

Statistical Personnel in Public Sector Undertakings	302
---	-----

OVERVIEW OF INDIAN STATISTICAL SYSTEM

The Indian Statistical System functions within the overall administrative set up of the country. India has a federal structure of Government. The division of responsibility for administration between the Union Government and the State Governments is on the basis of three-fold classification of all subjects, namely, the Union List, the State List, and the Concurrent List. The last category represents the areas where both the Union and State Governments can operate. The subject Statistics is in this list. There is a further division of responsibility, by subjects or groups of subjects, among the different Ministries/Departments of the Union Government and among the Departments of State Governments, on the basis of their administrative functions.

In accordance with this structure, the Indian Statistical System is largely decentralised with elements of central supervision. All-India large-scale statistical operations, such as Population Census, Economic Census, Agricultural Census and Livestock Census, and nation-wide sample surveys, including the Annual Survey of Industries and the Socio-Economic Surveys, as well as compilation of macro-economic aggregates like national accounts, All-India Price Indices and industrial production, are mainly Central activities, with substantial involvement of State agencies in data collection. The State Governments and statistical organisations of the States also collect and generate data on a number of variables.

The Central Government acts as the coordinating agency for presentation of statistics on an all-India basis even in fields where the States have the primary authority and responsibility for collection of statistics. The Ministry of Statistics and Programme Implementation is the nodal agency for all statistical activities at all-India level. The State Directorates of Economics and Statistics (DESS) carry out the responsibility of coordination of all statistical activities at the State level and keeping liaison with the MOSPI for the purpose of coordination at all-India level, and for maintaining norms and standards in the field of official statistics.

Statistical System at the Centre

The Ministry of Statistics and Programme Implementation is the nodal agency for planning and facilitating the integrated development of the statistical system in the country, and to lay down norms & standards in the field of official statistics, evolving concepts, definitions, classification and methodologies of data collection, processing and release of results. The Ministry has two wings, one relating to Statistics and the other is Programme Implementation. The Statistics Wing called National Statistical Organisation (NSO) consists of the Central Statistical Office (CSO), the National Sample Survey Office (NSSO), and the Computer Centre. The Programme Implementation Wing has four Divisions, namely, Twenty Point Programme Division, Infrastructure Monitoring Division, Project Monitoring Division, and Member of Parliament Local Area Development Division. The Indian Statistical Institute (ISI), which is a premier statistical institute, receives budgetary support from the MOSPI.

CSO The CSO, headed by a Director General, consists of four Divisions, namely, the National Accounts Division (NAD), the Economic Statistics Division (ESD), the Social Statistics Division (SSD) and the Training Division. The CSO has an Industrial Statistics Wing, namely, the CSO-IS Wing, which is located at Kolkata.

The Central Statistical Office is responsible for coordination of statistical activities in the country, and for evolving and maintaining statistical standards. Its activities include National Income Accounting; conduct of Annual Survey of Industries, Economic Censuses and its follow up surveys, compilation of Index of Industrial Production, as well as Consumer Price Indices, Gender Statistics, imparting training on Official Statistics, Five Year Plan work relating to Development of Statistics in the States and Union Territories; dissemination of statistical information, work relating to trade, energy, construction, and environment statistics, revision of National Industrial Classification, etc.

NSSO: The NSSO functions under the overall direction of a Steering Committee with requisite independence and autonomy in the matter of collection, processing and publication of NSS data. In addition to the non-official Chairman, the Steering Committee is composed of academicians, data users from Central and State Government departments and senior officers of the Ministry. The NSSO is headed by the Director General and Chief Executive Officer (DG&CEO), who is also the Member-Secretary of the Steering Committee.

The National Sample Survey Office (NSSO) carries out socio-economic surveys, undertakes field work for the Annual Survey of Industries and follow-up surveys of Economic Census, sample checks on area enumeration and crop estimation surveys and prepares the urban frames useful in drawing of urban samples, besides collection of price data from rural and urban sectors. The major activities of the NSSO pertain to Survey Design, Field Operations, Processing of data collected and releasing of the results based on surveys.

Computer Centre: The Computer Centre handles the data processing jobs of the MOSPI, provides training to statistical personnel on software, maintain the MOSPI's website and the National Data Warehouse of Official Statistics.

Coordination and Administration Division(CAD): This Division is responsible for coordination for the National Statistical Office with its two attached offices viz. the Central Statistical Office (CSO) and National Sample Survey Office (NSSO). It is also responsible for coordination with State Governments/ State statistical agencies.

National Statistical Commission(NSC): Through the Government of India Resolution of 1st June 2005, Government has set up a Commission, namely, the National Statistical Commission (NSC) consisting of a part-time Chairperson, and four part-time Members, one each from the fields of economic statistics, social and environment statistics, censuses and surveys, and national accounts and state statistical systems.

The Secretary, Planning Commission is also a Member in ex-officio capacity. The Chief Statistician of India serves as the Secretary to the NSC. The mandate of the NSC is to serve as a nodal and empowered body for all core statistical activities of the country, to evolve, monitor and enforce statistical priorities and standards and to ensure statistical coordination.

Legal Support for Collection of Data: The Central Government's Allocation of Business Rules, 1961 (as amended from time to time) provides for the roles and responsibilities of the MOSPI. The main Statistics Act under which data is collected by the MOSPI is the 'Collection of Statistics Act, 2008'. The other most important Act for collection of statistics on demographic aspects of population is the 'Population Census Act 1948', which is administered by the Office of the Registrar General of India, functioning under the Ministry of Home Affairs. Besides these two important Acts, there are a number of Acts, Rules and Procedures being administered by various administrative agencies on their subjects, through which statutory returns are collected by these Ministries/Departments.

Central Ministries / Departments: Besides the NSO at the Centre, most of the Ministries / Departments of the Government of India have either statistical divisions or statistical cells for all the statistical activities of the Ministry / Department. These Divisions / Cells are mostly manned by officers belonging to two organised Central Services- the Indian Statistical Service (ISS) and the Subordinate Statistical Service (SSS). The Ministry of Statistics and Programme Implementation is the Cadre Controlling Authority for both these Services, which provides another layer of coordination. Furthermore, these Statistical Divisions/Cells are headed by senior level statistical functionaries of the ISS at the JAG / SAG level for effective coordination with NSO.

Statistical System in the States / UTs

The Directorates of Economics and Statistics (DESSs) in the States / UTs act as the nodal agencies for coordination of all statistical activities in the States/UTs. While most of the States / UTs have been formally declared by the State Governments as the Nodal Agencies on all statistical activities, a few though not yet formally declared, act as coordinating agency on statistical matters in the State/UT. Most of the States / UTs have District Statistical Offices (DSOs) which act as the field offices of the DESSs for collection / compilation of statistical data in the districts. The DESSs perform almost the same functions in the States / UTs as the NSO at the Centre viz. bringing out some key statistics, coordination with the Central and State statistical agencies, dissemination of statistics, etc.

1. MINISTRY OF AGRICULTURE

The Ministry of Agriculture is broadly responsible for formulation and implementation of National policies and programmes aimed at achieving rapid agricultural growth through optimum utilization of the country's land, water, soil and plant resources; coordination and promotion of agricultural research & education in the country, and; all matters relating to livestock production, preservation, protection from diseases and improvement of stocks and dairy development, and also all matters pertaining to fishing and fisheries. The Ministry consists of three departments viz. Department of Agriculture and Cooperation; Department of Animal Husbandry, Dairying and Fisheries, and; Department of Agricultural Research and Education (DARE). Each department has its own statistical set-up.

1.01 Department of Agriculture and Cooperation

The Department of Agriculture and Cooperation is responsible for the formulation and implementation of National policies and programmes aimed at achieving rapid agricultural growth through optimum utilization of the country's land, water, soil and plant resources. The Department undertakes all possible measures to ensure timely and adequate supply of inputs and services such as fertilizers, seeds pesticides, agricultural implements and also provides agricultural credit, crops insurance and ensures remunerative returns to the farmer for his agricultural produce. The Department is entrusted with the responsibility of collection and maintenance of a wide range of statistical and economic data relating to agriculture, required for development planning, organizing agricultural census, assisting and advising the States in undertaking scarcity relief measures and in management of natural calamities e.g. flood, drought, cyclone, etc. Matters relating to formulation of overall cooperative policy in the country, national cooperative organizations, cooperative training and education come under the purview of the Department.

Various subject matter Divisions / Directorates / Commission of the department have their own statistical set up and activities as follows:

1.01.01 Agriculture Census Division

The Agriculture Census Division of the department, established in 1969-70 and headed by a Joint Secretary, is mainly responsible for organizing the quinquennial agricultural census and input surveys in the country in collaboration with the State Agricultural Census Units.

There are two main statistical activities of the Division- one is Agriculture Census and another is Input Survey. These two surveys are conducted after five years interval. The Agriculture Census forms part of the broader system of collection of Agriculture Statistics. It is a large –scale statistical operation for the collection and derivation of quantitative information about the structure of agriculture in the country. As operational holding is the ultimate unit for taking decision for development of Agriculture at micro level, it is for this reason that an operational holding and not an ownership holding is taken as the statistical unit of data collection

for describing the structure of agriculture. In Agriculture Census, aggregation of data is done at various levels of administrative units, like, Tehsil/Taluk/Block, District and State.

So far seven Agriculture Censuses from 1970-71 and six Input Surveys since 1976-77 have been completed at five yearly intervals. The field work for Eighth Agriculture Census 2005-06 and Seventh Input Survey 2006-07 in most of the States has been completed and compilation/validation of data work is in progress.

The Division brings out the following three publications after the quinquennial surveys of Agriculture Census and Input Surveys are over:

- All India Report on Agriculture Census
- All India Report on Input Survey
- All India Report on Number and Area of Operational Holdings.

The statistical staff in position in the Agriculture Census Division of the Department is as under:

Professional	:	4

Total	:	9

1.01.02 Directorate of Economics and Statistics

The Directorate of Economics and Statistics (DES), an attached office of the Department of Agriculture and Cooperation (DAC), is headed by Economic & Statistical Adviser. It is entrusted with the responsibility of collection, collation, dissemination and publication of statistical data on diverse facets of agriculture and allied sectors, required for planning and policy formulation by the Government. Various Divisions of the Directorate are headed by officers of SAG level and supported by officers/staff at various levels. Various Divisions of the Directorate and the brief on their activities is described hereunder.

(i) Agricultural Statistics Division

As Division of the Directorate of Economics & Statistics maintains State-wise estimates of area, production and yield of 44 principal crops (27 major and 17 minor). These estimates are available under the two broad seasons of kharif and rabi. The estimates are updated annually in the month of February/March after release of final estimates of area, production and yield of the preceding agricultural year. This Division also carries out an exercise relating to demand and supply projections of foodgrains and oilseeds and other commercial crops.

(ii) Agricultural Statistics Improvement Division

The Division implements the scheme of "Improvement of Agricultural Statistics (IAS)". The basic objective of IAS Scheme is to collect and improve the quality of agricultural statistics

of principal agricultural and horticultural crops. From 2007-08, the scheme is converted to Central Sector Scheme from Centrally Sponsored Scheme, and is funded 100% by the Centre. The scheme has four components as given below:

- **Timely Reporting Scheme (TRS):** Under this component timely and reliable estimates of area under principal crops for each of the agricultural seasons are generated on the basis of complete enumeration of 20% villages selected randomly, within a specific time frame. TRS is implemented in 16 land record States namely, Andhra Pradesh, Assam, Bihar, Gujarat, Haryana, Himachal Pradesh, Jammu & Kashmir, Karnataka, Madhya Pradesh, Maharashtra, Rajasthan, Tamilnadu, Uttar Pradesh, Uttarakhand, Jharkhand and Chattisgarh and two Union Territories namely, Delhi and Puducherry. Implementing States provide break-up of area under irrigated/un-irrigated and High Yielding Varieties (HYVs). Agricultural Statistics division does compilation of data.
- **Improvement of Crop Statistics (ICS):** The objective of ICS component is to improve the quality of statistics on area and production of crops through checking and supervision of the work of (a) Area enumeration, (b) Area aggregation and (c) Crop Cutting Experiments (CCE). Under the component 10,000 villages are covered, equally shared by Central Agency (NSSO) and State machinery, every year. About 30,000 CCEs are checked every year. ICS component is implemented in all the TRS States except Delhi. Agricultural Statistics wing of NSSO does compilation of data.
- **Establishment of an Agency for Reporting of Agricultural Statistics (EARAS):** EARAS is implemented in three non-land record States namely, Kerala, Orissa and West Bengal and four North Eastern States namely, Arunachal Pradesh, Nagaland, Sikkim and Tripura. In the absence of any Government Department for the regular updation of land records in these States, full time agency for collection of statistics of area, production and yield rate has been established in each of the implementing States. The basic methodology under this component is the same as in TRS.
- **Crop Estimation Survey on Fruits & Vegetables (CES-F&V).** Under CES-F&V, 11 States are covered and 7 fruit crops (Apple, Mango, Citrus, Pineapple, Grapes, Banana and Guava), 5 Vegetable crops (Potato, Cabbage, Cauliflower, Onion and Tomato) and 2 spice crops (Ginger and Turmeric) are covered. Under the component, estimates of area, production and yield rate for the crops covered by respective States are generated on the basis of enumeration of area and conduct of Crop Cutting Experiments following multi stage stratified sampling techniques.

(iii) Cost Study Division

Cost Study Division implements “Comprehensive Scheme for Studying the Cost of Cultivation of Principal Crops in India”, which is one of the five components under Umbrella Scheme “Studies on Inputs for Agricultural Economic Policy and Development”. Under the scheme cost data on principal agricultural crops grown across India is compiled to generate state-wise and crop-wise Cost of Cultivation and Cost of Production estimates of principal

crops. The costs are calculated for the crops such as, Barley, Gram, Jute, Lentil, Peas, Rapeseed & Mustard, Safflower, Sugarcane, Wheat, Arhar (Tur), Bajra, Coconut, Cotton, Groundnut, Jowar, Maize, Moong, Nigerseed, Onion, Paddy, Potato, Ragi, Sesamum, Soyabean, Sunflower, Tapioca, Urad, VFC Tobacco.

The prime mandate of this division is to supply cost estimates of different crops to Commission for Agricultural Costs and Prices (CACP) to enable them to make suitable recommendations on Minimum Support Prices (MSPs) of 24 agricultural commodities, namely Paddy, Jowar, Bajra, Maize, Ragi, Arhar (Tur), Moong, Urad, Cotton, Groundnut, Sunflower seed, Soyabean, Sesamum, Nigerseed, Wheat, Barley, Gram, Masur (Lentil), Rapeseed & Mustard, Safflower, Copra, Jute, Sugarcane and Tobacco to the Government of India.

The 16 Agricultural/general Universities/Colleges and the Directorate of Tobacco Development, through which the scheme is implemented, collect the primary data on Cost of Cultivation in the states: Andhra Pradesh, Assam, Bihar, Gujarat, Haryana, Himachal Pradesh, Karnataka, Kerala, Madhya Pradesh, Maharashtra, Orissa, Punjab, Rajasthan, Tamilnadu, Uttar Pradesh, West Bengal, Chattisgarh, Jharkhand and Uttranchal.

(iv) **Special Data Dissemination Standards (SDDS) Division**

The work of Special Data Dissemination Standards (SDDS) Division relates mainly to collection and compilation of State and District wise data on Land Use Statistics (LUS) and Area, Production and Yield data. Besides these, SDDS Division also computes data on quarterly production of selected crops on the basis of advance estimates of production and also generates report for CSO.

(v) **Prices and Markets Division**

- **Agricultural Prices:** The Division collects data on Wholesale Prices, Retail Prices, Farm Harvest Prices and Market Arrivals of selected agricultural commodities from all over India. Weekly wholesale prices of 154 agricultural commodities are collected from around 600 selected markets/centres. The Division also collects weekly retail prices of 45 food items and monthly retail prices of 43 non-food items from 87 selected markets/centres covering 32 States and UTs. The prices are collected for week on each Friday. It also collects farm harvest prices for 26 principal crops from all major States and 5 UTs annually. The prices of 14 essential commodities viz. rice, wheat, atta, gram dal, tur dal, sugar, groundnut oil, mustard oil, vanaspati, tea, milk, potato, onion, and salt are collected and monitored by the Department of Consumer Affairs.
- **Agricultural Wages:** Agricultural wages constitute one of the major items of cost of production of various crops. Consequently, data on agricultural wages prevailing in the selected villages /centres, spread over the length and breadth of the country, is collected by DES on the monthly basis. The wage data relate to the agricultural year, i.e. July-June. The wages are paid in both cash and kind. Money value of the wages paid in kind is added to get the total wage. Such information on prevailing wages is collected from

each District of the State. In total 17 States are covered for collection of data on agricultural wages. Statistics relating to wages paid to different types of agricultural and skilled rural labour at selected centres are collected and compiled by the Division.

Based on the activities of various Divisions, the Directorate brings out the following publications:

- District -wise Area, Production and yield.
- District-wise land Use Statistics.
- State-wise Land Use Statistics.
- Agricultural Statistics at a Glance.
- Farm Harvest Prices of Principal Crops.
- Agricultural Prices in India.
- Agricultural Wages in India.
- Cost of cultivation of Principal Crops in India.
- Quarterly Bulletin of Market Arrivals of Selected Foodgrains and Commercial Crops from Selected Villages/Centres

The statistical staff in position in the Directorate of Economics & Statistics is as under;

Professional	:	14
Intermediate	:	18
Primary	:	3
Total	:	35

1.01.03 Commission for Agricultural Costs and Prices

The Agricultural Prices Commission was set up in January, 1965 to advise the Government on price policy of major agricultural commodities with a view to evolving a balanced and integrated price structure in the perspective of the overall needs of the economy and with due regard to the interests of the producer and the consumer. Since March 1985, the Commission has been known as Commission for Agricultural Costs and Prices. Currently, 24 agricultural commodities are covered under the mandate given to the CACP for advising the Government in respect of the price policy. Minimum support prices (MSP) for major agricultural products are fixed by the Government, each year, after taking into account the recommendations of the Commission for Agricultural Costs and Prices (CACP).

For formulating its recommendations, the Commission analyses a wide spectrum of data, covering the costs of cultivation/ production, trends and spread of input use, production and productivity of the crop concerned, market prices, both domestic and global, inter-crop price parity emerging supply-demand situation, procurement and distribution, effects on industrial cost structure, cost of living, general price level and effect on issue prices and implications of subsidy, etc. The basic data are generally collected from the Directorate of Economics and Statistics, State Governments, Central Ministries and the nodal agencies concerned with the implementation of agricultural price policy.

The CACP publishes reports on price policy of different crops regularly and annually. Though these reports/publications are not statistical publications as such; they contain lot of statistical information and analysis. The following latest publications in each of the subject are under print:

- Report on Price Policy for Sugarcane for Marketing season 2008-09.
- Report on Price Policy for Kharif Crops of 2008-09 Season
- Reports on Price Policy for Copra for the 2008-09 Season
- Report on Price Policy for Rabi Crops of 2008-09 Season
- Report on Price Policy for Jute of 2008-09 Season

The statistical staff in position of CACP is as under:

Professional:	1
Intermediate:	4
Primary:	1
Total:	6

1.01.04 Directorate of Marketing and Inspection, Faridabad

Directorate of Marketing and Inspection (DMI) in the Department of Agriculture and Cooperation is mainly responsible for Promotion of Standardization and Grading of Agricultural and allied produce under the provisions of Agricultural Produce (Grading and Marketing) Act, 1937; Marketing Research, Surveys and Planning; Training of Personnel in Agricultural Marketing; Advising States on Regulation and Management of Agricultural Produce Markets; Marketing Extension; Agricultural Marketing Information Networks; Construction of Rural Godowns & Promotion of Cold Storage, and; Development/ Strengthening of Agricultural Marketing Infrastructure, Grading and Standardization.

The Statistical Division in the DMI attends to the work of collection, compilation, processing and analysis of data relating to grading statistics (i.e. Agmark grading of agricultural produce of Domestic Trade and Export, and grading at Producers' Level), Regulated and Wholesale markets in India; etc.

The Grading Statistics is published every year in a Bulletin titled "Agmark Grading Statistics".

The statistical staff in position in DMI is as under:

Professional:	2
Intermediate:	2
Primary:	5
Total:	9

1.01.05 Directorate of Cashewnut and Cocoa Development

The Directorate of Cashewnut Development (DCD) was established in 1966 as a subordinate office of the Ministry of Agriculture with the primary objective of promoting cashew cultivation in the country with an outlook of increasing the production and productivity. Since its inception, DCD has been taking efforts for the overall development of cashew in India. In 1997 the crop of cocoa was also transferred to this Directorate and the organization is renamed as Directorate of Cashewnut and Cocoa Development (DCCD). The development aspect of cocoa is also now looked after by the Directorate.

Since its inception, the Directorate has maintained a data bank on area, production, export, import and price trends along with world scenario of the crops being dealt by it. There exists a 'Crop Information and Publicity Section', headed by Statistical Investigator. The nature of duty of this section is to collect data from various State Government Agencies, Research Institutions and other concerned institutes, and compile the same for onward transmission to Ministry and other agencies as and when needed so as to chalk out future plan of action. The Directorate also works out Demand Projection of each crop by taking into account world demand and consumption data, collected from various agencies.

The Directorate regularly brings out a quarterly journal in English "The Cashew" which contains statistical data on area, production, productivity, export, import and price trends of cashew.

The statistical staff in position in Directorate of Cashewnut and Cocoa Development is as under:

Professional	:	0
Intermediate	:	1
Primary	:	0
Total	:	1

1.01.06 National Oilseeds and Vegetable Oils Development Board

The National Oilseeds and Vegetable Oils Development (NOVOD) Board was constituted in March, 1984 under the National Oilseeds and Vegetable Oils Development Board Act, 1983 as a statutory body for the Integrated Development of Oilseeds and Vegetable Oils Industry in the country. The Department of Agriculture and Cooperation is the administrative department for the NOVOD Board. The apex body consists of 36 members drawn from different organizations headed by the Union Minister of Agriculture as Chairman and the Secretary, Agriculture and Cooperation, Government of India as Vice-Chairman. The Board has its headquarters at Gurgaon, Haryana.

The Board is implementing a Central Sector Scheme 'Integrated Development of Tree Borne Oilseeds (TBOs)' in the entire country for exploring the existing potential and augmenting the future potential of TBOs like sal, mahua, neem, simaroube, karanja, jetropha, jojoba, cheura, wild apricot, walnut and tung etc.

The Economics & Statistics Division is required to assist in compilation of Annual Report of NOVOD Board, maintain/ update NOVOD website, and workout the cost-economics of various TBOs in consultation with oilseeds and projects divisions of the Board.

The statistical staff in position in NOVOD is as under:

Professional	:	1
Intermediate	:	0
Primary	:	0
Total	:	1

1.01.07 Directorate of Rice Development, Patna (Agri & Coop)

The Directorate of Rice Development, a subordinate office of the Department of Agriculture & Co-Operation is responsible to popularize the latest high yielding varieties of rice among the farmers of different rice growing eco-systems in various states of the country, through demonstration trials and also arranging training programmes to impart trainings to the Agriculture Extension Officers (AEO) about the latest improved production technology evolved by the Agriculture Scientist. The AEOs further go to the farmers in their assigned rice growing areas and transfer to them the latest technique and knowledge of improved production technology for increasing productivity and production of rice.

There is no statistical Section/Division in the Directorate. However, there is one Statistical Investigator in the Directorate. It carry out the statistical activities like : collection, compilation, and analysis of State-wise and District-wise data relating to area, production, and yield of rice under High Yielding and Hybrid Varieties; maintenance of records of weekly rainfall data of the Nodal State and report received from Crop Developmental Directorates; preparation of weekly report on State-wise area coverage of rice, area coverage under all crops in respect of Bihar, Jharkhand & Orissa, weather watch report, crop prospects and market price report in respect of rice; etc.

The Directorate brings out the following two statistical publications:

Annual:	Rice in India — A Handbook of Statistics
Adhoc:	Productivity Status of rice during Ninth Plan

Statistical manpower in position in the Directorate is given below:

Professional	:	0
Intermediate	:	0
Primary	:	1
Total	:	1

1.01.08 Horticulture Division

The Horticulture Division is mandated to look after all aspects of horticulture sector, which has emerged as an indispensable part of agriculture, offering a wide range of choice of

crop diversification, sustaining a large number of agro industries which generate employment opportunities. It is concerned with the holistic development of the sector including the availability of planting material, promoting large investments for modern methods of grading, post-harvest management, development of cold chains, etc. India has a substantial area under fruits and vegetables. This division is concerned with the promotion of all aspects of horticulture crops including area and productivity of fruits, vegetables, flowers, spices, plantation, medicinal and aromatic plants and honey.

At present, Horticulture Division has only one post of Adviser (Horticulture Statistics) for strengthening statistical system of this sector. A complete subordinate structure is yet to be established. The main activity is to create horticulture data base, for which the State Horticulture Departments are requested to send data on area and production of horticulture crops. Such data are provided by the State Horticulture Departments which varies substantially in terms of presentation and content, based on the development of horticulture statistics in the State. Data are reported by States to National Horticulture Board (NHB) which is forwarded to this division. Data received from the States is examined and validated before release for official use, after approval of Review Committee under the Chairmanship of Principal Adviser of this Department. This Division aims to create Horticulture Information System in the States and Centre for flow of timely, consistent and reliable horticulture data.

The NHB brings out an annual publication entitled “Indian Horticulture Database”. Issue for the year 2008 of this publication has been released. This division release horticulture data on area and production for official use.

Statistical staff in position in the Division is as follows:

Professional	:	1
Intermediate	:	0
Primary	:	0

1.02 Department of Animal Husbandry, Dairying and Fisheries (DADF)

The Department of Animal Husbandry, Dairying & Fisheries (DADF) came into existence w.e.f. 1st February, 1991, by converting two divisions of the Department of Agriculture and Cooperation namely Animal Husbandry and Dairy Development into a separate Department. The Fisheries Division of the Department of Agriculture and Cooperation and a part of the Ministry of Food Processing Industries were later transferred to this Department w.e.f. 10th October, 1997. The Department is responsible for matters relating to livestock production, preservation, protection from disease and improvement of stocks and dairy development, and also for matters relating to the Delhi Milk Scheme and the National Dairy Development Board. It also looks after all matters pertaining to fishing and fisheries, inland and marine.

The statistical activities of the Department are carried in its two major divisions namely Animal Husbandry Statistics Division and Fisheries Division. The Animal Husbandry Statistics

Division implements three schemes namely Integrated Sample Surveys for Estimation of major Livestock Products, Livestock Census and Livestock Insurance. While the first two schemes are central sector schemes and the last scheme is the Centrally Sponsored scheme.

The Animal Husbandry Statistics Division of the Department conducts Integrated Sample Surveys to estimate productions of major livestock products viz. milk, egg, meat and wool. It also collects other livestock statistics through interaction with State Governments and other Central departments/ organizations concerned with development of the Livestock Sector. Major Livestock products like milk, eggs, meat & wool are estimated on the basis of sample surveys being conducted throughout the year under the Central Scheme “Integrated Sample Survey for the Estimation of Major Livestock Products”. All the States and Union Territories are implementing the scheme. Surveys are done throughout India and round the year, whereas data are collected generally by camping in the sampled villages.

The Livestock Census, which gives livestock population of different species, earlier conducted quinquennially by the Directorate of Economics and Statistics in the Department of Agriculture and Cooperation, Ministry of Agriculture with the help of different agencies in States/UTs, has been transferred to Department of Animal Husbandry & Dairying, Ministry of Agriculture from the 17th Livestock Census conducted in October 2003. The 18th Livestock Census was conducted in October 2007 in major parts of the country and the processing of data is in progress.

The Fisheries Statistics Division of the Department deals with all matters concerning fisheries statistics like collection, compilation, analysis and publication of fish production, fish exports etc. The Division implements a central sector scheme on “Strengthening of Database and Information Networking for the Fisheries Sector” with the following objectives:

- To improve the database of inland and marine fisheries resources and catch of fish by adoption of standardized methodology of data collection through sample survey for estimation of inland fisheries resources like ponds and tanks, lakes and reservoirs, rivers, lagoons, estuaries, etc. and inland as well as marine fish catch in all the States/UTs.
- To improve Information Technology System in the States/UT’s as well as National level Fishery Institutes so that data collection and their analysis can be done efficiently and effectively.
- To conduct census of Inland as well as Marine Fisheries.

The statistical publications brought out by the Department are:

- Basic Animal Husbandry Statistics
- All India Summary Reports of Livestock Census; State Reports; UT Reports

The statistical staff in position in Department of Animal Husbandry, Dairying and Fisheries is as under;

Professional	:	12
Intermediate	:	3
Primary	:	6
Total	:	21

1.02.01 Coastal Aquaculture Authority

The Coastal Aquaculture Authority is a subordinate office of the Department of Animal Husbandry, Dairying and Fisheries responsible for regulating the activities connected with coastal aquaculture in coastal areas and matters connected therewith or incidental thereto. It is mandated to take all such measures as it deems necessary or expedient for regulation of coastal aquaculture by prescribing guidelines, to ensure that coastal aquaculture does not cause any detriment to the coastal environment and the concept of responsible coastal aquaculture shall be followed in regulating coastal aquaculture activities to protect the livelihood of various sections of people living in the coastal areas.

There is no statistical set up in the “Authority”.

1.03 Department of Agricultural Research and Education (DARE)

The Department of Agricultural Research and Education (DARE) was established in the Ministry of Agriculture in December 1973 with the objective of promoting agricultural research and education in the country. The Department is also the nodal agency for international cooperation in the area of agricultural research and education in India. The DARE provides the necessary Government linkages for the Indian Council of Agricultural Research (ICAR), the premier research organization with a scientific strength of over 600, with a countrywide network of institutions.

The Indian Council of Agricultural Research is an apex organization at the national level for promoting Science and Technology Programmes in the agricultural research and education. It was set up on 16 July 1929 as the Registered Society under the Societies Registration Act 1860, on the recommendations of the Royal Commission of Agriculture. It was reorganized twice, in 1965 and 1973.

The Research set-up of the ICAR includes 48 Institutes, 5 National Bureau, 12 Project Directorates, 32 National Research Centres, and 62 All-India Co-ordinated Research Projects.

Although DARE has no statistical set up of its own, some of the organizations under ICAR carry out statistical activities and have a statistical set up.

1.03.01 Central Rice Research Institute, Cuttack, Orissa

The Institute was established by Government of India in 1946 at Cuttack under the administrative control of Indian Council of Agricultural Research primarily to conduct basic, applied and adaptive research on crop improvement and resource management for increasing

and stabilizing rice productivity. At present the Institute has five divisions namely; Crop Improvement, Crop Production, Crop Protection, Biochemistry, Plant Physiology & environmental sciences and Social Sciences, Extension, Communication & Training with two substations (one at Hazaribagh, Jharkhand and one at Gerua, Assam) and two Krishi Vigyan Kendras (KVKs) of which one is operational at Cuttack and the other at Hazaribagh, Jharkhand.

The Statistics Section is service oriented unit to provide statistical input such as laying out the experimental designs, analysis and their interpretations to research workers of the Institute. This Section also imparts knowledge based training on statistical aspects to scientists and subject matter specialists as and when required.

As the Section is purely service oriented, no publications are brought out either on regular basis or on ad-hoc basis.

The statistical staff in position at CRRI is as under:

Professional	:	1
Intermediate	:	0
Primary	:	1
Total	:	2

1.03.02 Indian Institute of Horticulture Research, Bangalore

The Indian Institute of Horticulture Research is responsible for undertaking basic and applied research for developing strategies to enhance productivity and utilization of tropical and sub-tropical horticultural crops viz. fruits, vegetables, ornamentals, medicinal and aromatic and mushrooms and acts as a centre for training for upgradation of scientific manpower in modern technologies for horticultural production. There are 12 broad research divisions in the Institute and three experimental stations with one Krishi Vigyan Kendra (KVK). Statistics lab is covered under the section of Economics and Statistics in the division of Extension & Training.

The Economic and Statistics Section undertakes basic and applied research in the field of agricultural statistics as applied to horticultural crops and provide statistical consultancy to all the Institute's research projects. Statistical consultancy to Institutes projects include, planning, analysis and interpretation of in-house research projects in different fields of horticulture and allied subjects; statistical research assistance in externally funded projects being operative from Institute; planning, analysis and interpretation of Ph.D. student's (attached with Institute Scientists) research work; statistical training program for Institute scientists in handling day-to-day statistical tools in their research project analysis; assistance to M.Sc and Ph.D students of University of Agricultural Sciences, Bangalore as a teaching faculty, inter-institute collaboration with Central Silk Board, Bangalore for imparting statistical training program; etc.

No statistical publications are brought out by the Indian Institute of Horticultural Research on regular basis.

The statistical staff in position in the Indian Institute of Horticultural Research is as under:

Professional	:	1
Intermediate	:	2
Primary	:	0
Total	:	3

1.03.03 Central Research Institute for Dryland Agriculture, Hyderabad

The Central Research Institute for Dryland Agriculture (CRIDA), undertakes basic and applied research that contributes to the development of strategies for sustainable farming system in the rainfed areas; acts as a repository of information on rainfed agriculture in the country, and; provides leadership and coordinate network research with the State Agricultural Universities for generating location specific technologies for rainfed areas.

There is no Statistical Unit/Division/Section in the CRIDA. However, since the inception of CRIDA, there is a Section called 'Section of Design & Analysis'. Generally, scientists of Agricultural Statistics in CRIDA work in this Section. They do basic and strategic research in Agricultural Statistics to rainfed agriculture. They do provide consultancy in planning the research experiments and guide in statistical analysis of the data derived from such experiments/ sample surveys of the scientists in other disciplines of the Institute.

No statistical publications are brought out by the Institute.

The statistical staff in position in the CRIDA is as under:

Professional	:	1
Intermediate	:	1
Primary	:	0
Total	:	2

1.03.04 Central Inland Fisheries Research Institute, Barrackpore, West Bengal

The Central Inland Fisheries Research Institute (CIFRI) is the oldest premier research institute established in 1947. The Institute was reorganized by ICAR in 1987 with research in open water fishery management as its main mandate. Main objective of the Institute is to conduct investigation for a proper appraisal of inland fisheries resources of the country and to evolve suitable methods for their conservation and optimum utilization.

Institute has head quarter at Barrackpore with four regional centres located at Allahabad, Bangalore, Vadodra and Guwahati. The Institute has three divisions namely, **Fisheries Resource and Environment Management, Riverine Ecology and Fisheries and Reservoir & Wetland Fisheries.**

Out of total sanctioned cadre strength of 95 scientist in the Institute, it has a cadre of seven scientists in agricultural statistics who are associated with different division, providing support back up to specific projects in **development of methodologies for estimation of resource**

and catch, survey of the resources using modern techniques, statistical analysis and interpretation of data collected under research projects, specifically on ecological parameters; fish population dynamics; and other related studies, and; development of fish population models.

No statistical publications are brought out by the Institute. However, a number of special bulletins on development of methodology for estimation of fish catch from inland water resources and their application have been brought out by the Institute.

The statistical staff in position in CIFRI is as under:

Professional	:	4
Intermediate	:	2
Primary	:	5
Total	:	11

1.03.05 Indian Agricultural Statistics Research Institute, New Delhi

The Indian Agricultural Statistics Research Institute (IASRI) is mainly responsible for conducting basic, applied and adaptive research in agricultural statistics and computer application; developing trained manpower and to dissemination of knowledge and information produced, so as to meet the methodological challenges of agricultural research, and, to improve the quality of agricultural research in the country. The Institute is also becoming progressively a repository of information on agricultural research data and has taken a lead in the country in developing a data warehouse on agricultural research. The Institute also occupies a place of pride in the National Agricultural Statistics System and has made several important contributions in the strengthening of the National Agricultural Statistics System, which has a direct impact on the national policies.

The Institute had been earlier organizing four professional courses in statistics namely Professional Statisticians' Certificate Course (PSCC), Senior Certificate Course (SCC), Junior Certificate Course (JCC) and Post Graduate Diploma in Agricultural Statistics. The PSCC and SCC courses were of one year duration while JCC was of six months duration. The Post Graduate Diploma Course was of one year duration, in which the students were required to conduct research for one year. These courses were providing a linkage of the Institute with State Departments of Agriculture and Animal Husbandry. Due to various reasons, these courses were discontinued. Later on, in view of growing demand from various quarters, the Institute revived the Senior Certificate Course in 'Agricultural Statistics and Computing' in 1997 with appropriate changes in the course curriculum in Agricultural Statistics with adequate exposure of Computer Application.

The Institute has following six Divisions, two Units and three Cells to undertake research, training, consultancy, documentation and dissemination of scientific output.

Divisions

- i. Sample Survey
- ii. Design of Experiments

- iii. Biometrics
- iv. Forecasting Techniques
- v. Econometrics
- vi. Computer Applications

Units

- a) Research Co-ordination and Management Unit (RCMU)
- b) Institute Technology Management Unit (ITMU)

Cells

- (a) Training Administration Cell (TAC)
- (b) Consultancy Processing Cell (CPC)
- (c) Planning, Monitoring and Evaluation Cell (PMEC)

The statistical publications brought out by the Institute are:

Annual:

- Data Book
- Proceedings of National Conferences of Agricultural Research Statisticians (brought out once in three years)

The statistical staff in position in IASRI is as under:

Professional	:	88
Intermediate	:	98
Primary	:	10
Total	:	196

1.03.06 Sugarcane Breeding Institute, Coimbatore

Sugarcane Breeding Institute, Coimbatore, one of the pioneering breeding institutes in the world, was established in 1912, with the main objective of evolving superior varieties of sugarcane suitable for various agro climatic zones in India. Indian varieties are being grown and used as breeding stocks in 26 other countries in the world as well. In addition to the major role as the source of improved varieties for the nation, the Institute also conducts research in the areas of crop production and crop protection.

The Statistics Unit of the Institute was originally established in February 1972 with a Junior Statistician and Senior Research Assistant under the Crop Improvement Division. Currently the Unit is an independent Section and has one Principal Scientist (Statistics) and One Scientist (Agricultural Economics). There are 2 technical officers. The Statistics Section is mainly responsible for taking up independent research projects related to evaluation of released sugarcane varieties and on cost of cultivation aspects; carrying out analysis of data emanating from the research projects of various divisions / sections and also the All India Coordinated

Research Projects (Sugarcane) and related consultancy for experimentation and analysis; maintaining database on sugarcane genetic resources and parents of superior clones evolved over the past several years; developing need-based application programme for data analysis and database management; and maintaining the ARIS (Agricultural Research Information System) and the Institute web site.

No publications are brought out by the Statistics Section of the Institute.

The statistical staff in position in Sugarcane Breeding Institute is as under:

Professional	:	2
Intermediate	:	2
Primary	:	0
Total	:	4

1.03.07 National Bureau of Fish Genetic Resources, Lucknow, U.P.

The National Bureau of Fish Genetic Resources (NBFGR) was established in December 1983 at Allahabad under Indian Council of Agricultural Research to undertake research related to the conservation of fish germplasm resources of the country. Later, the Bureau shifted to Lucknow, Uttar Pradesh in 1999. At present apart from its headquarter at Lucknow, it has two research units at Chinahat, Lucknow and CMFRI, Cochin, Kerala.

No separate Statistical Section /Division/ Unit is functioning in the Institute. Only one Scientist (Agriculture Statistics) is in position, working in Fish Taxonomy and Resource Division. He provides consultancy and advisory services to plan, design and analysis work relating to research projects of NBFGR and data generated. He also plan and execute the research projects in the area of the fish conservation, management and legislations.

No statistical publications are brought out by the National Bureau of Fish Genetic Resources.

The statistical staff in position in the National Bureau of Fish Genetic Resources is as under:

Professional	:	1
Intermediate	:	0
Primary	:	0
Total	:	1

1.03.08 National Academy of Agricultural Research Management, Hyderabad

The National Academy of Agricultural Research Management (NARS) is primarily responsible for developing learning resources and systems; research in agricultural innovation systems, policies and management; facilitating organizational renewal and management of change, and; provides techniques, technology and information to facilitate policy support to apex agencies.

Statistics discipline is a part of Information and Communication Management (ICM) Division. The scientists and technical staff of statistics discipline extends support to other scientists in statistical data analysis; giving training in using statistical software packages to the foundation course scientist trainees and in general to the scientists and faculty of NARS and developing GIS based applications in agriculture, using statistical methods.

No statistical publications are brought out by the National Academy of Agricultural Research Management.

The statistical staff in position in the NARS is as under:

Professional	:	2
Intermediate	:	1
Primary	:	1
Total	:	4

1.03.09 Directorate of Oilseeds Research, Hyderabad

The Directorate of Oilseeds Research (DOR) is a national organization under the aegis of the Crop Science Division of Indian Council of Agricultural Research, New Delhi. It has the responsibility to plan, coordinate and execute the research programmes to augment the production and productivity of sunflower, safflower and castor.

The Statistical Unit under Social Sciences Section of DOR, manned by the Statisticians, carries out the research projects. They assist the scientists of other disciplines of this directorate in suggesting about the design of the experimental trials and analyzing the data statistically. They also do the statistical analysis of the data received from the cooperating centres under AICRP, Sunflower, Safflower and Castor for inclusion in the Annual Progress Reports. Statistics oriented projects such as biometrical approach to develop castor core collection; development of indices for yield and stability in selection of castor cultivars; tracing of Pedigree and statistical parameters; determination of size and shape of plots in castor, sunflower and safflower and compilation, statistical analysis and tabulation of the multilocal AICRP data of breeding, Agronomy, Entomology and Pathology trials for three mandate crops viz., castor, sunflower and safflower, are also carried out by the Statistical Unit.

No specific statistical publications are brought out by the Directorate. However, the statisticians of the institute contribute research paper on statistical analysis in different journals and periodicals.

The statistical staff in position in the Directorate of Oilseeds Research is as under:

Professional	:	2
Intermediate	:	0
Primary	:	0
Total	:	2

1.03.10 Indian Veterinary Research Institute, Izatnagar, UP

The Indian Veterinary Research Institute (IVRI), Izatnagar founded in 1889, is one of the premier institutions in veterinary and animal sciences in the world and the oldest among the institutions governed by the Indian Council of Agricultural Research. Besides the main campus, three regional stations at Kolkata, Palampur and Srinagar and two full-fledged campuses at Mukteshwar in Uttaranchal and Bangalore in Karnataka are the other functional units of the Institute dedicated to livestock research and development.

The Institute is primarily responsible for conducting research, providing Post Graduate education and transfer of the technology in all areas of animal sciences with emphasis on animal health and production. It also acts as a national referral centre for veterinary type culture, disease diagnosis, biological immunodiagnosics, etc.

The Division of Livestock Economics & Statistics, which was a Central Statistical Section in 1957-58, gained its importance over the period of time and became a full-fledged Division in 2004. The Division consists of three main Sections, namely (i) Livestock Economics & Marketing; (ii) Bio-Statistics; and (iii) Computer and Livestock Information Technology for smooth functioning of the Division. The role and functions of the Division are to conduct research, Post-Graduate education and transfer of techniques in the field of Bio-Statistics, Livestock Economics, Information Technology and Electronic Data Processing applicable to animal sciences. The Division also provides statistical advice and help to different Post-Graduate and Divisional research projects of the Institute besides developing statistical methodologies suitable to animal husbandry and animal health.

A publication 'Data Book on Livestock Statistics' is published every year from 2007, which contains information pertaining to livestock sector.

The statistical staff in position in the Indian Veterinary Research Institute is as under:

Professional	:	6
Intermediate	:	5
Primary	:	2
Total	:	13

1.03.11 Central Plantation Crops Research Institute, Kasargod, Kerala

The Central Plantation Crops Research Institute (CPCRI) is responsible for developing appropriate production, protection and processing technologies for coconut, arecanut and cocoa through basic and applied research; producing parental lines and breeder's stock, and; developing improved palm based cropping/ farming systems. The Institute also acts as a national repository for the genetic resources of these crops. It collects, collate and disseminate information on the mandate crops, co-ordinate research on the mandate crops, and transfer of technologies, developed at CPCRI, to the farmers.

CPCRI has a Statistical Section at its Headquarters at Kasaragod, Kerala; and at two of

its Regional Stations at Kayangulam (Kerala) and Vital (Karnataka). The Statistical Section functions as part of the Social Sciences Division. The Scientist and Technical Officers in the Statistics Section are involved in planning of experiments, analysis of data and offer consultancy of scientists of other sections. The key functions of the Statistics Section of the Institute are planning of field and laboratory experiments; analysis of experimental data; undertake pilot scale surveys for forecasting of coconut production; conducting sample surveys for estimating yield loss due to pests and diseases; maintenance of data-base on crop statistics as well as information system on farming / processing technologies; consultancy for external agencies; training programme on statistical data analysis; guiding Post-Graduate students of Kanpur University and Mangalore University, and academic collaboration with neighbouring Universities and State Agricultural Universities.

No periodic publication is brought out by the Section. However, the Statisticians of the Sections bring Technical Bulletin and papers in journals.

The statistical staff in position in the Central Plantation Crops Research Institute is as under:

Professional	:	3
Intermediate	:	2
Primary	:	0
Total	:	5

1.03.12 National Bureau of Plant Genetic Resources, New Delhi

The National Bureau of Plant Genetic Resources (NBPGR) is an organization of ICAR responsible for planning, organizing and coordinating exploration and collection of indigenous and exotic plant genetic resources; undertaking introduction, exchange and quarantine of plant genetic resources; characterizing, evaluating, documenting and conserving crop genetic resources and promoting their use; conducting research, undertaking teaching and training, developing guidance and creating public awareness on plant genetic resources; etc.

The statistical activities of the Bureau are carried out in the Division of Germplasm Evaluation, and all the statistical personnel are part of this Division. The statistical section of the Bureau carries out analysis for the evaluated plant germplasm trail data; suggest the layout for the plant germplasm evaluation trail; conducts statistical studies in the plant germplasm conservation & management; etc.

The Bureau brings out an annual publication, named Annual Report of the Evaluation of the Agri-horticultural Crops.

The statistical staff in position in the Bureau is as under:

Professional	:	3
Intermediate	:	-
Primary	:	-
Total	:	3

2. MINISTRY OF CHEMICAL AND FERTILIZERS

The Ministry of Chemicals and Fertilizers is the administrative Ministry of three departments namely Department of Chemicals and Petrochemicals, Department of Fertilizers, and Department of Pharmaceuticals.

2.01 Department of Chemicals & Petrochemicals

The Department of Chemicals and Petrochemicals is broadly responsible for formulating and implementing policies and programmes for achieving growth and development of the chemicals and petrochemical sectors in the country. The Department has the mandate to deal with all organic and inorganic chemicals, Dyestuffs and Dye Intermediates, Bhopal Gas Leak Disaster-Special Laws relating thereto; Petrochemicals, Planning, Development and control of, and assistance to, all industries being dealt with by the Department; Synthetic Rubber; and Plastics including fabrications of plastic and molded goods.

2.02 Department of Pharmaceuticals

A separate Department of Pharmaceuticals within the Ministry of Chemicals & Fertilizers was created in July 2008, to provide greater focus the pharmaceuticals industry. The Department is responsible for promotion and co-ordination of basic, applied and other research in areas related to the pharmaceuticals sector; development of infrastructure, manpower and skills for the pharmaceuticals sector and management of related information; education and training including high end research and grant of fellowships in India and abroad, exchange of information and technical guidance on all matters relating to pharmaceutical sector; international cooperation in pharmaceutical research; technical support for dealing with national hazards in pharmaceutical sector. and; all matters relating to National Pharmaceuticals Pricing Authority including related functions of price control/monitoring.

The 'Statistics and Monitoring Division' that existed in the undivided Department of Chemicals and Petrochemicals caters to statistical functions and statistical activities of the two departments' viz Department of Chemicals and Petrochemicals, and Department of Pharmaceuticals. In addition, it substantially takes care of statistical functions and activities of National Pharmaceuticals Pricing Authority. The Division is engaged in the monitoring of various important chemicals, petrochemical and pharmaceutical products. Production data relating to chemicals and petrochemical is submitted voluntarily by various chemicals and petrochemical producing companies in the organized sector every month in the prescribed proforma. The data so received is compiled, collated and analyzed. National Pharmaceutical Pricing Authority, an attached office of the Department of Pharmaceuticals is responsible for monitoring the production data of 96 bulk drugs classified in 21 broad categories. The functions of the Division includes undertaking the first ever Pharmaceutical Census of India; enforcing statistical standards, norms, data quality; analyzing state-specific reports on issues concerning the Department and preparing analytical reports; bringing out the first ever Pharmaceutical Directory of India; tracking & analyzing price movements, international trade of Chemicals,

Petrochemicals & Pharmaceuticals, and; analyzing international trade of Chemicals, Petrochemicals & Pharmaceuticals.

The statistical publications brought out by the Department are:

- Performance of Chemicals & Petrochemicals Industry at a Glance
- Directory of Pharmaceutical Manufacturing Units in India

The statistical manpower in position in both the Departments as well as NPPA is given below:

Professional	:	1
Intermediate	:	1
Primary	:	4
Total	:	6

2.03 Department of Fertilizer

The Department of Fertilizer in the Ministry of Chemical and Fertilizer is mainly responsible for formulating medium and long term fertilizer policy; planning for fertilizer production domestically and import of controlled fertilizers; administration of financial concessions/support for controlled and decontrolled fertilizers including periodic revision in retention price of urea, concession rate for decontrolled fertilizers and costing/pricing of such fertilizers; administration of fertilizers (Movement and Control) Order, 1973, planning presentation and the usage of bio-fertilizers, micro-nutrient and organic manure/municipal waste in the country, and; administrative responsibility of public enterprises and cooperative sector undertakings in the fertilizer sector.

The Monitoring and Evaluation Division in the Department of Fertilizer is primarily responsible for economic and statistical activities. Another Division viz. Production and Import, dealing with the production data of various types of fertilizers produced by the fertilizer Companies/Cooperative and Imports, also maintain statistics on various aspects.

For the first time the Department has brought out a publication namely "Indian Fertilizer Scenario 2008" which includes statistical information about demand, production, import and consumption of various types of Fertilizers.

The statistical manpower in position in Department of Fertilizer is as follows:

Professional	:	2
Intermediate	:	1
Primary	:	-
Total	:	3

3. MINISTRY OF CIVIL AVIATION

Ministry of Civil Aviation is the nodal Ministry responsible for the formulation of national policies and programmes for development and regulation of Civil Aviation, and for devising and implementing schemes for the orderly growth and expansion of civil air transport. Its functions also extend to overseeing airport facilities, air traffic services and carriage of passengers and goods by air. The Ministry also administers implementation of the Aircraft Act, 1934 and is administratively responsible for the Commission of Railways Safety, a statutory body set up under The Indian Railways Act.

3.00.01 Directorate General of Civil Aviation

Directorate General of Civil Aviation (DGCA), an attached office under Ministry of Civil Aviation, is responsible for safety oversight system in the civil aviation sector besides promoting safe and efficient Air Transportation through regulation and also has international obligation to International Civil Aviation Organisation (ICAO). Besides these functions in the field of civil aviation, DGCA is also mandated to maintain the Civil Aviation Statistics at the national level and also furnishing periodic returns to ICAO.

Statistical Division of the Director General of Civil Aviation is headed by a Junior Administrative Grade officer of Indian Statistical Service (ISS) is assisted by four ISS Officers (each two posts of STS and JTS) and four SSS officers (each two post of Grade II/I and II/IV). Statistical Division functions under the Air Transport-II. Directorate General is responsible for maintaining civil aviation traffic statistics at national level. Besides this, Statistical Division is furnishing data on various aspects, relating to civil aviation statistics to the Ministry of Civil Aviation.

Statistical Division of the Director General of Civil Aviation is responsible for maintaining civil aviation traffic statistics. This Division collects data pertaining to Civil Aviation from various sources viz. Air India, Air India Express, Indian Airlines, alliance, Private Operators, Foreign Airlines, Non-Scheduled Operators, Scheduled/Ad hoc Cargo Operators and various airports managed by Airport Authority of India. The data thus collected are compiled and processed and are then published annually in a publication entitled "India Air Transport Statistics".

This division publishes an annual publication entitled "India Air Transport Statistics". The main objective of "India Air Transport Statistics" is to provide a clear picture of the performance of air traffic in India and to study trends thereof. The publication includes traffic statistics in respect of scheduled and non-scheduled air services of domestic as well as foreign carriers, detailed information on fleet strength, aircraft utilization, staff strength, financial results of Air India, Indian Airlines and Airport statistics for both international and domestic airports. Further, it includes statistics in respect of international traffic to/from India to various countries, domestic traffic carried by scheduled, non-scheduled and air taxi operators and traffic carried on tourist charter flights and flights operated under Open Sky Policy for all-cargo services.

The statistical manpower in position in the Director General of Civil Aviation is as follow:

Professional	:	5
Intermediate	:	4
Primary	:	0
Total	:	9

3.00.02 Bureau of Civil Aviation Security

The Bureau of Civil Aviation Security, an attached office of the Ministry of Civil Aviation, is responsible for laying down the standards for pre-embarkation security and anti sabotage measures in respect of civil flights and ensuring their compliance through regular inspection and security audits. The aim of BSAS is to safeguard Civil Aviation operations against unlawful interference.

The Bureau does not have any statistical set-up/manpower.

3.00.03 Airports Authority of India

Airports Authority of India (AAI) was constituted by an Act of Parliament and came into being on 1st April, 1995 by merging erstwhile National Airports Authority and International Airports Authority of India. It is mainly responsible for:

- Control and management of the Indian airspace extending beyond the territorial limits of the country, as accepted by ICAO.
- Design, Development, Operation and Maintenance of International and Domestic Airports and Civil Enclaves;
- Construction, Modification and Management of Passenger Terminals;
- Development and Management of Cargo Terminals at International and Domestic Airports;
- Provision of Passenger facilities and Information System at the passenger Terminals at airports;
- Expansion and strengthening of operation area viz. Runways, Aprons, Taxiway, etc.;
- Provision of Visual aids; and
- Provision of Communication and Navigational aids viz. ILS, DVOR, DME, Radar, etc.

Statistical Unit of Airport Authority of India, called as Directorate of Corporate Planning and Management Services (CP&MS), is headed by an Executive Director. The Directorate has statistical units at all four Metro Airports viz: Mumbai, Delhi, Chennai, and Kolkata and also at Trivandrum Airport. The statistical activities of the Directorate include collection, analysis, interpretation and publication of Air Traffic Statistics in respect of Air Craft Movement,

Passengers and Freight for 16 International Air Ports, 8 Custom Airports and 109 domestic airports in India; conducting various system studies such as economic planning, corporate planning, statistical surveys from time to time; preparing short term indicators and long term air traffic forecast; conducting Origin-Destination surveys, traffic potential studies for expansion of the existing Airports and for development of green field Airports, customer satisfaction surveys, opinion surveys and operation research studies; and conducting Global Monitoring Surveys in association with ACI for bench marking of Indian Airports (Chennai and Kolkata Airports) against 94 International terminals and 62 domestic terminals of foreign Airports.

The Directorate brings out the following publications:

Monthly:	Traffic Reporter
Quarterly:	Quarterly Review of Air Traffic
Annual:	Review of Traffic at AAI Airports of India

The statistical manpower in position in the Authority is as follows:

Professional	:	6
Intermediate	:	6
Primary	:	2
Total	:	14

4. MINISTRY OF COAL

The Ministry of Coal (MoC) is having overall responsibility in all matters of exploration and development of coal and lignite reserves, coal production, supply, distribution, pricing of coal, collection of coal and coal products data and dissemination of coal, lignite and washery statistics.

The Office of the Coal Controller is responsible for all work related to Coal Statistics under MoC. The mandate of Coal Controller is to permit the opening of coal and lignite mines in the country, to collect excise duty from collieries, to provide assistance to coal companies for taking necessary measures for conservation of coal and developing infrastructural facilities in coal field areas, monitoring the progress in captive blocks, to collect and disseminate coal (including washery) statistics of the country.

Statistics Division in the Coal Controller's Organization (CCO) is located at CCO HQ at Kolkata. Major statistical activities of Statistical Division are collection, compilation, analysis and dissemination of Coal Statistics; construction of Index of Coal Production, undertaking Annual Survey of Coal Industry to assess the coal consumption and stock at pithead, maintaining washery statistics, Monitoring of Captive 'Coal and lignite blocks', scrutiny of IEM of SIA of DIPP of M/o Commerce & Industry particularly the source of coal for the company and also updating the washery database from, IEM once it gets approved.

Statistical Division brings out following regular as well as ad-hoc publications:

Monthly:	Monthly Coal Statistics
Annual:	Annual Provisional Coal Statistics
	Annual Coal Directory of India

The statistical manpower in position in Statistical Division of Coal controller is as follows:

Professional	...	2
Intermediate	...	3
Primary	...	16
Total	...	21

5. MINISTRY OF COMMERCE AND INDUSTRY

Ministry of Commerce and Industry is the administrative Ministry for two departments viz. Department of Industrial Policy and Promotion, and Department of Commerce.

5.01 Department of Industrial Policy and Promotion

The Department of Industrial Policy & Promotion (DIPP) under the administrative control of Ministry of Commerce & Industry is mainly responsible for facilitating investment and technology flows and monitoring industrial development. The main functions of the DIPP are formulation and implementation of industrial policy and strategies for industrial development; monitoring industrial growth; formulation of policies relating to Intellectual Property Rights in the fields of Patents, Trademarks, Industrial Designs and Geographical Indications of Goods and administration of rules and regulations; formulation & facilitation of Foreign Direct Investment (FDI) policy; encouragement of foreign technology collaborations; administration of Industries (Development & Regulation) Act; etc.

The Main Statistical activities in the Department of Industrial Policy & Promotion are handled by the Industrial Statistics Unit of DIPP, and the Wholesale Price Index Division of the Office of Economic Adviser.

The Industrial Statistics Unit (ISU) of the Department of Industrial Policy and Promotion (DIPP) is the nodal agency for collection, compilation and analysis of industrial production data which is essential for assessing the growth of industries, as envisaged in the Industrial Policy. The Unit has been maintaining data base on production statistics relating to all the industries in the organised sector covered under the Industries (Development and Regulation) Act, 1951. Details on capacity & annual targets of production, quantity and value of production, employment etc. also collected every month. The authority for collection of data is derived from the Industries (Development and Regulation) Act, 1951 and Scheduled Industries (Submission of Production Returns) Rules, 1979 and accordingly every manufacturing industry in the non-SSI sector is required to submit production returns every month by a stipulated date. DIPP provides production data to the CSO for the purpose of compilation of the monthly Index of Industrial Production (IIP).

The statistical manpower of Industrial statistics Unit of DIPP is as follows:

Professional	:	2
Intermediate	:	1
Primary	:	5
Total	:	8

5.01.01 Office of the Economic Adviser to GOI

The Wholesale Price Index Division of the Office of the Economic Adviser is responsible for compilation and publication for Wholesale Price Index (WPI) on weekly, monthly and yearly basis. Collection, scrutiny and entry of data for Index of Industrial Production is done by Office

of Economic Adviser. The office also compiles and publishes data for “Handbook of Industrial Policy and statistics”. An advance indicator of industrial activity is brought out as the monthly report on six infrastructure industries, viz, Crude Petroleum, Petroleum Refinery Products, coal, electricity, Cement and finished Steel. The office also brings out the Monthly Economic Scenario, Select Key Indicators of Industrial Performance and Manufacturing Sector in India’s Foreign Trade.

Following publications are brought out by the Statistical Unit/WPI Division of DIPP:

Weekly:

- Wholesale Price Index

Monthly:

- Monthly Economic Scenario, Select Key Indicators of Industrial Performance and Manufacturing Sector in India’s Foreign Trade

Annual:

- Handbook of Industrial Policy and Statistics
Time Series data on WPI (released on the website)

Statistical Manpower in position, in Office of the Economic Adviser is as follows:

Professional	:	2
Intermediate	:	3
Primary	:	2
Total	:	7

5.01.02 Office of Controller General, Patents, Designs and Trade Marks (known as Intellectual Property Office-IPO)

The office of CGPDTM (known as Intellectual Property Office-IPO) is a subordinate office under the Ministry of Commerce & Industry, Department of Industrial Promotion & Policy. The O/O CGPDTM administrate offices namely Patents, Designs, Trademarks and Geographical Indications Registry (G.I.) and PIS/NIIPM.

The Indian Intellectual Property Office is dedicated to mobilize the use of intellectual property for economic and social development by creating an IP culture and enhancing knowledge & competencies synchronizing with the global environment. The Patent office administers the law concerning protection of inventions in the country by way of grant of patent for a limited period of time to the applicants. The Trademarks registry role is for registration of brand names and service marks. The objective of trade mark legislation is to provide better protection of trade marks for goods and services and prevention of the use of fraudulent marks on merchandise marks in the country.

The office of CGPDTM does not have dedicated statistical section/division/unit. No establishment has been made in the O/o CGPDTM for statistical data related activities. Statistical work is presently carried out by technical officers at Patent Office, Kolkata as an additional work. Patent office Kolkata compiles all the information related to Patents, Designs, TMR and GIR from all 11 offices.

There is no statistical manpower in the O/O CGPDTM.

5.02 Department of Commerce

The Department of Commerce under the Ministry of Commerce and Industry is responsible for regulation, development and promotion of India's international trade and commerce through formulation of appropriate international trade & commercial policy, and implementation of the various provisions thereof. The basic role of the Department is to facilitate the creation of an enabling environment and infrastructure for accelerated growth of international trade. The Department formulates, implements and monitors the Foreign Trade Policy which provides the basic framework of policy and strategy to be followed for promoting exports and trade. Besides, the Department is also entrusted with responsibilities relating to multilateral and bilateral commercial relations, Special Economic Zones, state trading, export promotion & trade facilitation, and development and regulation of certain export oriented industries and commodities.

5.02.01 Directorate General of Foreign Trade

Directorate of General of Foreign Trade (DGFT) is an attached office of Department of Commerce which functions under the charge of Director General of Foreign Trade. Under its jurisdiction, there are four Zonal Offices at Delhi, Mumbai, Kolkata and Chennai headed by Zonal Joint Director Generals of Foreign Trade. The DGFT has also a network of 35 Regional Offices spread throughout the length and breadth of the country. The DGFT's mandate is to formulate and implement foreign trade policy of the Government and to issue various notifications to this effect for delivery of efficient and quality services to exporters/importers. Apart from formulation of EXIM policy, DGFT also issue various types of Authorization to exporters and monitor their corresponding obligations. DGFT's Zonal/Regional Offices provide facilitation to exporters in regard to developments in the area of international trade i.e. WTO Agreements, Rules of Origin and SPS requirements, Anti-dumping issues etc. to help the exporters to strategize their imports and export decisions in an internationally dynamic environment.

The Statistics Division of DGFT is entrusted with the task of maintaining and analyzing statistics relating to trade and different export promotion and duty naturalization schemes, providing related information to other Ministries and users organizations etc. collating and analyzing of statistical data on import/export of various items, supplying/furnishing of data on India's imports/exports and sensitive item to different Ministries/agencies, collection of monthly data on import of sensitive items, preparation of analytical notes on import of sensitive items etc. are the other major statistical functions of the Statistical Division of DGFT. Collection, compilation and analysis of licensing/authorization statistics on monthly

basis of various types of licenses/authorizations issued by DGFT for export promotion, is also done by Statistical Division of DGFT. Assessing the work of Regional Authorities through Management Information System (MIS) on monthly basis is also the responsibility of Statistics Division of DGFT.

The Statistics Division bring out every year two annual publications viz. Annual Report and Abstract of Approval (under export promotion and duty neutralization schemes of foreign trade policy), providing information on different types of import authorizations issued for the import of raw material/inputs, consumables as well as capital goods. In addition, monthly publication of “EXIM bulletin” giving details of authorizations issued by various regional authorities on daily basis is made available on DGFT Web site.

The Statistical manpower in-position in DGFT is as follows:

Professional	:	4
Intermediate	:	7
Primary	:	4
Total	:	15

5.02.02 Directorate General of Supplies and Disposals

Directorate General of Supplies and Disposals (DGS&D), the Central Purchase Organization of Government of India, is an attached office of Department of Commerce (Supply Division), Ministry of Commerce & Industry. The functions of DGS&D are carried out through its functional wings and the supporting service wings. The functional wings are Supply Wing and Quality Assurance (QA) Wing. Supporting services are provided by the Branches / Directorates viz; Administration, Vigilance, Complaints and Public Relations, Co-ordination, Internal Work Study Unit, Management Information Services, Registration, Litigation and Computerization & Training. DGS&D has two professional cadres namely the “Indian Supply Service” and the “Indian Inspection Service” to look after procurement and Quality Assurance work. Directorate General of Supplies and Disposals (DGS&D) enters into Rate Contracts (R/Cs) for common user items required on recurring basis by Central Government Departments, State Government /Quasi Public Bodies.

Management Information Services Directorate (MIS) (earlier known as Economics & Statistical Directorate) of DGS&D is engaged in providing database and required information for monitoring the purchase activities in DGS&D at all stages. The Directorate is responsible for compilation of statistical data and produce reports for use by the DGS&D/Department of Supply and the other authorities. The MIS staffs have been divided into two categories: MIS Cells in each Purchase Directorates, and MIS Sections in MIS Directorate. The MIS Cells in Purchase Directorates are responsible for making all data entry and meeting their day to day requirements and have been working under the direct control of the Purchase Directors. MIS Cell in the Directorate is responsible for data entry and preparation of reports.

Following statistical publications are brought out by MIS Directorate of DGS&D

Fortnightly:

- Fortnightly Economic Intelligence Bulletin

Monthly:

- Monthly Bulletin on Market Prices
- Status Report of Rate Contract,
- DGS&D Bulletin

Quarterly:

- Quarterly Report on Target and Achievement (MIS Dte. as a whole).

Annual:

- Annual Administrative Report of DGS&D
- Directory of Stores on Rate Contract

Ad hoc: Production of Stores Directory & Suppliers Directory

5.02.05 The Rubber Board

The Rubber Board is a statutory body constituted by the Government of India, under the Rubber Act 1947, for the overall development of the rubber industry in the country. Main functions of the Board, as defined under the Act, are to promote, by such measures as it thinks fit, the development of the rubber industry like by undertaking, assisting or encouraging scientific, technological or economic research; training students in improved methods of planting, cultivation, manuring and spraying; the supply of technical advice to rubber growers; improving the marketing of rubber; the collection of statistics from owners of estates, dealers and manufacturers; securing better working conditions and the provision and improvement of amenities and incentives to workers; etc.

The Statistics & Planning Department of the Board is involved in the statutory functions as prescribed in the Rubber Act 1947 under Section 8 (2) and 8 (3). The main statistical function of the Statistics & Planning Department are: Collection, compilation, interpretation and dissemination of rubber statistics collected from growers, dealers, processors and manufacturers; forecast of production, consumption and stock of rubber; and rendering statistical service to other departments/divisions mainly to Research Department. The other statistical functions of Statistics and planning Department are supply of statistics and other

connected information to International Rubber Study Group Association of Natural Rubber producing Countries etc. and monitor the developments in the international rubber field; assessment of area under rubber through sample surveys; organising and conducting up-to-date statistics of area under rubber cultivation; etc. The Department is headed by Jt. Director (S&P) who reports to the Chairman directly. All the above functions are coordinated by the Statistics & Planning Department at the Headquarters. A division of the Statistics & Planning Department is functioning in the Research Department headed by an Asstt. Director (S&P). The main functions of the Statistics Division in the Research Department is planning, statistical analysis, interpretation of experimental data and undertaking studies in association with other divisions of the Research Department.

Following statistical publications are brought out by the Rubber Board:

- Indian Rubber Statistics
- Monthly Rubber Statistical News
- Pocket Book on Rubber Statistics

The statistical manpower in position in the Rubber Board is as given below:

Professional	:	11
Intermediate	:	1

5.02.06 Spices Board

Spices Board was constituted on 26th February 1986 under the Spices Board Act 1986 (No. 10 of 1986) with the merger of the erstwhile Cardamom Board (1968) and Spices Export Promotion Council (1960). Spices Board is one of the five Commodity Boards functioning under the Ministry of Commerce & Industry. It is an autonomous body responsible for the export promotion of the scheduled spices and production development of some of them such as Cardamom and Vanilla. Its main functions include carrying out Research, Development and Regulation of domestic marketing of Small & Large Cardamom; Research & Production development of vanilla; Post harvest improvement of all spices; Promotion of organic production, processing and certification of spices; Provision of quality evaluation services, and; Export promotion of all spices through support for Technology upgradation, Quality upgradation, Brand promotion and research & product development.

Spices Board has two statistical divisions; one associated with the general statistics and other exclusively for the analysis of agriculture research and is attached to the Research center of the Board. The statistical division is responsible for collection, processing, analysis and dissemination of data in respect of area, production, export, import and domestic and International prices of spices and spice products. Month wise export and import estimate of spices are prepared based on the data collected from all the major ports, DGCI&S, Kolkata. The

division also monitors the export of spices affected by the registered exporters (around 2800 numbers) by compiling the export details from the quarterly export returns submitted by these exporters. The details from the quarterly returns submitted by spices exporters are processed to generate various statistical reports and charts on export, import, market trend and prices of spices. The domestic and international prices of different spices collected from national and international sources are compiled and disseminated through weekly publication 'Spice Market' as well as through Board's website.

The division also conducts annual field sample surveys to estimate the area, production and productivity of cardamom small, cardamom large and vanilla in India. State/District wise area and production details of other spices are collected from the State Economics and Statistics/Agriculture/Horticulture departments and compiled annually. The information on world area, production, export, import, prices, market demand and trends of spices are collected from international agencies like, UNSTAT, International Trade Centre, Geneva, Food and Agricultural Organisation, Rome, International Pepper Community, Jakarta etc. and furnished to the industry and other users on request. The Division also publish export reviews and statistical booklet viz. 'Spices Statistics' regularly. The statistical division attached to the Research Department is responsible for statistical evaluation of the field studies conducted by various divisions.

The statistical manpower in position in the Spices Board is as given below:

5.02.08 Coffee Board

The Coffee Board of India is an autonomous body, functioning under the Ministry of Commerce and Industry. Set up under an Act of the Parliament in the year 1942, the Board focuses on research, development, extension, quality up gradation, market information, and the domestic and external promotion of Indian coffee. Earlier, the Coffee Board had a monopolistic control over the marketing of coffee in India. However, with the liberalization of economy, since 1995, marketing of coffee is strictly a private sector activity.

The Market Intelligence Unit (MIU) of the Board is responsible for all statistical activities in Coffee Board. The key functions it discharge are: collection and compilation of daily market information on prices, supply, demand and other factors required for market analysis; forecasting on supply, demand and other economic variables; carrying out market research with regard to existing and potential markets;; providing trade information to Industry; conducting research and analysis on coffee economics including production, cost of competitiveness, technical & economic efficiency, etc; and facilitating development of price risk management instruments to coffee growers; etc.

Following Statistical Publications / Reports are brought by the MIU:

Daily:

- Daily Coffee Market Report

Bi-monthly:

- Data Base on Coffee

Once in two Years:

- Domestic Coffee Consumption Survey

Ad-hoc

- Study on Logistics and Cost Competitiveness of Coffee Exporting Countries
- Market Research Study on promoting Indian Coffee Exports to Russia and other CIS Countries.

5.02.09 Tariff Commission

Keeping in view the commitments of government in the WTO and complexities in tariff and tariff related matters, which may have very vital impact on domestic industry as well as on the economy of the country, an independent Tariff Commission was set up by the Government in September 1997 under the Department of Industrial Policy and Promotion of the Ministry of Industry and Commerce. The objective of the Commission is to provide an independent body to look into tariff related matters and recommend appropriate levels of tariff for different products and industries keeping in view the larger economic interests of the country. Presently, main functions of the Commission are to recommend on matters regarding fixation of tariffs and tariff related issues for goods and services; to evolve an overall tariff structure and look into the issue of tariff rationalization; to study critically market access offers received from trading partners as part of the WTO framework and advise government on opportunities and challenges generated by these offers; to examine the transition period required for selected industries and recommend the gradual phasing out of tariffs; to identify the tariffication process for select economic activities; and Classification of goods and products, along with applicable tariff on such goods.

As a part of its functions, the Commission also conduct detailed impact analysis of select sectors (Textiles, agriculture, automobiles, information technology, chemicals, steel and engineering goods) through multi-disciplinary teams; maintain and monitor inventory of tariff rates at sufficiently detailed level and tariff changes in competing and trade-partner countries; and carry out technical studies on the cost of production of goods and services and competitiveness in relation to other countries.

The Economic and Statistical Division of the Tariff Commission provides all the Economic and Statistical inputs, which, *inter-alia*, include applying statistical knowledge and tools, designing statistical enquiries, analysis and interpretation of statistical data for all the

studies undertaken by/for the Tariff Commission; etc. The division does not bring out any publication.

The statistical manpower in position in the Tariff Commission is as given below:

6. MINISTRY OF COMMUNICATION AND INFORMATION TECHNOLOGY

6.01 Department of Posts

The Department of Posts under the Ministry of Communication and Information Technology is mainly responsible for providing universal access to basic postal services in the country at affordable prices. The Postal Service Board is the apex management body of the Departments, comprising of Chairman and three Members. For providing postal services, the country has been divided into 22 postal circles.

The Statistical Unit of the Department of Posts is mainly responsible for the work of collection of data (Monthly/Quarterly/Half Yearly and annually) from postal circles/units for compilation, estimation and presentation of statistical data, as required by the Department in connection with the policy formulation.

The Unit brings out a Statistical Publication, namely “Book of Information” which gives statistical data & other details relating to different aspects of postal services.

The statistical manpower in position in the Statistical Unit of the Department is as follows:

Professional	...	1
Intermediate	...	0
Primary	...	5
Total	...	6

6.02 Department of Telecommunication

The Department of Telecommunication in the Ministry of Communication and Information Technology has been formulating developmental policies for the accelerated growth of the telecommunication services. The Department is responsible for grant of licenses for various telecom services like Unified Access Service Internet and VSAT services and also for frequency management in the field of radio communication in close coordination with the international bodies. It also enforces wireless regulatory measures by monitoring wireless transmission of all users in the country.

The statistical manpower in position in the Statistical Unit of the Department is as follows:

Professional	1
Intermediate:	1
Primary:	3
Total:	5

6.03 Department of Information Technology

The Department of Information Technology is mainly responsible for facilitating and

catalyzing adoption of E-governance packages in the Central and State Governments, as the nodal agency for the implementation of the National E-Governance Action Plan; evolving and implementing policy packages to propel growth of electronics and hardware manufacturing; increasing PC penetration in the country; growth of domestic software market; development of local languages in Information Technology, and; encouraging use of IT to increase productivity; exploring use of IT as a means of generating employment. The department is also responsible for matters relating to Cyber Laws, administration of the Information Technology Act 2000 and other IT related laws.

6.03.01 National Informatics Centre

National Informatics Centre (NIC) of the Department of Information Technology is providing network backbone and e-Governance support to Central Government, State Governments, UT Administrations, Districts and other Government bodies. It offers a wide range of ICT services including Nationwide Communication Network for decentralized planning, improvement in Government services and wider transparency of national and local Governments. NIC assists in implementing Information Technology Projects, in close collaboration with Central and State Governments, in the areas of (a) Centrally sponsored schemes and Central sector schemes (b) State sector and State sponsored projects, and (c) District Administration sponsored projects. NIC endeavors to ensure that the latest technology in all areas of IT is available to its users.

There is no statistical set up in the NIC and no statistical manpower is posted in the organization.

7. MINISTRY OF CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION

7.01 Department of Consumer Affairs

The Department of Consumer Affairs under Ministry of Food and Consumer Affairs is responsible for the formulation of policies for Consumer Cooperatives, Monitoring Prices, availability of essential commodities, Consumer Movement in the country and Controlling of statutory bodies like Bureau of Indian Standards (BIS) and Weights and Measures.

The Price Monitoring Cell (PMC), set up in 1998 in the Department monitors and analyses price data and trends of availability of essential commodities. The Economic Adviser in the Department of Consumer Affairs heads the cell and a Deputy Economic Adviser assisted by Assistant Economic Advisers and Deputy Directors looks after the work of the cell.

The PMC as per its mandate is entrusted with the task of monitoring the prices of essential commodities in the country and involves extensive collection, collation and analysis of statistics on prices and other related variables. The PMC monitors the prices of the 17 essential commodities, namely; *Rice, Wheat, Atta, Gram Dal, Arhar Dal, Moong Dal, Urad Dal, Moong Dal, Masoor Dal, Sugar, Mustard Oil, Groundnut Oil, Vanaspati, Tea, Milk, Onion, Potato, and Salt* at the retail and wholesale level on daily and weekly basis respectively. Three essential commodities, viz., *Moong Dal, Urad Dal, Masoor Dal* were added for price monitoring w.e.f. October 2008. The Cell monitors daily retail prices received from 27 State capitals and weekly wholesale/retail prices from 37 centres spread all over the country. The centres for weekly reporting include 18 State capitals covered under daily price reporting system and 19 additional urban centres spread all over the country based on the consumption as well as producing status of the centres.

Commodity-wise data on import-export, production, crop, area, WPI, CPI etc is collected and analyzed by the Cell. Time series data on the above are being maintained in order to build up the data base. Domestic and international market situations of important commodities are analyzed by this Cell. Information on domestic and global price and availability of essential commodities is collected from various sources like Reuters, Newswire, Agriwatch, Oil World etc.

Daily Price report on prices of 17 essential commodities is being prepared on daily basis. A Monthly Bulletin on 'Prices of Essential Commodities' containing the wholesale and retail prices is also prepared by this Cell.

The statistical staff in position in PMC is as under;

Professional	:	0
Intermediate	:	2
Primary	:	4

7.01.01 National Test House

The National Test House with its headquarters at Kolkata is a Government laboratory of national importance in the field of testing and evaluation of materials and products of all engineering branches except Food, Pharmaceuticals and Arms and Ammunition. It is also providing calibration services and actively supports the formulation of National Standards since independence. The objective of the NTH is to improve Indian products to meet the requirements of National/International Standards for their acceptability in the global market. The NTH with its headquarters in Kolkata functions through six regional laboratories located in Kolkata, Mumbai, Chennai, Ghaziabad, Jaipur and Guwahati. There is also a modern laboratory complex of the NTH located at Salt Lake, Kolkata.

7.01.02 Bureau of Indian Standards (BIS)

The Indian Standards Institution (ISI) came into existence in January 1947 as a registered society with the objective of harmonious development of activities of standardisation, quality certification and marking. This set-up was provided statutory status through an Act of Parliament in November 1986, and renamed as Bureau of Indian Standards (BIS) as a national standards body of India with a broadened scope and more powers. The main functions of BIS include preparation and implementation of standards, operation of certification schemes both for products and systems, organisation and management of testing laboratories, creating consumer awareness and maintaining close liaison with international standards' bodies.

With its headquarters at Delhi, BIS have five regional offices at Kolkata, Chandigarh, Mumbai, Delhi, and Chennai. It has 33 branch offices in the country.

The Bureau does not have any statistical unit. However, there are four officers with statistics discipline.

7.02 Department of Food and Public Distribution

The Department of Food and Public Distribution is charged with the prime responsibility of the management of the food economy of the country. The twin objectives of the Department are to ensure remunerative rates for our farmers, and supply of food grains at reasonable prices to the consumers through the public distribution system. In this direction, the department formulates policies concerning the food grains sector - procurement, storage, movement and distribution. The Department also implements the scheme of minimum support price to the producers of wheat, paddy and coarse grains and the distribution of food grains from the Central Pool.

Policy and planning for Targeted Public Distribution System (TPDS) is also the responsibility of the department. There are two attached offices, namely, Directorate of Sugar, and Directorate of Vanaspati, Vegetable Oils and Fats, and one subordinate offices viz., National Sugar Institute, Kanpur where statistical activities are undertaken.

There is no Division or Section in the Department exclusively dealing with statistical matters in the Department. However, there are statistical personnel posted in the Control Room and BP-I Sections of Department dealing with maintenance of important statistics relating to production / procurement, and monitoring the prices and procurement of food grains; collection / compilation of monthly statistical data on procurement, stocks, allocations and off take of food grains from the central pool; review of stock position of food grains in the central pool; review of buffer stocking policy of food grains; monitoring complaints on distress sale of food grains; etc.

7.02.01 Directorate of Sugar

The Department of Food & Public Distribution monitors and implement various policies of the government and development of sugar industries, vegetable oil and vanaspati industries. It also takes stock of the indigenous production, internal requirement, allocation of sugar, vanaspati and edible oils. The administrative body responsible for sugar industry is Directorate of Sugar. Sugar and Sugarcane are essential commodities under the Essential Commodities Act 1955. Government has been following a policy of partial control and dual pricing for sugar. Under this policy, a certain percentage of sugar produced by sugar factories is requisitioned by the Government as compulsory levy at a price fixed by Government in every sugar season for distribution in the Public Distribution System (PDS). The non-levy, (free sale) sugar is allowed to be sold as per the quantity released by the Government under the free sale sugar release mechanism.

7.02.02 Directorate of Vanaspati, Vegetable Oils and Fats

The Directorate of Vanaspati, Vegetable Oils and Fats is an attached office of the Department of Food & Public Distribution, which is the nodal department for vegetable oils, particularly edible oils, and is responsible for the coordinated management of distribution of vegetable oils, oilcakes and meals, their prices, internal trade and commerce, administration of industries as also all policy matters relating to these items. The Directorate is headed by the Chief Director and assists the Department in all matters relating to vegetable oils. The directorate performs regulatory, developmental and advisory functions in respect of all matters relating to vegetable oils, particularly edible oils and vanaspati.

The Programming Cell in the Directorate performs the statistical functions like compilation of data of the production of Vanaspati & related products throughout India; maintaining production data of Solvent Extracted Oils as collected from the Industry; maintaining list of working / non-working SEO Units / Vanaspati Units; etc.

Statistical staff in position in the Directorate is:

Professional	:	-

Total	:	4

9.00.01 National Archives of India

The National Archives of India is the repository of the non-current records of the Government of India and is holding them in trust for the use of administrators and scholars. It is an Attached Office of the Department of Culture under Ministry of Tourism & Culture. It was set up in March 1891 in Calcutta (Kolkata) as the Imperial Record Department and subsequent to the transfer of the National Capital from Calcutta to New Delhi in 1911, it was shifted to its present building in 1926.

The organization does not have any Statistical Division nor performs any statistical activities. There is no statistical manpower in the organization.

9.00.02 Archaeological Survey of India

The Archaeological Survey of India (ASI), under the Ministry of Culture, is the premier organization for the archaeological researches and protection of the cultural heritage of the nation. Maintenance of ancient monuments and archaeological sites and remains of national importance is the prime concern of the ASI. Besides it regulate all archaeological activities in the country as per the provisions of the Ancient Monuments and Archaeological Sites and Remains Act, 1958. It also regulates Antiquities and Art Treasure Act, 1972.

For the maintenance of ancient monuments and archaeological sites and remains of national importance the entire country is divided into 24 Circles. The organization has a large work force of trained archaeologists, conservators, epigraphist, architects and scientists for conducting archaeological research projects through its Circles, Museums, Excavation Branches, Prehistory Branch, Epigraphy Branches, Science Branch, Horticulture Branch, Building Survey Project, Temple Survey Projects and Underwater Archaeology Wing.

There is no Statistical Branch or Section in the ASI and the statistical data generated as a bi-product of administrative activity is maintained by the concerned branches.

9.00.03 Anthropological Survey of India, Kolkata

A premier national institution of repute, Anthropological Survey of India is the only one of its kind anywhere in the world to pursue Anthropological research in a Governmental setup. The Anthropological Survey of India's genesis was from the Zoological and Anthropological section of the Indian Museum, which became the Zoological Survey of India in 1916. In 1945, Anthropology section of the Zoological Survey was carved out to become the Anthropological Survey of India (An.S.I.). The head office was shifted from Banaras to Calcutta in 1948.

The An.SI is mainly responsible for studying the tribes and other communities that forms the population of India both from the biological and cultural point of view; studying and preserving the human skeletal remains, both from modern and archaeological; collecting samples of arts and crafts of the tribes of India; functioning as a training centre for advanced studies in anthropology and administration, and; publishing results of the researches.

Anthropological Survey of India with head quarters at Kolkata, has seven regional offices namely North-Eastern Regional Centre at Shillong, Eastern Regional Centre at Kolkata, North-Western Regional Centre at Dehradun, Western Regional Centre at Udaipur, Central Regional Centre at Nagpur, Southern Regional Centre at Mysore, Andaman & Nicobar Island Centre at Port Blair, Sub Regional centre at Jagdalpur and three field offices along with a Camp Office at New Delhi. All the regional centres including head office except regional centre at Port Blair have many posts of Statisticians. Statistical Section in all regional offices and Headquarters is the part and parcel of the survey and provides all the statistical techniques and tools for research works of the scientists and development of anthropology along with other scientific traits of the survey.

Statistical Section at the Hqrs. of An.S.I. has been set up from the day of inception of the Survey. Prof. P.C. Mahalanobis, in course of research development of statistics, utilized various craniometrical data of physical anthropology and also found the result of racial likelihoodness as well as measure of distance statistics. This research is elaborately done by Anthropological Survey of India. Researchers of the Survey collect various anthropometric data including data on craniometrical measurements and draw the inferences by applying the holistic statistical applications. The Survey undertook the longitudinal growth study of the children of various parts of India where yearly growth is measured by utilizing the same schedule having the same parameters of measurements among the tribal groups of India and data are

being analyzed by the persons of statistics to find the trend of growth. Statistics is highly involved in all projects of Socio-cultural, Psychology and DNA Polymorphism of the Contemporary Indian Populations and non-parametric methods of statistical analysis are mainly utilized to interpret. Data are being computerized and analyzed by using small programme written by statistical personnel or using software packages like SPSS 16 version and others.

No statistical publications are brought by the Anthropological Survey of India. However, statistical data generated by the Statistical Sections of Regional Offices and Head Office of the Survey are utilized in the publications brought out by the Survey.

The statistical staff in position in the An. S.I. is as follows:-

Professional	:	1
Intermediate	:	3
Primary	:	7
Total	:	11

10. MINISTRY OF DEFENCE

The Ministry of Defence(MOD) is responsible for framing policy directions on defence and security related matters and communicating them for implementation to the Services Headquarters, Inter-Service Organisations, Production Establishments and Research & Development Organisations. It is required to ensure effective implementation of the Government's Policy directions and the execution of approved programmes within the allocated resources. There are four Departments in the Ministry and their principal functions are as follows:

- a. **The Department of Defence** deals with the Integrated Defence Staff (IDS) and three Services and various Inter-Service Organisations. It is also responsible for the Defence Budget, establishment matters, defence policy, matters relating to Parliament, defence co-operation with foreign countries and co-ordination of all defence related activities.
- b. **The Department of Defence Production** deals with matters pertaining to defence production, indigenization of imported stores, equipment and spares, planning and control of departmental production units of the Ordnance Factory Board and Defence Public Sector Undertakings (DPSUs).
- c. **The Department of Defence Research and Development** is responsible for advising the Government on scientific aspects of military equipment and logistics and the formulation of research, design and development plans for equipment required by the Services.
- d. **The Department of Ex-Servicemen Welfare** deals with all resettlement, welfare and pensionary matters of Ex-servicemen.

Management Information System Organisation (MISO) in Army Headquarters is the main statistical organization in the Ministry of Defence. Small Statistical set-ups also exist in Directorate General of Resettlement; Naval Hqrs and Air Hqrs. Broad statistical activities carried out by various Statistical Units in MOD are given below.

10.00. 01 MIS Cell in Acquisition Wing

MIS Cell in Acquisition Wing in Ministry of Defence is mainly engaged in creation of databases on prices of important input items in domestic and global markets, Exchange Rates, Allocation and Expenditure under Modernization Budget, etc.

10.00.02 Army Headquarters

- a) **Management Information Systems Organisation, Army Headquarters:** The Army Statistical Organisation (ASO) within the Management Information Systems Organisation (MISO) of Army Headquarters bring out periodically Statistical Digests of Manpower, Vehicles, Armaments & Equipment, Yellow Book for the Strength of Army, Labour Statistics of Civilian Labour employed in Defence factories/establishments etc., whereas the responsibility of creation & maintenance of these databases vests with the MISO. The ASO is headed by a Director level officer of ISS who reports to a DDG, a Defence Services Officer of the rank of Brigadier, who heads the MISO.

- b) **Directorate General of Military Training (DGMT), Army Hqrs:** MT-2 in DGMT is responsible for conduct of promotion Examination-part B & part D and Competitive Defence Services Staff College (DSSC) and Technical Staff officers Courses (TSOC) Entrance Examination for Army Officers at all India level and processing of results. The database of personal details of officers and their result statistics are maintained under the supervision of Deputy Director, who also analyse these examination statistics.
- c) **Directorate of Statistics & Records (DS&R), Directorate General Resettlement (DGR), Ministry of Defence:** The Directorate is primarily responsible for collection, compilation, analysis, maintenance & dissemination of data relating to ex-servicemen like registration, placement, retirement, live register, war widows, World War II veterans and employment preferences & age distribution of retirees. The Directorate is also responsible for conducting census of ex-servicemen & widows on quarterly basis with the help of States in the country. In addition, the Directorate also deals with policy matters with regards to definition of ex-servicemen.

10.00.03 Naval Headquarters

Directorate of Manpower Planning & Recruitment: The statistical analysis section in the directorate is responsible for compilation and collation of statistical information on sanctioned strength of Officers and Sailors, Borne strength of officers, Monthly Personnel Position of Officers and Sailors and Annual Personnel Position for Civilians as on 30th September. Manpower data is analysed to study wastage of officers and sailors and for perspective planning.

10.00.04 Air Headquarters

There are two branches namely Air Officer Personnel (AOP) Branch and Air Officer Maintenance (AOM) Branch and one Directorate of Flight safety in Air Headquarters which maintain the data pertaining to Air Force personnel and Materials respectively.

- (i) **AOP Branch:** Manpower data is maintained by the following four agencies.
 - a) Air Officer Personnel Computer Center: maintains the Bio-data of each of the officers who are in service.
 - b) Air Force Record Office: maintains the Bio-data, performance and posting details of each of the Airmen and Non-Combatants Enrolled (NcsE) in Oracle Data Base.
 - c) Directorate of Personnel Civilians: maintains the strength related information for the Civilians in the IAF.
 - d) AOP-EMIC: The AOP Establishment Management and Information Centre (EMIC) maintain the unit wise establishment data of Officers, Airmen, NcsE and Civilians of the IAF.
- (ii) **AOM Branch:** The main functions of the Directorate of Maintenance Information System are Aircraft on Ground Monitoring, Supply Progression Monitoring, Aircraft Status and Defect Reporting, Daily Aircraft Serviceability Monitoring etc. The software is web based with very large applications.

(iii) Directorate of Flight Safety: The Statistics Section in the Directorate of Flight Safety is responsible for collation, analysis and maintenance of flight safety data (flying hours and accidents/incidents). This flight safety data is regularly disseminated to various users within IAF as well as outside agencies after required analysis for initiation of remedial measures as a proactive approach. This section is also required to forecast the accident/incidents in the IAF through computer modeling taking into account the past statistics.

The Statistical manpower in position in Ministry of Defence is as given below:

Professional	:	17
Intermediate	:	18
Primary	:	50
Total	:	85

11. MINISTRY OF DEVELOPMENT OF NORTH EASTERN REGION

Ministry of Development of North Eastern Region (DONER) was set up in September 2001 to act as the nodal Department of the Central Government to deal with matters pertaining to socio-economic development of the eight States of North East. The Ministry is responsible for all matters related to the planning, execution and monitoring of developmental schemes and projects of North Eastern Region including those in the sectors of Power, Irrigation, Roads and Communications; Road works financed in whole or in part by the Central Government in the North Eastern Region; Planning of Roads and Inland Waterways Transport in the North Eastern Region; Hill Area Development Programme (HADP) and Border Areas Development Programme (BADP) in North Eastern Region; Non-lapsable Central Pool of Resources (NLCPR) for the North Eastern Region, and ; North Eastern Council (NEC); etc.

The Ministry does not have any Statistical Set up. Being an officer oriented Ministry, every officer maintains statistical information pertaining to his field of activities. The Ministry does not bring out any statistical publication.

11.00.01 North Eastern Council Secretariat

The North Eastern Council (NEC) is the nodal agency for the economic and social development of the North Eastern Region which consists of the eight States of Arunachal Pradesh, Assam, Manipur, Meghalaya, Mizoram, Nagaland, Sikkim and Tripura. The Council was constituted in 1971 by an Act of Parliament. The constitution of the Council has marked the beginning of a new chapter of concerted and planned endeavor for the rapid development of the Region. Over the last thirty five years, NEC has been instrumental in setting in motion a new economic endeavor aimed at removing the basic handicaps that stood in the way of normal development of the region and has ushered in an era of new hope in this backward area full of great potentialities.

The Council Secretariat compiles statistics regarding NEC releases of funds, etc. NEC also publishes: "Basic statistics of NE region" which is updated roughly every four years. There is no statistical Cell in the North Eastern Council Secretariat. There is one sanctioned post of Statistician.

12. MINISTRY OF EARTH SCIENCES

The Ministry of Earth Sciences (MoES) is mandated to provide the nation with best possible services in forecasting the monsoons and other weather/climate parameters, ocean state, earthquakes, tsunamis and other phenomena related to earth systems through well integrated programmes. The Ministry also deals with science and technology for exploration and exploitation of ocean resources (living and non-living), and play nodal role for Antarctic/ Arctic and Southern Ocean research.

12.00.01 Indian Meteorological Department(IMD)

In the year 1875, the Government of India established the India Meteorological Department, bringing all meteorological work in the country under a central authority. The Director General of Meteorology is the Head of the India Meteorological Department, with headquarters at New Delhi. There are 4 Additional Directors General at New Delhi and 1 at Pune. For the convenience of administrative and technical control, there are 6 Regional Meteorological Centres, each under a Deputy Director General with headquarters at Mumbai, Chennai, New Delhi, Kolkata, Nagpur and Guwahati. In addition, there are separate Divisions to deal with specialized subjects.

The mandate of Indian Meteorological Department is to take meteorological observations and to provide current and forecast meteorological information for optimum operation of weather-sensitive activities; to warn against severe weather phenomena; to provide meteorological statistics required for agriculture, water resource management, industries, oil exploration and other nation-building activities; to conduct and promote research in meteorology and allied disciplines; and to detect and locate earthquakes and to evaluate seismicity in different parts of the country for development projects.

Statistical manpower in position in the IMD is as given below:

Professional	:	15
Intermediate	:	31
Primary	:	31
Total	:	77

13. MINISTRY OF ENVIRONMENT AND FORESTS

The Ministry of Environment & Forests is the nodal agency of the Government for planning, promoting, coordinating and overseeing the implementation of environmental and forestry programmes. The Ministry is also the Nodal agency in the country for the United Nations Environment Programme (UNEP). The principal activities undertaken by Ministry of Environment & Forests consist of conservation & survey of flora, fauna forests and Wildlife, prevention & control of pollution, afforestation & regeneration of degraded areas and protection of environment, in the frame work of legislations. The main tools utilized for this include surveys, impact assessment, control of pollution, regeneration programmes, support to organizations, research and training to augment the requisite manpower, collection and dissemination of environmental information and creation of environmental awareness among all sectors of the country's population. Statistical Adviser carries out all the statistical activities of the Ministry.

The Statistical staff in position in the Ministry is as follows:-

Professional	:	1

13.00.01 Indira Gandhi Forest Academy, Dehradun

Indira Gandhi National Forest Academy imparts training to Indian Forest Service (IFS) Probationers, and conducts in-service training courses for the IFS officers.

There is no statistical set up in the Academy.

13.00.02 National Museum of Natural History:

There are no statistical Activities in the Museum

13.00.03 Zoological Survey of India, Kolkata

The Zoological Survey of India was established in 1916, primarily to explore and inventories the faunal resources (diversity) of the country and to collect and document the base line data with regard to taxonomy, distribution, bio-ecology, etc., of all available animal groups. During the last 91 years and largely particularly from the Second Five Year Plan period the Zoological Survey of India has grown from a small unit at the Indian Museum, Calcutta, to a premier National Institution with 16 Regional and field Stations spread all over India with Headquarters at Calcutta. Over the successive plan periods the functions of Zoological Survey of India have also expanded gradually. Zoological Survey of India also acts as a custodian of the National Zoological Collections with comprise more than two million specimens belonging to some 81,000 species including about 10,000 species of other neighboring countries like Myanmar, Pakistan, Bangladesh, Thailand and Sri Lanka.

There is no Statistical Sector or Division in the Zoological Survey of India. However, major statistical activities of the survey include collection, compilation and analysis of statistical data, entry of faunal diversity and distribution etc. No Statistical Publication is brought by the Survey.

The Statistical staff in a position in the Zoological Survey of India is as follows:-

Professional	:	—
Intermediate	:	—

13.00.04 Forest Research Institute, Dehradun

Established in 1906, the Forest Research Institute, Dehradun, is one of the oldest institutions of its kind, and acclaimed the world over. The Institute caters, in particular, to the research needs of the Indo-Gangetic plains of Punjab, Haryana, Chandigarh, Delhi and Western Uttar Pradesh, as well as the U.P. Himalayas. Forestry research at the FRI is organized under fourteen divisions. The Institute has been conferred the status of “Deemed University” by Ministry of Human Resource Development. The Institute conducts Ph.D. programmes for postgraduates students; Postgraduate diploma courses in Pulp and Paper Technology, Wood Technology and Plantation Technology, and; Networking with other training institutions involved in the field of forestry education. The research perspectives of the Institute focus on Production and certification of quality seed/planting materials relating to important tree species of its zone of reference; Social forestry; Eco-rehabilitation of the central Himalayas of U.P.; Utilisation of wood and development of non-wood forest products; Afforestation techniques for trees sites and wastelands; etc.

The Statistical Branch of the Institute functions under the Group Coordinator (Research) of the Forest Research Institute (FRI). The mandate of the statistical branch is to do research in the theme wise thrust areas like Policy issues with special reference to Linkages between Forest & Society; Integration of Green Accounting with National Accounting System, and ; Forest Surveys. Beside, the Statistics Branch also collects data from the jurisdiction States & UTs of the institute (Haryana, Punjab, UP, Uttarakhand, Chandigarh & Delhi) for the “Forestry Statistics India”, a biennial publication of ICFRE, HQ.

13.00.05 Indian Council of Forestry Research and Education (ICFRE, Dehradun)

Indian Council of Forestry Research and Education (ICFRE) was constituted by Ministry of Environment and Forests, Government of India, in December, 1986 to formulate, organize, direct and manage forestry research; transfer developed technologies to States and other agencies; and impart forestry education. The main objectives of the Council are to undertake, aid, promote and coordinate forestry education, research and applications thereof; develop and maintain a National Library and Information Centre for forestry and allied sciences; act as a clearing house for research and general information related to forests and wildlife; develop forestry extension programmes and propagate the same through mass media, audiovisual aids

and extension machinery, and; provide consultancy services in the field of forestry research, education and allied sciences.

The Division of Statistics under the Directorate of Extension of the Council functions under an Assistant Director General (Statistics) who reports to the Deputy Director General (Extension). The Division of Statistics, ICFRE is mandated to carry out the work relating to collection, processing and dissemination of statistics pertaining to the forestry sector of India; Forest Certification; and providing statistical inputs to ongoing research/consultancy programme at ICFRE and its institutes.

Following statistical publications are brought out by the Statistical Division:

Quarterly: Timber/Bamboo Trade Bulletin
Biennial: Forestry Statistics India

Statistical staff in position in the Council is as given below:

Professional	:	1
Intermediate	:	3
Primary	:	0
Total	:	4

13.00.06 Forest Survey of India

In the Forest Survey of India, there are 5 offices which deal with different statistical activities. At the Headquarter, the forest inventory unit deals with the statistical activities of the organization. This unit was created in 2001 with merger of two statistical units namely Machine Data Management Unit and Methodology Unit which were established in 1981, primarily for designing, collection, scrutiny and processing of forest inventory data. At present the main function of this unit is to design the methodology for carrying out Forest and Trees Outside Forest (TOF) inventory in different parts of the country using conventional and Remote sensing data based methodology. The Unit also carries out data processing, analysis, report writing, and generates national level estimates of different parameters of forest and TOF. This unit also helps State Forest Departments in all their statistical requirements and also provides training to forestry personnel in inventory methods of forest/tree resources.

The other 4 offices are zonal offices of FSI located at Shimla, Nagpur, Kolkata and Bangalore. The main work of these zonal offices is to carry out field inventory of forest and trees outside forest in the selected districts and to send the entered data to headquarter for processing and analysis.

Statistical manpower in position in the Forest Survey of India is as given below:

Professional	:	13
Intermediate	:	24
Primary	:	128
Total	:	165

14. MINISTRY OF EXTERNAL AFFAIRS

The Ministry of External Affairs is responsible for all aspects of external relations. Various divisions of the Ministry deal with bilateral political and economic work as also policy planning, multilateral organizations, regional groupings, legal matters, disarmament, protocol, consular, Indian Diaspora, press and publicity, administration and other aspects. Indian diplomats are required to project India's interests, both at home and abroad on a wide variety of issues. These include bilateral political and economic cooperation, trade and investment promotion, cultural interaction, press and media liaison as well as a whole host of multilateral issues.

15. MINISTRY OF FINANCE

Ministry of Finance is the administrative unit for four departments viz. Department of Economic Affairs, Department of Expenditure, Department of Revenue, and Department of Disinvestment

15.01 Department of Economic Affairs

The Department of Economic Affairs (DEA) is the nodal agency of the Union Government to formulate and monitor country's economic policies and programmes having a bearing on domestic and international aspects of economic management. A principal responsibility of this Department is the preparation of the Union Budget annually (excluding the Railway Budget). Other main functions include formulation and monitoring of macroeconomic policies, including issues relating to fiscal policy and public finance, inflation, public debt management and the functioning of Capital Market including Stock Exchanges. In this context, it looks at ways and means to raise internal resources through taxation, market borrowings and mobilization of small savings; monitoring and raising of external resources through multilateral and bilateral Official Development Assistance, sovereign borrowings abroad, foreign investments and monitoring foreign exchange resources including balance of payments, and; production of bank notes and coins of various denominations, postal stationery, postal stamps; etc.

15.02 Department of Expenditure

The Department of Expenditure under the Ministry of Finance is mainly responsible for financial rules and regulations and delegation of financial powers; Financial sanction relating to all Ministries and offices of the Government of India, which are not covered by powers delegated or conferred by the rules or by any general or special orders; Review of the staffing of Government establishments with a view to securing economy; Matters relating to the Controller General of Accounts including; Analysis of the State's Finances, day to day financial problems of States and Fiscal Reforms Programmes of the States; Appraisal and approval of plan Investment/expenditure proposals of Central Ministries/PSUs. Matters relating to Expenditure Finance Committee (EFC)/Public Investment Board (PIB) procedures and Secretariat work for the PIB; etc., are also handled by the Department.

The Pay Research Unit in Department of Expenditure is mainly responsible for collection, compilation and analysis of data on actual expenditure incurred in pay and various types of allowances as well as data pertaining to the strength of the Central Government Civilian employees and Employees of Union Territory Administration. In addition, the unit works out financial implications of the proposals coming before the National Council of JCM etc.

The Unit brings out an Annual Publication viz. "Brochure on Pay and Allowances of Central Government Civilian Employees", providing statistical information regarding expenditure incurred by the different Ministries/Departments of the Central Government on pay & various types of allowances such as Dearness Allowance, house Rent Allowance, Compensatory (City) Allowance, Overtime Allowance etc. in respect of its regular employees.

It also provides information on Ministries/Departments-wise and Group-wise number of sanctioned posts and numbers of incumbents in position.

Statistical manpower in position in Department of Expenditure is as given below;

Professional	:	1
Intermediate	:	2
Primary	:	4
Total	:	7

15.03 Department of Revenue

The Department of Revenue under the Ministry of Finance is responsible for exercising control in respect of matters relating to all the Direct and Indirect Taxes through two statutory Boards, namely, the Central Board of Direct Taxes (CBDT) and the Central Board of Excise & Customs (CBEC). Each Board is headed by a Chairman who is also ex-officio Special Secretary to the Government of India. Matters relating to the levy and collection of customs and central excise duties and service tax fall within the purview of CBEC. The two Boards were constituted under the Central Board of Revenue Act 1963. CBDT has six members and CBEC has five members. The Members are also ex-officio Additional Secretaries to the Government of India. The Headquarters of the Department of Revenue looks after matters relating to all administrative work pertaining to Department, all matters relating to economic Intelligence and coordination of work between two Boards.

15.03.01 Central Board of Excise & Customs (CBEC)

Directorate of Data Management in Central Board of Excise & Customs is responsible for collection and analysis of statistics relating to Central Excise & Customs and for rendering technical advice to the Central Board of Excise & Customs from statistical standpoint. Besides providing information for monitoring of revenue collection by various Central Excise & Customs Commission rates, information collected and compiled by the Directorate is used by the Ministry of Finance in framing fiscal policy and taking necessary corrective steps for augmenting revenue collection through the instrument of Union Budget each year and through several Notifications issued from time to time, as an ongoing exercise.

Following Publications are brought out by the Directorate of Data Management, CBEC:

- Central Excise-Formations at a Glance;
- Particulars of Factories Paying Revenue of Rs. One Crore or more per annum;
- Central Excise – An Abstract of Statistics;
- Customs at a Glance; and
- Custom Formations at a Glance

The statistical manpower in position in CBEC is given below:

Professional	:	8
Intermediate	:	7

Primary	:	33
Total	:	48

15.03.02 Central Board of Direct Taxes (CBDT)

Directorate of Inspection (Research, Statistics and Public Relation) is the main organization in the CBDT dealing with all statistical matters concerning direct taxes. The main functions of this Directorate are to conduct research studies on tax matters, publish All-India Revenue Statistics, prepare taxpayers information series, and other matters.

15.03.03 Central Economic Intelligence Bureau (CEIB)

The Central Economic Intelligence Bureau (CEIB), an organisation of Department of Revenue, was set up with the objective of coordinating and strengthening the intelligence gathering activities as well as investigative efforts of all the Agencies which enforce economic laws. The Bureau collect intelligence and information regarding aspects of the black economy which require close watch and investigation; keep a watch on different aspects of economic offences; and the emergence of new types of such offences and evolving counter measures required for effectively dealing with existing new types of economic offences; acting as the nodal agency for cooperation and coordination at the international level with other customs, drugs, law enforcement and other agencies in the area of economic offences; implementation of the COFEPOSA (Conservation of Foreign Exchange & Prevention of Smuggling Activities Act, 1971 which provides for preventive detention of persons involved in smuggling and foreign exchange rackets under certain specified circumstances), and act as a Secretariat of the Economic Intelligence Council which acts as the apex body to ensure full co-ordination among the various Agencies including Central Bureau of investigation, Reserve Bank of India, Intelligence Bureau etc.

The Bureau has a small statistical set up which brings out a 'New Letter and Intelligence Digest' compiling trends in economic offences which is a useful reference material for different institutions and field formations dealing with economic offences.

The statistical manpower in position in the Bureau is as given below:

Professional	:	1
Intermediate	:	0
Primary	:	0
Total	:	1

15.03.04 Directorate of Enforcement

The Enforcement Directorate, with its Headquarters at New Delhi and seven zonal offices at Mumbai, Kolkata, Delhi, Jalandhar, Chennai, Ahmedabad and Bangalore is mainly responsible for enforcing Foreign Exchange Management Act 1999 and Prevention of money Laundering Act 2002; collection and development of intelligence relating to violation of the provisions of Foreign Exchange Management Act and Prevention of money Laundering Act 2002; conducting searches of suspected persons, conveyances and premises and seizing incriminating materials

(including Indian and foreign currencies involved); ensuring inquiry into and investigation of suspected violations of provisions of Foreign Exchange Management Act and Prevention of money Laundering Act 2002; adjudication of cases of violations of Foreign Exchange Management Act penalties departmentally and also for confiscating the amounts involved in violations; attaching and confiscating properties involved in the act of Money laundering, and ; arresting/prosecuting person suspected to be involved in the act of money laundering.

In addition, the Directorate also processes and recommends cases for detention of habitual offender under the conservation of Foreign Exchange and Prevention of smuggling Act (COFEPOSA) 1974.

15.04 Department of Disinvestment

The Department of Disinvestment was set up as a separate department in December, 1999 and was later renamed as Ministry of Disinvestment from September, 2001. It is one of the Departments under the Ministry of Finance. The department is responsible for all matters relating to disinvestment of Central Government equity from Central Public Sector Undertakings; all matters relating to sale of Central Government equity through offer for sale or private placement in the erstwhile Central Public Sector Undertakings; implementation of disinvestment decisions, including appointment of advisers, pricing of shares, and other terms and conditions of disinvestment, and; financial policy in regard to the utilization of the proceeds of disinvestment channelised into the National Investment Fund.

The Department of Disinvestment has neither statistical Unit nor any statistical post.

16. MINISTRY OF FOOD PROCESSING INDUSTRIES

The Ministry of Food Processing Industries, set up in July 1988, is the main central agency of the Government responsible for developing a strong and vibrant food processing sector with a view to creating increased job opportunities in rural areas, enabling the farmers to reap benefit from modern technology, creating surplus for exports, and stimulating demand for processed food. The subjects looked after by the Ministry are : fruits and vegetable processing industry; food grain milling industry; dairy products, processing of poultry and eggs, meat and meat products; fish processing; bread, oilseeds; meals (edible), breakfast foods, biscuits, confectionery(including cocoa processing and chocolate), malt extract, protein isolate, high protein food, weaning food; beer, including non-alcoholic beer; alcoholic drinks from non-molasses base; aerated waters / soft drinks and other processed foods; specialized packaging for food processing industries; and technical assistance and advice to food processing industry.

Statistical manpower in position in the Ministry is given below:

Professional	:	1
Intermediate	:	0
Primary	:	0
Total	:	1

17. MINISTRY OF HEALTH AND FAMILY WELFARE

The Union Ministry of Health and Family Welfare is responsible for implementation of various health and family welfare programmes through the State Governments. Though Health is a State subject, policy matters are formulated by the Union Government. The Ministry is implementing various national programmes for control of AIDS, malaria, Leprosy, Tuberculosis and Blindness. The Ministry comprise of four departments viz. Department of Health and Family Welfare, Department of AYUSH, Department of Health Research, and Department of AIDS Control. The Directorate General of Health Services (DGHS) is an attached office of the Department of Health and family Welfare which has subordinate offices spread all over the country. The DGHS renders technical advice on all medical and public health matters and is involved in implementation of various health schemes.

17.01 Department of Health and Family Welfare

The Department of Health & Family Welfare deals with medical and public health matters including drug control and prevention of food adulteration as well as family welfare programmes aimed at population stabilization consistent with the requirements of economic growth, social development and environmental protection. The Department has a Statistics Division which is mainly responsible for the statistical requirements of the Department. The programme divisions under the DGHS look after their individual statistical needs. Other three Departments also take care of their statistical needs through statistical or other personnel.

In the Department of Health and Family Welfare, the Statistics Division is headed by Additional Director General (Statistics), an HAG level officer of the Indian Statistical Service. The Division is responsible for monitoring and evaluation of various Health and Family Welfare programmes under the National Rural Health Mission (NRHM), a flagship programme of the Government. The Monitoring & Evaluation Strategy of the Ministry increasingly focuses on achieving output / outcome results. The main statistical activities of the Statistical Division are: Routine Monitoring of the Programmes, Quality Assessment Monitoring, and Validation of data through Triangulation Methodology, Evaluation Surveys, Concurrent Evaluation of NRHM, and monitoring Population Research Centre. The Statistics Division also organizes large scale sample surveys like the National Family Health Survey (NFHS), Districts Level Household Surveys (DLHS), Facility Surveys to assess and evaluate the outcome/impact of the programmes /interventions from time to time. These surveys provide data at district / state level covering the areas like Family Planning, Immunization, Maternal & Child Health, Infrastructure facilities available at various levels including trained / skilled manpower (medical and paramedical) in the country. The Survey data also gives disaggregated information by gender, social groups, income quintiles, etc.

The Statistics Division is also looking after the work of two autonomous institutions, viz., International Institute of Population Sciences (IIPS), Mumbai, and National Institute of Health and Family Welfare (NIHFW), New Delhi. These institutions are involved in teaching,

research and training activities in the field of demography and public health. IIPS Mumbai has been the nodal agency for conducting surveys like NFHS, DLHS, etc.

The Statistical Division in the Department of Health and Family Welfare bring out the following publications:

- National Family Health Survey III (NFHS) — All India Report
- District Level Household Survey-III (DLHS) - State and District Fact Sheets (2008-09)
- Family Welfare Statistics in India
- Bulletin on Rural Health Statistics in India

Statistical manpower in position in the Dept of Health & Family Welfare is given below:

Professional	:	14
Intermediate	:	30
Primary	:	0
Total	:	44

17.01.01 Central Bureau of Health Intelligence

Central Bureau of Health Intelligence (CBHI) is the National Nodal Institution for Health Intelligence in the Country under Directorate General of Health Services, Ministry of Health & Family Welfare. The CBHI, headed by Dy. Director General & Director has four division's viz. Policy & Infrastructure; Training, Collaboration & Research; Information & Evaluation; and Administration. Six Health Information Field Survey Units (FSUs) of CBHI are located in different Regional Offices of Health and Family Welfare (ROHFW) of GOI at Bangalore, Bhopal, Bhubaneswar, Jaipur, Lucknow & Patna, each headed by a Dy. Director with Technical and support staff, who function under the supervision of Sr./Regional Director (HFW/GOI). Regional Health Statistics Training Center (RHSTC) of CBHI at Mohali, Punjab (near Chandigarh), CBHI-FSUs and Medical Record Department & Training Centers (MRDTC) of Safdarjung Hospital New Delhi & JIPMER Pondicherry; conduct various CBHI In-service Training courses. CBHI functions with the broad objective to:-

- Maintain and disseminate the (i) National Health Profile (NHP); (ii) Health Sector Policy Reform Options Database (HS-PROD), (iii) Inventory and GIS Mapping of Govt. Health Facilities in India, etc.
- Review the Progress of Health Sector Millennium Development Goal (MDG) in India
- Annual Road Safety profile of India
- Facilitate Capacity Building & Human Resource Development, and
- Need based Operational Research for Efficient Health Information System (HIS) as well as use of Family of International Classification in India & South East Asia Region.

The major statistical activities of CBHI are to Maintain and Disseminate the National health Profile on Demography (population and vital statistics), Socio-Economic (education, social indicators, economic indicators, employment, housing and amenities, drinking water and sanitation), Health Status (morbidity and mortality, reproductive and child health, disabilities) and Health and Infrastructure including AYUSH (education infrastructure, health care service infrastructure).

Following publications are brought out by the CBHI:

- Road Safety Profile of India
- National Health Profile (NHP)
- Mortality Statistics in India
- Health Information of India

Statistical manpower in position in the CBHI is as given below:

Professional	:	1
Intermediate	:	3
Primary	:	0

17.01.02 National Institute of Communicable Diseases

The National Institute of Communicable Disease (NICD) was established on July 30, 1963, by expanding and reorganizing the activities of the Malaria Institute of India (MII), which remained in existence under different names since its inception in 1909. The reorganized institute was established to develop a national center for teaching and research in various disciplines of epidemiology and control of communicable diseases. The Institute was envisaged to act as a center par excellence for providing multi disciplinary and integrated expertise in the control of communicable disease. The Institute was also entrusted the task of developing reliable rapid economic epidemiological tools which could be effectively applied in the field for the control of communicable diseases. The objectives of the institute broadly cover three activities viz. training, service and operational research in the field of communicable diseases and their prevention and control in the country.

The Statistical Monitoring and Evaluation Cell(SM&C) of the Institute is responsible for statistical activities. The major activities of the Cell are:

- to assist in collection, presentation, analysis and feedback of the data received in IDSP;
- to collect, compile, analyse and disseminate information of diseases and prepare various analytical reports for monitoring purposes at the time of disease outbreaks;
- to provide Statistical Support to the Faculty, Ph.D. Scholars and Staff of NICD; Lecture on Statistics and Computer related topics for various training programmes;

- to prepare weekly reports on Cholera cases in Delhi;
- to provide Administrative Support for the conduct short term courses

Statistical manpower in position in the Institute is as given below:

Professional	:	2
Intermediate	:	2
Primary	:	6
Total	:	10

17.01.03 All-India Institute of Hygiene and Public Health (AIH&PH), Kolkata,

The All-India Institute of Hygiene and Public Health (AIH&PH), Kolkata, a premier organization of the Government of India, was established in the year 1932 with the assistance of Rockefeller Foundation for undertaking Post-Graduate teaching and research in various disciplines of health intelligence and health services.

The Department of Statistics of the Institute was established in 1946 which was earlier a part of Epidemiology Department. Apart from the regular activities like teaching in various courses run by the Institute, the Department undertakes Research & Consultancy activities. It also conducts a one year 'Diploma Course in Health Statistics'. The Department is headed by Director Professor who is an SAG level officer of ISS.

Statistical manpower in position in Institute is as given below:

Professional	:	8
Intermediate	:	8
Primary	:	0
Total	:	16

17.01.04 National Tuberculosis Institute, Bangalore

The National Tuberculosis Institute (NTI) was established in 1959 at Bangalore to formulate TB Control Programme best suited to a country like India, where the TB problem is large and the resources are meager. The Institute undertook several Operational Research Studies and evolved a nationally applicable TB Control Programme. The Institute trains the key personnel to run the programme through District TB Centres.

Statistics Section of the Institute has been an integral part of the National Tuberculosis Institute since its inception. The main function of the section has been to render Statistical support to the other sections in planning studies/surveys and in collection, analysis and interpretation of data organized as a part of the study/survey. Over a period of time, the section has developed an in-house software programme for sampling data entry, interim analysis & for obtaining final outputs for studies that are undertaken by various sections of the institute. The section also has been involved in training the statistical personnel working under the TB control programme. The section is also involved in maintenance of the Computer Centre and all the IT requirements of the Institute.

Statistical manpower in position in the Institute is as given below:

Professional	:	3
Intermediate	:	5
Primary	:	4
Total	:	12

17.02 Department of AYUSH

The Department of Indian Systems of Medicine and Homeopathy (ISM&H) was created in March, 1995 and re-named as Department of Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homeopathy (AYUSH) in November, 2003 with a view to providing focused attention to development of Education & Research in Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homeopathy systems. The Department continued to lay emphasis on upgradation of AYUSH educational standards, quality control and standardization of drugs, improving the availability of medicinal plant material, research and development and awareness generation about efficacy of the systems domestically and internationally. The Department is mainly responsible for upgrading the educational standards in the Indian Systems of Medicines and Homeopathy colleges in the country; strengthening the existing research institutions and ensure a time-bound research programme on identified diseases for which these systems have an effective treatment; drawing up of schemes for promotion, cultivation and regeneration of medicinal plants used in these systems and; evolving Pharmacopoeia standards for Indian Systems of Medicine and Homeopathy drugs.

The Planning and Evaluation Cell (P & E Cell) of the department is its statistical unit. The Cell is responsible for collection, compilation, tabulation and analysis of AYUSH infrastructural statistics like health care facilities (hospitals / beds / dispensaries), medical manpower, medical education and licenses pharmacies; dissemination of statistics to various stakeholders, and; conducting surveys / studies on topics of interest to department.

The department brings out one statistical publication viz. "AYUSH in India" containing information on AYUSH infrastructure facilities, AYUSH educational institutions, administrative set up of AYUSH in States / UTs, Budget / Expenditure, etc.

Statistical Manpower in position in the department is as follows:

Professional	:	2
Intermediate	:	2
Primary	:	2
Total	:	6

17.03 Department of Health Research

The Department of Health Research was set up in May 2007 under the Ministry of Health and Family Welfare with a view to achieve closer interaction with health systems and

disease control programmes supported by the continued utilization of the scientific and technological advances. The department aims at providing leadership and support in generation of new knowledge, improve medical and health research in medical colleges and medical schools and helps in providing inputs for operationalization of disease control programmes. It also has the mandate to address the manpower and infrastructure needs to medical and health research in India and assess the health technology and health sciences developed in the country.

17.03.01 National Institute of Medical Statistics

National Institute of Medical Statistics (NIMS) is one of premier research institute of Indian Council of Medical Research, Dept. of Health Research, Ministry of Health & Family Welfare, New Delhi. NIMS was established to meet the demand for statistical support in health research. The institute was set-up in 1977 as Institute for Research in Medical Statistics, has been renamed in 2006 as the National Institute of Medical Statistics (NIMS) due to its immense contribution in the field of health research methodology. From time to time, it organizes teaching/training programs for students affiliated to various universities as well as for professionals working in the area of health and development. It handles a number of research projects on policy and program evaluation, epidemiology, modeling and health research information system. Data management is one of the objectives of Institute.

Statistical manpower in position in the National Institute of Medical Statistics is as given below:

Professional	:	13
Intermediate	:	16
Primary	:	18
Total	:	47

17.04 Department of AIDS Control

The Department of AIDS Control is the administrative department for the National AIDS Control Organization (NACO) of the Ministry of Health and Family Welfare that provides leadership to HIV/AIDS control programme in India through 35 HIV/AIDS Prevention and Control Societies. India, through its National AIDS Control Programme stands committed to Millennium Development Goal (MDG) of reversing the spread of HIV/AIDS by 2015. To accomplish these goals, NACO plans to decentralize the management of HIV/AIDS control activities, giving greater responsibilities to the state and districts level, while emphasizing its own role to coordinate, guide, monitor and facilitate sharing of best practice and innovations across the SACS programme.

National AIDS Control Organization collects data on components related to HIV/AIDS through various mechanisms including routine monitoring through Computerized Management Information System (CMIS), sentinel surveillance systems, Behavioral Surveillance surveys and other evaluations/operations research studies. The main objectives of this information collection through integrated M&E system are to track the progress of HIV/AIDS epidemic in the country and to track performance of National AIDS Control Program.

CMIS is designed in line with the existing structure for implementing project activities and the data flow. The primary data generation unit for the reporting is the facility, which includes Blood Banks, STI Clinics, Integrated Counselling and Testing Centres (ICTC's). Anti Retroviral Therapy (ART) Centers, community Care Centers, Community Care Centers (CCC's), Projects among high risk groups (HRG) implemented through NGO's.

Currently CMIS is installed at all 35 State AIDS Control Societies and 3 Municipal AIDS Control Societies and all except Lakshadweep are reporting through CMIS. While CMIS was implemented in phased way, the computerization actually took place only at State level. However, recently many States have decentralized the systems and data gets computerized at district or facility level. Some places who have achieved this are Karnataka, Gujarat and Chandigarh, with more States opting for the same. ART CMIS module is web-based and data from all ART Centers is directly uploaded on NACO server.

To improve reporting, ongoing training programs are conducted, The Monitoring and Evaluation (M&E) Division, NACO is responsible for overall support in CMIS implementation and troubleshooting. The data from CMIS is used extensively for strategic planning and desk research. Development of software is an evolving process and validations and verifications are inbuilt to improve data quality.

Key Function of the M & E Division at National Level are to: Develop and manage overall National M&E plan and Strategic Information Management system; Establish Technical Resource Group for guiding activities including experts from education, research institute and related ministries and international agencies; Direct state SIMU and affiliated institutions in collecting, collating, analyzing M&E data for HIV prevention and Control activities across country; Report data on HIV epidemic to ministry for completion of annual and periodic reports for policy and strategic planning; Monitor, evaluate and supervise activities on HIV M&E across country; Organize training in collaboration with academic institution for the SIMU staff, and; Conduct evaluation studies and add indicators suitable for realistic situation.

At the State level, the M & E Division's key functions are to: Develop State M&E plans and implement M&E activities within State and report to National M&E; Collect, verify and process data on HIV related activities from all units within State; Implement HIV M&E activities locally which would include ensuring data quality, the accuracy, completeness and timeliness and report it National SIMU; Prepare State level reports, provide data to State Government, provide analysis and evidence to guide the programme decisions; Technically and Professionally guide, supervise and support data collection for M&E indicators from the districts, and; Organize trainings on M&E based on needs.

The Statistical Publications brought by NACO are:

- Quarterly and Annual CMIS Bulletins;
- Quarterly NACO Newsletter
- Core Indicators for Monitoring & Evaluation
- Monitoring and Evaluation Toolkit
- Operations manual for Strategic Information Management Unit

18. MINISTRY OF HEAVY INDUSTRIES AND PUBLIC ENTERPRISES

The Ministry of Heavy Industries and Public Enterprises is responsible for the development and growth of capital goods and engineering industries in the country besides framing policy guidelines for Central Public Sector Enterprises (PSEs) and administratively dealing with 48 operating PSEs. The Ministry comprises of Department of Heavy Industry and the Department of Public Enterprises.

18.01 Department of Heavy Industry

The Department of Heavy Industry is concerned with the development of the heavy engineering industry, machine tool industry, heavy electrical industry and auto-industry. It is, besides, vested with the administrative charge of 48 Public Sector Enterprises. The industries covered by this Department provide goods and services for almost all sectors of the economy, including power, rail and road transport. The department also looks after the Machine Building Industry and caters to the requirements of equipment for basic industries such as steel, non-ferrous metals, fertilizers, refineries, petrochemicals, shipping, textiles, paper, cement, sugar etc. The Department is responsible for development of a wide range of intermediate engineering products like castings, forgings, diesel engines, industrial gears and gear boxes.

18.02 Department of Public Enterprises

The Department of Public Enterprises (DPE) was set up in 1990 by converting the then Bureau of Public Enterprises (set up in 1965) into a full-fledged department under Ministry of Heavy Industry and Public Enterprises. The department acts as a nodal agency for all PSEs and assists in policy formulation pertaining to the role of PSEs in the economy as also in laying down policy guidelines on performance improvement and evaluation, financial accounting, personnel management and in related areas. It also collects, evaluates and maintains information on several areas in respect of PSEs. DPE also provides an interface between the Administrative Ministries and the PSEs. In fulfilling its role, it associates itself with other Ministries and organizations as also premier management institutes in the country.

The Department does not have any set up. However, it brings out a report called Public Enterprises Survey on the working and performance of Central Public Sector Enterprises (CPSEs) every year which contains both descriptive and statistical information. Data for the publication is collected from about 250 CPSEs in a structured questionnaire and analyzed. The work is handled by senior level Economists.

There is no statistical staff in the department.

19. MINISTRY OF HOME AFFAIRS

The Ministry of Home Affairs (MHA) discharges multifarious functions, important among them being the maintenance of Internal Security. Though as per the Constitution of India, 'public order' and 'police' are the responsibilities of States, Article 355 of the Constitution enjoins the Union to protect every State against external aggression and internal disturbance and to ensure that the government of every State is carried on in accordance with the provisions of the Constitution. The Ministry extends manpower and financial support, guidance and expertise to the State Governments for the maintenance of security, peace and harmony without trampling upon the constitutional rights of the States. The Ministry has six constituent Departments viz. Department of Border Management; Department of Home; Department of Internal Security; Department of Jammu & Kashmir (J&K) Affairs; Department of Official Languages, and; Department of States.

19.01 Department of Home

19.01.01 Office of the Registrar General of India

The Office of the Registrar General and Census Commissioner, India (ORGI), headquartered at Delhi, is an Attached Office of the Ministry of Home Affairs with its own administrative setup. It is currently headed by the Secretary and Registrar General, India, who also functions as the Census Commissioner of India. ORGI has 33 subordinate offices known as Directorate of Census Operations in the States/UTs. The main functions of ORGI are to: conduct the decennial population census and tabulate and disseminate the census data under the provisions of the Census Act 1948 and the Census (Amendment) Act, 1993; co-ordinate and unify, at the national level, the work relating to implementation of the Registration of Births and Deaths Act, 1969 and to compile data of vital statistics on births and deaths; estimate at the national and state level the fertility and mortality measures through a well-represented sample of 1.3 million households under the Sample Registration System (SRS); and provide opinion to the Ministry of Social Justice & Empowerment and the Ministry of Tribal Affairs, Government of India on the State/UT Governments' recommendations concerning inclusion in, exclusion from and other modifications in the Scheduled Castes and the Scheduled Tribes lists in their respective States/UTs.

Since 2003, Registrar General, India has been functioning as National Registration Authority and Registrar General of Citizen Registration under the Citizenship (Amendment) Act, 2003. Post Enumeration Survey (PES), fertility and mortality studies and population projections for India and States on the basis of Census Data are also carried out by ORGI.

A list of publications brought out by the office relating to 2001 census and other regular publications are as follows:

- Final Population Totals-2001- India, States, UAs and Towns*
- Table on Houses, Household Amenities & Assets-2001-India-Total*
- Table on Houses, Household Amenities & Assets-2001-India-SC

- Table on Houses, Household Amenities & Assets-2001-India-ST
- Primary Census Abstract-India(General Table 5)*
- Primary Census Abstract-India(SC Table 8)
- Primary Census Abstract-India(SC Table 9)
- India Administrative Atlas, 1872-2001- India*

(A Historical Perspective)

- Housing Atlas
- Language Atlas-1991-India
- Map Profile-2001-India States and Uts
- Scheduled Tribe Atlas of India

*: State-wise publications are also available

Statistical Staff in position in the 35 offices of the O/o RGI is as follows:

Professional	:	185
Intermediate	:	297
Primary	:	1983
Total	:	2465

19.01.02 National Crime Records Bureau

National Crime Records Bureau (NCRB) was set up in 1986 by a Resolution of the Government of India following the recommendation of the National Police Commission. The Bureau is an attached office of the Ministry of Home Affairs. The four Units, in existence at that time, namely; Directorate of Coordination Police Computers, Data Section of the Coordination Division of the Central Bureau of Investigation, Statistical Section of the Bureau of Police Research and Development, Central Finger Prints Bureau of the Central Bureau of Investigation were merged in the NCRB. The main objectives of the NCRB are to function as a clearing house of information on crime and criminals including those operating at National and International levels so as to assist the investigators, and others in linking crimes to their perpetrators; to store, coordinate and disseminate information on inter-state and international criminals from and to respective States, national investigating agencies, courts and prosecutors in India without having to refer to the Police station records; to collect and process crime statistics at the National level; to receive from and supply data to penal and correctional agencies for their tasks of rehabilitation of criminals, their remand, parole, premature release etc; to coordinate, guide and assist the functioning of the State Crime Records Bureaus; to provide training facilities to personnel of the Crime records bureaus; and to evaluate, develop and modernize crime Records Bureaus.

Statistical Branch of NCRB is mainly concerned with collection, compilation and publication of annual and monthly crime data. The Branch also collects limited data on some crime heads for Monthly Crime Statistics. This is an unpublished and provisional data and is used only for internal purposes such as preparing replies to Parliament Questions.

The following publications are brought out by the Statistical Branch of NCRB:

Annual:

- **Crime in India,**
- **Accidental Deaths and Suicides in India,**
- **Prison Statistics in India**

Monthly:

- **Monthly Crime Statistics (MCS)**

The Statistical Branch is headed by Chief Statistical Officer, a Senior Time Scale officer of the Indian Statistical Service. He is assisted by a Statistical Officer and a Junior Staff Officer equivalent to Junior Time Scale of the Indian Statistical Service. The Statistical Officer is a statistical post which came to National Crime Records Bureau along with the Statistical Section of the Bureau of Police Research and Development when NCRB was set up.

Statistical manpower in position in NCRB is given below:

Professional	:	1
Intermediate	:	2
Primary	:	0
Total	:	3

19.01.03 Central Reserve Police Force (CRPF)

The Central Reserve Police Force is an armed Force of the Union of India, with the basic role of striking reserve to assist the State/Union Territories in Police operations to maintain law and order and contain insurgency. The Force came into existence as the Crown Representative's Police on the 27th July 1939. It became the Central Reserve Police Force on enactment of the CRPF Act on 28th December 1949. Its role is that of a catalyst in maintaining law & order, and returns to barracks once this objective is achieved. The force is also being used for various police duties in various States.

There is no statistical set up with statistical staff in the Force.

19.01.04 Central Industrial Security Force (CISF)

The Central Industrial Security Force is one of the organization of Para Military Forces functioning under the Ministry of Home Affairs.

No statistical branch is functioning in the organization as a separate identity. Statistical data like sanctioned / released / posted strength of the units, manpower position of the Force, Death cases, Assault cases, Fire Incidents in PSUs, major Thefts / Recovery cases of stolen property in various PSUs, Disciplinary cases, Court cases of the Force, etc., is maintained by different branches at Force Hqrs.

No statistical publications are brought and there is no statistical manpower in the Force.

19.01.05 Directorate General of Indo-Tibetan Border Police (DG-ITBP)

ITBP was conceived on 24 Oct, 1962 for Border Guarding Duties from Karakoram Pass in Ladakh to Diphu La in Arunachal Pradesh covering 3488 KM of India-China Border and manning Border Outposts on altitudes ranging from 9000' to 18500' in the Western, Middle & Eastern Sector of the India-China Border. It is basically a mountain trained Force and most of the officers & men are professionally trained Mountaineers and Skiers. Being the first responder for natural Disaster in the Himalayas, ITBP has been carrying out numerous rescue and relief operations. It is also responsible for keeping Vigil on the northern borders, detection and prevention of border violations, and promotion of the sense of security among the local populace; checking illegal immigration, trans-border smuggling and crimes; providing Security to sensitive installations, banks and protected persons, and; Restore and preserve order in any area in the event of disturbance.

There is no statistical set up in the Directorate.

19.01.06 Directorate General of National Security Guards (DG-NSG)

The National Security Guard (NSG) was set up in 1984 as a Federal Contingency Deployment Force to tackle all facets of terrorism in the country. The primary role of the Force is to combat terrorism in whatever form it may assume in areas where activity of terrorists assumes serious proportions, and the State Police and other Central Police Forces cannot cope up with the situation. The NSG is a Force specially equipped and trained to deal with specific situations and is therefore, used only in exceptional situations. The Force is not designed to undertake the functions of the State Police Forces or other Para Military Forces of the Union of India.

There is no statistical set up in the Directorate.

19.02 Department of Official Languages

The Department of Official Languages is mainly responsible for ensuring implementation of Official Language Policy of the Union in the offices of Government of India.

For various activities of the department, neither any data is maintained nor there is any statistical staff posted.

20. MINISTRY OF HOUSING & URBAN POVERTY ALLEVIATION

The Ministry of Housing and Urban Poverty Alleviation is the apex authority of Government of India at the national level to formulate policies, sponsor and support programme, coordinate the activities of various Central Ministries, State Governments and other nodal authorities and monitor the programmes concerning all issues of urban employment, poverty and housing in the country.

The National Buildings Organisation (NBO), an attached office of the Ministry, was established in 1954 under the then Ministry of Works and Housing for technology transfer, experimentation, development and dissemination of housing statistics. NBO was restructured in 1992. NBO was further restructured in March, 2006 with the revised mandate keeping in view the current requirements under the National Housing Policy, and various socio-economic and statistical functions connected with housing and building activities.

The mandate of the NBO in its restructured form is to collect, collate, validate, analyze, disseminate and publish the housing and building construction statistics; to organize training programmes for the officers and staff of the State Government engaged in collection and dissemination of housing and building construction statistics; to create and manage a documentation centre relating to housing, poverty, slums and infrastructure related statistics; to coordinate with all the State Governments / Research Institutions / UNCHS / International Bodies etc. as being a nodal agency: to conduct regular short term sample surveys to study the impact of the plan schemes; and to undertake special socio-economic studies in the field of housing and infrastructure.

The NBO brings out a Publication "Housing Statistics, an Over View". The statistical manpower, in position in NBO is as follows:

Professional	:	5
Intermediate	:	9
Primary	:	-
Total	:	14

21. MINISTRY OF HUMAN RESOURCE DEVELOPMENT

The Ministry of Human Resource Development consists of two departments viz. Department of School Education and Literacy, and Department of Higher Education. The Ministry is mainly responsible for taking up schemes and projects for Elementary Education, Social Education and Adult education; Secondary education & vocational guidance; University Education; Central Universities; Rural Higher Education; Foreign Aid Programme relating to Higher Education, Technical Education Planning; Institutions of higher learning (other than Universities); development of books; educational research, and; related matters.

The Planning, Monitoring and Statistics Bureau of the Ministry, consisting of four Divisions viz. Planning & Monitoring Division, Statistics Division, SC/ST Cell and Computerized Management Information System, is common to both the Departments of the Ministry. The Statistics Division of the Ministry is the nodal agency for the collection, compilation, processing and dissemination of educational statistics in the country. The national annual educational statistics is brought out by the Ministry of Human Resource Development after collecting data from more than 1 million institutions, covering all levels of education from pre-primary to higher education through mailed questionnaires in collaboration with the State Education Departments. On the basis of data collected from States, the Statistics division brings out annual publications.

Following publications are brought out annually by the Statistics Division:

- Selected Education Statistics
- Educational Statistics at a Glance
- Selected Information on School Education
- Examination Results of Secondary & Higher Secondary / Intermediate Education
- Annual Financial Statistics of Education Sector
- Education In India

Statistical manpower in position in the Ministry is given as under:

Professional	:	4
Intermediate	:	7
Primary	:	4
Total	:	15

21.00.01 National Council of Educational Research and Training (NCERT)

The National Council of Educational Research and Training (NCERT), set up in 1961, is an autonomous organization of Ministry of Human Resource Development to assist and advise the governments at the Centre and in States in the implementation of their policies for education, especially to bring about qualitative changes in school education and teacher preparation. The council is governed by five statutory committees, viz. Governing Council,

Executive Committee (chaired by the Union Minister of Education), Finance Committee, Establishment Committee and Programme Advisory Committee. The NCERT have also National Institute of Education, Five Regional Institute of Education, and Central Institute of Educational Technology.

NCERT conducts All India Educational Surveys once in 5-8 years. The latest 7th AIE Survey was conducted in 2002-03. Apart from the detailed data on enrolment, teachers and physical facilities in schools, these surveys provide information on 'number and percentage of rural habitations in different population slabs served by schools with primary/upper primary/secondary classes within the habitation. Based upon the findings of the survey, it brings out the report called "All India Educational Surveys".

The statistical manpower in position in NCERT is as follows:

Professional	:	8
Intermediate	:	2
Primary	:	3
Total	:	13

22. MINISTRY OF INFORMATION AND BROADCASTING

The Ministry of Information & Broadcasting, through the mass communication media consisting of radio, television, films, the press, publications, advertising and traditional mode of dance and drama, plays a significant part in helping the people to have access to free flow of information. It also caters to the dissemination of knowledge and entertainment to all sections of society, striking a careful balance between public interest and commercial needs, in its delivery of services. The Ministry is the apex body for formulation and administration of the rules and regulations and laws relating to information, broadcasting, the press and films. The Ministry is also responsible for international co-operation in the field of mass media, films and broadcasting and interacts with its foreign counterparts on behalf of Government of India.

The Ministry of Information and Broadcasting have four autonomous bodies viz; Prasar Bharati, Press Council of India, Film and Television Institute of India, Satyajit Ray Television Institute, Indian Institute of Mass Communication, and Children Film Society; and two public sector undertaking National Film Development Corporation, and Broadcasting Engineering Consultants India Limited (BECIL).

The Audience Research Unit of the Ministry, which is the main Statistical Unit, provides research support to programme planners, producers, sponsors, advertisers & marketers by preparing audience profile and assessing programme impact and effectiveness through audience measurement in form of qualitative and quantitative research. It conducts regular in-house survey (DART) as well as customize the data of the survey done by the outside agency (TAM) for rating programmes telecast by Doordarshan to suit our requirement; conducts in-depth interview; general viewership survey, and; monitor voluntary feedback (letters, e-mail, etc.) received from viewers.

The Audience Research Unit is headed by the Director and assisted by a Joint Director. They plan research projects at national level and also coordinate the work of all other Audience Units of Regional Kendras. The ARU at the Kendra levels are headed by Deputy Director (AR) and Audience Research Officer. They are responsible for preparing audience profile for programme from time to time. They provide feedback on programmes and advise the programme administration on the content/quality of programme.

Statistical manpower in position in the Audience Research Unit is given below:

Professional	:	2
Intermediate	:	16
Primary	:	42
Total	:	60

22.00.01 Office of Registrar of Newspapers of India

The Office of the Registrar of Newspapers for India came into being in July, 1956. The office is performing both statutory as well as some non-statutory functions. The Office performs

both statutory and non-statutory functions. Under the statutory functions, it is responsible for Compilation and maintenance of a Register of Newspapers containing particulars about all the newspapers published; Issue of Certificates of Registration to the newspapers published under valid declaration; Scrutiny and analysis of annual statements sent by the publishers of newspapers every year; ensuring that newspapers are published in accordance with the provisions of the Press and Registration of Books Act 1867 and the Rules made there under, and; preparation and submission to the Government on or before 31st December each year, a report containing all available information and statistics about the press in India with particular reference to the emerging trends in circulation and in the direction of common ownership units etc. Under the non-statutory functions, it is responsible for formulation of Newsprint Allocation Policy, and assessing and certifying the essential need and requirement of newspaper establishments to import printing and composing machinery and allied materials.

There is no statistical set up as such in the organization. However, the Report Cell in the Office of Registrar is responsible to bring out the Annual Report of PRESS IN INDIA. The data is compiled on the basis of annual statement submitted by publishers of the newspapers giving the details of their circulation.

The statistical manpower in the Office of Registrar of Newspaper of India is given below:

Professional	:	0
Intermediate	:	0
Primary	:	2
Total	:	2

23. MINISTRY OF LABOUR AND EMPLOYMENT

Under the Constitution of India, Labour is a subject in the Concurrent List where both the Central and the State Governments are competent to enact legislations subject to certain matters being reserved for the Centre. The Ministry of Labour has the mandate to protect and safeguard the interests of workers in general and those constituting the deprived and marginal classes of the society in particular with due regard to creation of a healthy work environment for higher production and productivity. The Ministry seeks to achieve this objective through enactment and enforcement of labour laws and implementation Schemes / Programmes relating to welfare, health, safety and social security of the workers.

In the Ministry of Labour and Employment (Main Secretariat), there are two main sections viz. Wage Cell, and Economic and Statistical Analysis (Labor Bureau) Section, which are dealing with statistical activities.

The Wage Cell is mainly responsible for Examination of the Employments for adding them to the Schedule of the Minimum Wages Act, Fixation / revision of Rates of Minimum Wages for scheduled employments in the central sphere, Enhancement of Wage Ceiling under the Payment of Wages Act, Fixation / Revision of National Floor Level Minimum Wages, and Collection / compilation of rates of minimum wages of scheduled employments received from States / UTs, etc. The Economic and Statistical Analysis (Labour Bureau) is the nodal section in the Ministry looking after all the administrative / financial matters of the Labour Bureau besides reviewing and monitoring the statistical work done by the Labour Bureau.

Statistical manpower in position in the Ministry (Main Secretariat) is given below:

Professional	:	4
Intermediate	:	2
Primary	:	3
Total	:	9

23.00.01 Directorate General of Employment & Training

The Directorate General of Employment and Training under the Ministry of Labour and Employment is mainly responsible for framing overall policies, norms and standards for vocational training; diversifying, updating and expanding training facilities in terms of craftsmen and crafts instructors' training; organizing and conducting specialized training and research at the specially established training Institutes; implementing regulating and increasing the scope of training of apprentices under the Apprentices Act, 1961; organizing vocational training programmes for women; providing vocational guidance and employment counselling; conducting regular training programmes for Employment Officers and develop staff training material for use by the Employment Service personnel, and ; collecting/disseminating information concerning employment and unemployment and prescribe uniform reporting procedures.

Statistical activities/ matters in the DGE&T are carried out under the overall guidance of Deputy Director General (Employment) which *inter-alia* includes formulation of National Employment Policy; Collection, Compilation and Publication of statistics relating to Employment Exchanges; Census of Central Government employees; Vocational guidance & Carrier Counseling; Organisation of training programme for Employment Officers. Data on employment in public and private sectors are collected statutorily as part of the Employment Market Information (EMI) Programme. Educational and occupational profiles are also compiled annually.

Statistical Unit in DGE&T is responsible for compilation of employment exchange statistics, and; employment-unemployment and labour-force statistics. The employment data in the organised sector is collected under the Employment Market Information Programme by the Employment Market Information (EMI) Unit. The information is collected in Employment Return (ER-I) on quarterly basis under the provision of Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959. The Act covers all establishments in the Private Sector where ordinarily 25 or more persons are employed to work for remuneration and all establishments in the Public Sector. The functions of EMI unit include scrutiny of Employment Statements received from States/ U.Ts; tabulation of data on Employment by different branches of Public/ Private Sectors by Industry division and sex etc. relating to previous and current quarters on the basis of EMI statements received from States/ U.Ts; preparation of Appendices, Derivative tables etc. for incorporation in the Employment Reviews; collection of data/ information from other Ministries/ Departments about the progress achieved in the implementation of various Employment Generation Schemes; etc.

The Survey and Study Unit of DGE&T is responsible for collection, analysis and presentation of statistics on establishments engaged in apprenticeship training, intake capacity, output and their employability in the labour market; preparation of the profile of the Central Government Employees working in various parts of the country, and; collection, analysis and presentation of job opportunities available for persons possessing diploma, degree and post graduate qualifications in various branches of engineering, technology, agriculture, medicine, natural sciences, social sciences and teaching, etc.

The following publications are brought out by DGE&T:

Annual:

- Employment Exchange Statistics
- Employment Review
- Trade Apprenticeship Training in India
- Census of Central Government Employees
- Bulletin on Job Opportunities in India

Quarterly:

- Quick Estimates of Employment.
- Employment Review.

Statistical manpower in DGE&T is given below:

Total	:	4

23.00.03 Labour Bureau

The Labour Bureau, Shimla was set up in 1946 for collection of comprehensive labour statistics in the context of formulation of labour policy, by merging the Directorate of Cost of Living, set up in 1941 for compilation and maintenance of cost of living index number, with it.

The organization is headed by a Director General and has two main wings at Chandigarh and at Shimla. It has four Regional Offices, each at Ahmedabad, Kanpur, Kolkata and Chennai with a Sub-Regional Office in Mumbai. The work relating to different aspects of Labour Statistics is attended to by its offices in Chandigarh and Shimla. The Regional Offices mainly attend to the work of price audit so as to ensure collection of reliable price data used for constructing the Consumer Price Index Numbers for Industrial Workers. Training programmes aimed at improving the quality of data sent by Govt. agencies under the various Labour enactments are also organized by the Regional Offices.

The main statistical activities of the Labour Bureau can broadly be categorized under

five groups: Construction and Maintenance of Index numbers; Conducting Surveys and Studies on various categories & facets of labour; Collection of data through a number of statutory and voluntary returns; Bringing out Publications, and; Imparting Training.

The publications brought out by Labour Bureau are given below:

Monthly:

- Indian Labour Journal

Annual:

- Indian Labour Year Book
- Indian Labour Statistics
- Pocket Book of Labour Statistics
- Statistics of Factories
- Report on the Working of the Minimum Wages Act, 1948
- Review of Industrial Disputes in India
- Labour Statistics under the A.S.I.
- Statistics on Closure, Retrenchments and Lay-offs

Biennial:

- Trade Unions in India

Ad hoc:

- Statistical Profile on Women Labour
- Digest of Indian Labour Research

Statistical manpower in the Bureau in position is given below:

Professional	:	14
Intermediate	:	48
Primary	:	201
Total	:	263

23.00.04 Director General of Mines Safety, Dhanbad

Directorate General of Mines Safety (DGMS) has its headquarters at Dhanbad with six zonal offices. The Directorate is mainly responsible for exercising preventive as well as educational influence over the mining industry by drafting appropriate legislation and setting standards through a variety of promotional initiatives and awareness programmes. It also promotes the concept of 'self-regulation' as well as 'workers' participation in safety management' and, with changing scenario, attempts to superimpose its traditional role of seeking compliance by legal sanctions and work prohibition optimally with advisory and other safety promotional initiatives, thereby creating an environment in which safety is given due priority.

The Statistics Division of the Directorate, comprising of three Sections viz. Coal Section, Non-coal Section, and Accident Section deal with the statistical activities of the Directorate. Compilation, processing and publication of data received from mine managements for both coal and non-coal; maintenance, processing and finalization of data of different kind of accidents in mines and its publication, as received through statutory returns, is the responsibility of Accident Section under the Statistics Division.

There is one more section in Hqrs. Viz. "Study of Mine Accidents and Development of Mines Safety Information System" wherein some statistical analysis on accident-prone mines and on prime causes of accidents is carried out with the assistance of statistical staff. Besides, there are two field offices, one at Hyderabad and other at Sitarampur, where collection and compilation of accident statistics is done by statistical officers.

Following publications are brought by the Statistics Division:

Annual:

- Statistics of Mines in India Vol. I (Coal)
- Statistics of Mines in India Vol II (Non-Coal)

Statistical manpower in position in the Directorate and its field offices is given below:

Professional	:	3
Intermediate	:	11
Primary	:	7
Total	:	21

24. MINISTRY OF LAW AND JUSTICE

Ministry of Law And Justice comprises of the Legislative Department and the Department of Legal Affairs. The Department of Legal Affairs is concerned with advising the various Ministries of the Central Government while the Legislative Department is concerned with drafting of principal legislation for the Central Government.

There is no statistical set up in the Ministry of Law and Justice.

25. MINISTRY OF MICRO, SMALL & MEDIUM ENTERPRISES

The Ministry of Micro, Small & Medium Enterprises (MSME) came into being in May 2007 by merger of Ministry of Agro and Rural Industries and Ministry of Small Scale Industries. The Micro, Small & Medium Enterprises Development Act, 2006 seeks to facilitate the Development of these enterprises as also enhance their competitiveness. It provides the first ever legal framework for recognition of the concept of “enterprises which comprises both manufacturing and service entities”. The Ministry is responsible for all matters relating to Micro, Small and Medium Enterprises. It designs and implements policies and programmes through its field organizations and attached offices for promotion and growth of MSME sector.

The Statistics & Data Bank Division of the Ministry is responsible for implementation of the scheme “Collection of Statistics of MSEs” objective of which is to collect, compile and disseminate statistical data / information on various economic parameters like number of enterprises, employment and production of micro and small enterprises sector. Conduct of census, sample surveys, collection of data for index of Industrial Production (IIP) and updation of frame are also covered under the scheme which is being implemented from 5th Five Year Plan, launched in 1975. The scheme is implemented through State Directorates of Industries and their District Industries Centres. During the 8th Plan (1992-97) a component of computerization of 138 DICs and 25 SDIs was added to automate the functions of SDIs/DICs for better utilization of staff, decentralized data analysis and dissemination etc. Since October 2006, the coverage of the scheme has been extended to collect data on the Micro, Small and Medium Enterprises.

Under the Promotional Package for Small and Medium Enterprises (SMEs), “Collection of Statistics and Information on MSMEs through quinquennial census and annual surveys” has been envisaged. Recognizing the enormous contribution of the MSE to generate economic growth, providing widely dispersed employment, equitable regional development as also their locational flexibility and adaptability in the face of competition, a scheme for “Strengthening the database for MSME Sector” has been announced by the Government with the objective of collection of statistics on MSMEs through annual sample surveys and quinquennial census; collection of data on women owned and managed enterprises, and; collection of data on exports made by MSMEs. During 2007-08, 4th All-India Census of registered and sample survey of unregistered micro, small and medium enterprises was taken up.

Statistical Staff in position in the Ministry is as follows:

Professional	:	6
Intermediate	:	48
Primary	:	100
Total	:	154

25.00.01 Khadi & Village Industries Commission

The Khadi and Village Industries Commission (KVIC) is a statutory body established by an Act of Parliament. The KVIC is responsible for planning, promotion, organization and

implementation of programs for the development of Khadi and other village industries in the rural areas in coordination with other agencies engaged in rural development, wherever necessary. Its functions also comprise building up of a reserve of raw materials and implements for supply to producers, creation of common service facilities for processing of raw materials as semi-finished goods and provisions of facilities for marketing of KVI products apart from organization of training of artisans engaged in these industries and encouragement of cooperative efforts amongst them. The KVIC is also charged with the responsibility of encouraging and promoting research in the production techniques and equipment employed in the Khadi and Village Industries sector.

The Directorate of Economic Research at the Central Office, Khadi and Village Industries Commission (KVIC), Mumbai deals with collection, compilation and analysis of KVIC data for periodical and annual reports; conduct of special studies and surveys; and monitoring and evaluation of the performance of khadi and village industries.

Statistical manpower in position in the Khadi and Village Industries Commission is as given below:

Professional	:	4
Intermediate	:	21
Primary	:	24
Total	:	49

25.00.02 Coir Board

Coir Board is a statutory body established by the Government of India under a legislation enacted by the Parliament namely Coir Industry Act 1953 for the promotion and development of Coir Industry in India as a whole. The main functions of the Board as laid down in Act are to promote the development, under the control of the Central Government, of the Coir Industry including promoting exports of coir yarn and coir products; regulating the production of husks, coir yarn and coir products by registering coir spindles and looms for manufacturing coir products as also manufacturers of coir products, licensing exporters of coir yarn and coir products and taking such other appropriate steps as may be prescribed; undertaking, assisting or encouraging scientific, technological and economic research and maintaining and assisting in the maintenance of research institutes; collecting statistics from manufacturers of, and dealers in, coir products and from such other persons as may be prescribed, on any matter relating to the coir industry; fixing grade standards and arranging when necessary for inspection of coir fibre, coir yarn and coir products; improving the marketing of coconut husk, coir fibre, coir yarn and coir products in India and elsewhere and preventing unfair competition; promoting cooperative organisation among producers of husks, coir fibre and coir yarn and manufacturers of coir products; ensuring remunerative returns to producers of husks, coir fibre and coir yarn and manufacturers of coir products; etc.

Collection, compilation, analysis and dissemination of statistical data pertaining to coir industry are one of the major functions assigned to the Coir Board under the coir industry act

1953. Coir Board compiles data on production of coir and coir products, domestic consumption, export and other trade related information. Other statistical activities of the Board include conducting Coir Industry Survey; Market Analysis; Setting up of Trade Information Centre; Documentation of coir related information, and data collection.

There is no statistical staff in the Board.

26. MINISTRY OF MINES

The Ministry of Mines is responsible for survey and exploration of all minerals, (other than natural gas and petroleum) for mining and metallurgy of non-ferrous metals like aluminum, copper, zinc, lead, gold, nickel etc. and for administration of the Mines and Minerals (Development and Regulation) Act, 1957 (MMDR Act) in respect of all mines and minerals other than coal and lignite. . The Ministry of Mines has jurisdiction over Geological Survey of India and Indian Bureau of Mines, both of which are subordinate offices.

26.00.01 Indian Bureau of Mines (IBM)

The Indian Bureau of Mines (IBM) established in 1948, is mainly responsible for conservation of minerals, scientific development of mineral resources and protection of environment in mines other than coal, petroleum & natural gas, atomic minerals and minor minerals. Headed by the Controller General, IBM has six technical divisions with its head quarters at Nagpur. There is a Modern Mineral Processing Laboratory and Pilot Plant, established with the assistance of United Nations Development Programme at Nagpur. IBM has 3 Zonal Offices, 12 Regional Offices and 2 Sub-Regional Offices, 2 Regional Ore Dressing Laboratories and Pilot Plants spread over the Country.

The Mining and Mineral Statistics Division works as the Nation's Data Bank on Mines and Minerals. Administration of Rule 45 of the Mineral Conservation and Development Rules (MCDR) 1988 is one of the important functions of this Division. Under the said rule, monthly, annual and explosives returns are furnished by about 3000 mines in pre-specified formats. These returns contain data on employment, wages, quantity and value of inputs, rent, royalty, depreciation, taxes, cess, reserves, exploration, mineral rejects, chemical constituents, feed grades, mining methods, mining operations, mining leases, mining machinery, explosives, production, stocks, dispatches, sale prices and cost of production. Data on external trade are received from the Director General of Commercial Intelligence and Statistics. Besides, this Division is also engaged in collection and compilation of monthly prices of minerals for Wholesale Price Index, LME and domestic prices of non-ferrous metals and production details of fuel minerals, minor minerals and ferrous and non-ferrous metals from different sources. IBM collects labour data from Directorate General of Mines Safety (DGMS) Dhanbad.

Following publications are brought out by the IBM:

- Monthly Statistics of Mineral Production
- Statistical Profiles of Minerals
- Indian Mineral Industry at a Glance (Pocket Book)
- Indian Minerals Year Book:

Statistical manpower in Indian Bureau of Mines is given below:

Professional	:	2
Intermediate	:	21
Primary	:	4
Total	:	27

26.00.02 Geological Survey of India

Geological Survey of India (GSI) is one of the oldest surveys in the World, and is a premier organization of Earth Science Studies in the sub-continent with a strength of 2100 geoscientists and technical professionals. It has a network of Offices located in all the states of India. It is responsible for preparing and updating geological, geophysical and geochemical maps of the country and its offshore area; exploring and assessing mineral and energy resources of the country and its offshore areas; systematically exploring the shallow subsurface domain of the country and developing/maintaining national drill core libraries and documentation centres; conducting research in earth sciences and promoting application of the new knowledge for effecting management of the earth system and its resources; creating and maintaining earth science data basis and acting as the national repository of earth science data generated by various organizations and disseminating these in public domain for development, educational and societal needs; etc.

There is no statistical section/division in the organization. The information and data generated by GSI on its various projects and mineral resources is published through reports. Statistical data of the country's mineral resources is generated by statistical section of IBM.

27. MINISTRY OF MINORITY AFFAIRS

The Ministry of Minority Affairs was created in January, 2006 as a nodal agency for formulation of policies and programmes and overall co-ordination of all activities for the welfare of minorities. The Ministry is responsible for overall policy, planning, coordination, evaluation and review of the regulatory and development programmes of the minority communities; all matters relating to Minority Communities except matters relating to law and order; policy initiatives for protection of minorities and their security in consultation with other Central Government Ministries and State Government; work relating to the evacuee Wakf properties under the Administration of Evacuee Property Act, 1950 (31 of 1950) (since repealed); representation of the Anglo-Indian Community; protection and preservation of non-Muslim shrines in Pakistan and Muslim shrines in India in terms of the Pant-Mirza Agreement of 1955, in consultation with the Ministry of External Affairs; matters pertaining to the socio-economic, cultural and educational status of minorities; minority organizations, including the Maulana Azad Education Foundation; etc. .

The Ministry has broadly three divisions namely; Policy and planning Division, Institutions & Media Division and Establishment /Wakf Division. The above activities have been distributed among these Divisions. The Ministry though do not have any specific section dealing with statistical work but the statistical data is collected, compiled and analyzed for the purpose of examination of the proposals for release of funds to the State governments by the Ministry. With regard to wakf properties, the State Wakf Boards are required to survey the Wakf properties under their jurisdiction. The collected data is compiled for planning and policy purposes. However, there is no statistical manpower for handling the statistical work.

28. MINISTRY OF NEW AND RENEWABLE ENERGY

Department of Non-conventional Energy Sources (DNES) was created in the then Ministry of Energy in 1982. Later it was made a full-fledged Ministry in 1992. In October 2006, the Ministry was re-christened as the Ministry of New and Renewable Energy. The Ministry is the nodal Ministry of the Government of India for all matters relating to new and renewable energy. The broad aim of the Ministry is to develop and deploy new and renewable energy for supplementing the energy requirements of the country.

Though there is no statistical set-up in this Ministry. However, the basic data on implementation of various programmes/schemes of the Ministry is being compiled by the existing normal sanctioned staff of the different programme divisions. The basic data being compiled includes year-wise and month wise number of systems installed, their capacities, location, etc., and is obtained from various stakeholders i.e. State Government Departments/ Nodal agencies, NGOs, Private Enterprises, etc.

29. MINISTRY OF OVERSEAS INDIAN AFFAIRS

The Ministry of Overseas Indian Affairs was established in May 2004 with the objective of bestowing mainstream attention to overseas Indians all over the world. There are an estimated 25 million overseas Indians in 110 countries. The Ministry endeavors to look after the interest of this huge and diverse community and to engage them with India. It deals with all matters relating to Overseas Indians comprising Persons of Indian Origin (PIO) and Non-Resident Indians (NRIs); Promotion of investment by Overseas Indians in India including innovative investments and policy initiatives consistent with the overall Government policies particularly in areas such as exclusive Special Economic Zones (SEZs) for Overseas Indians; All emigration under the Emigration Act, 1983 (31 of 1983) from India to overseas countries and the return of emigrants; Policy regarding employment assistance to PIO/NRIs excluding reservations in Government service; Collection and dissemination of information concerning admission of NRI/PIO students to various educational, technical and cultural institutions in India wherever discretionary quota for NRI/PIO students exists, in consultation with the Ministry of Human Resource Development and the Ministry of Culture; etc.

There is no statistical set up in the Ministry, being a small Ministry. However, statistics relating to Emigration like distribution of annual labour outflows from India by destination; suspension of emigration clearance; State-wise number of workers granted emigration clearance etc. and other aspects is maintained/ compiled by the secretariat staff of the Ministry.

30. MINISTRY OF PANCHAYATI RAJ

The Ministry of Panchayati Raj was created in May 2004 to deal with all matters relating of Panchayati Raj and Panchayati Raj Institutions. The Ministry of Panchayati Raj is responsible for the work of advocacy for, and monitoring of the implementation of Constitution (73rd Amendment) Act, 1992 and the Provisions of the Panchayats (Extension to the Scheduled Areas) Act, 1996 to ensure that the State Panchayati Raj Acts adhere to the provisions of the above mentioned two Acts and are implemented in letter and spirit. The Ministry is required to ensure that the States/UTs hold timely elections, set up State Finance Commissions and implement their recommendations, constitute District Planning Committees and empower them suitably to ensure grass-root level planning to feed into State and Central level Planning effectively. One major task of the Ministry is to ensure that the State Governments/UT Administrations devolve funds, functions and functionaries on the Panchayati Raj Institutions in the spirit of the Constitutional provisions, and formulate/implement an Action Plan for seeing PRIs to emerge as “Institutional of Local-Self Government” securing economic development and social justice in their respective areas. Capacity Building of elected representatives and officials of PRIs as well as functionaries involved in the Rural Development Programmes is an important activity of the Ministry to enforce economic development and social justice at the local level.

There is no statistical set-up in the Ministry.

31. MINISTRY OF PARLIAMENTARY AFFAIRS

Ministry of Parliamentary Affairs serves as an interface between the two houses of the Parliament and the Government in respect of Government Business in Parliament.

There is no formal statistical set up in the Ministry, the statistical activities of the Ministry being limited to compilation & updation of various information relating to functioning of Parliament.

The Ministry brings out a yearly statistical publication viz. "Statistical Hand Book".

There is no statistical staff in the Ministry.

32. MINISTRY OF PERSONNEL, PUBLIC GRIEVANCES AND PENSIONS

The Ministry of Personnel, Public Grievances and Pensions is the coordinating agency of the Central Government in personnel matters, specially on issues concerning recruitment, training, career development, staff welfare as well as the post retirement dispensation. The Ministry is also concerned with the process of responsive people-oriented modern administration. The Ministry comprises three Departments viz. Department of Personnel and Training; Department of Pension and Pensioners' Welfare, and; Department of Administrative Reforms & Public Grievances.

There is no formal statistical set-up in the Ministry and its Departments.

33. MINISTRY OF PETROLEUM AND NATURAL GAS

The Ministry of Petroleum & Natural Gas is entrusted with the responsibility of exploration and production of oil and natural gas, their refining, distribution and marketing, import, export, and conservation of petroleum products and Liquefied Natural Gas. The marketing of petroleum products in India is handled by the four public sector oil companies viz: Indian Oil Corporation Ltd, Hindustan Petroleum Corporation Limited, Bharat Petroleum Corporation Ltd. and Bharat Petroleum Ltd.

All the Statistical functions of the Ministry are carried out by the Economic Division which is headed by an Economic Adviser, assisted by a Joint Director and a Research Officer. Economics and Statistics Section is responsible for maintaining various databases on Petroleum & Natural Gas Sector; bringing out statistical publications; providing necessary statistical support on the Oil Sector to various Central Ministries/ State Departments and international agencies; monitoring production performance of Oil & Natural Gas Sector; supplying data on production of petroleum products to Ministry of Statistics & Programme Implementation for preparation of "Index of Industrial Production" etc.

Following statistical publications are brought out by the Ministry of Petroleum and Natural Gas:

Annual

- Indian Petroleum & Natural Gas Statistics;
- Basic Statistics on Indian Petroleum & Natural Gas

Statistical manpower in the Ministry of Petroleum and Natural Gas is given below:

Professional	:	0
Intermediate	:	2
Primary	:	1
Total	:	3

34. MINISTRY OF POWER

The Ministry of Power is concerned with perspective planning, policy formulation, processing of projects for investment decision, monitoring of the implementation of power projects, training and manpower development and the administration and enactment of legislation in regard to thermal, hydro power generation, transmission and distribution. The Ministry also administers the Electricity Act, 2003, the Energy Conservation Act, 2001 and undertake such amendments to these Acts, as may be necessary from time to time, in conformity with the Government's policy objectives. In all technical and economic matters, Ministry of Power is assisted by the Central Electricity Authority (CEA).

34.00.01 Central Electricity Authority

The Central Electricity Authority (CEA) is a Statutory Body constituted under the erstwhile Electricity (Supply) Act, 1948, hereinafter replaced by the Electricity Act, 2003. The office of the CEA is an "Attached Office" of the Ministry of Power. It is headed by a Chairman, who is also ex-officio Secretary to the Government of India, and comprises six full time Members of the CEA of the rank of ex-officio Additional Secretary to the Government of India. The CEA is responsible for the technical coordination and supervision of programmes and is also entrusted with a number of statutory functions. The CEA is supposed to advise the Central Government on the matters relating to the national electricity policy and formulation of short-term and perspective plans; specify the technical standards for construction of electrical plants, electric lines and connectivity to the grid; specify the safety requirements for construction, operation and maintenance of electrical plants and electric lines; specify the Grid standards for operation and maintenance of transmission lines; promote and assist in the timely completion of schemes and projects for improving and augmenting the electricity system; Collect and record the data concerning the generation, transmission, trading, distribution and utilization of electricity and carry out studies relating to cost, efficiency, competitiveness and such like matters; etc.

There is no statistical Division or Section in the authority, and collection, compilation and publication of statistical data is done by the Coordination Division. Following statistical publications are brought out by the Central Electricity Authority:

- Electricity Tariff & Duty and Average Rates of Electricity Supply in India
- All India Electricity Statistics, General Review
- Public Electricity Supply – All India Statistics – General Review
- Electricity Tariff & Duty and Average Rates of Electricity Supply in India

Statistical manpower in position in the central Electricity Authority is given below:

Professional	:	0
Intermediate	:	1
Primary	:	5
Total	:	6

35. MINISTRY OF RAILWAYS

The Ministry of Railways is endowed with the responsibility of managing and maintaining the Indian Railways and rail transport in India. The Railway Board, which is the apex body of the Indian Railways, reports to this Ministry. The Railway Ministry of India looks after the maintenance and management of the 16 Zonal Railways and the Metro Railways in India. The production units, central organizations related to railways in India and some central training Institutes related to the functions and productions of rails, also fall under the Railway Ministry of India.

The statistical set-up of the Indian Railways functions at two levels – Ministry of Railways (Railway Board) and the Zonal Railways. The Directorate of Statistics & Economics in the Ministry of Railways (Railway Board) co-ordinates and analyse the data for the Railway system, based on the information received from the Statistical Organisations of the Zonal Railways. This helps the different departments and the higher management to assess their individual performance, identify weaknesses and take remedial measures to improve the output. The Directorate of Statistics & Economics at Railway Board consists of two wings, viz. Statistical Wing, and Cost Analysis Wing.

The Statistics & Economics Directorate at Railway Board is headed by the Financial Commissioner (FC), while those on the Zonal Railways are headed by the Financial Adviser and Chief Accounts Officers (FA&CAO). The broad objectives of the Statistical Organisation of the Indian Railways are to act as the information bank of Indian Railways; to provide analyzed statistical data to top management for evaluating Railways performance vis-à-vis targets set; to aid and evaluate norms for utilization of assets; to evolve formats and related instructions for compilation and the submission of statistical data by Statistical organizations on the Zonal Railways and other agencies and to guide them in professional matters; to bring about awareness in improving productivity of resources through statistical comparison and to inculcate cost consciousness with a view to achieving cost control/reduction; to provide data for fixing realistic tariff flows; and to provide data for project appraisals and taking management decisions on capital investments.

Following statistical publications are brought out by the Statistical & Economic Directorate of Railway Board:

Annual:

- Annual Statistical Statements
- Annual Reports and Accounts
- Year Book

Statistical manpower in position in the Ministry of Railways is given below:

Office	Professional	Intermediate	Primary	Total
Railway Board	8	14	39	61
Central Railway	3	25	46	74

Total	29	491	934	1454

36. MINISTRY OF ROAD TRANSPORT & HIGHWAYS

The Ministry of Road Transport and Highways is entrusted with the task of formulating and administering, in consultation with other Central Ministries/Departments, State Governments/UT Administrations, organisations and individuals, policies for Road Transport, National Highways and Transport Research with a view to increasing the mobility and efficiency of the road transport system in the country. The Ministry has two wings viz. Roads wing and Transport wing.

The Roads Wing deals with development and maintenance of National Highway in the country and is mainly responsible for planning, development and maintenance of National Highways in the country; extending technical and financial support to State Governments for the development of state roads and the roads of inter-state connectivity and economic importance, and; evolving standard specifications for roads and bridges in the country.

The Transport Wing deals with matter relating to Road Transport, and its main responsibilities are to prepare motor vehicle legislation; administer the Motor Vehicles Act, 1988; taxation of motor vehicles; compulsory insurance of motor vehicles; to administer the Road Transport Corporations Act, 1950 and promote Transport co-operatives in the field of motor transport; evolve road safety standards in the form of a National Policy on Road Safety and by preparing and implementing the Annual Road Safety Plan; collect, compile and analyze road accident statistics and take steps for developing a Road Safety Culture in the country by involving the members of public and organizing various awareness campaigns, and; to provide grants-in-aid to Non-Governmental Organizations in accordance with the laid down guidelines.

The Transport Research Wing (TRW) renders necessary data support to the Ministry for policy planning, implementation and monitoring purposes. The TRW also provides data support to Ministry of Shipping. It is the nodal agency for collection, compilation and dissemination of data on roads, road transport, motor vehicles, ports (maritime cargo volume and composition), shipping including ship building and ship repair and Inland waterways. Besides, it undertakes research studies pertaining to various aspects and issues related to transport sector from time to time. The Wing was established in 1963, and is at present headed by Adviser (Transport Research) and is assisted by officers at different levels. It collects data on the above mentioned sectors from the concerned source agencies viz. State Transport Departments, Road Transport Undertakings, Irrigation Department, Public Works Departments and Maritime Boards; National Highways Authority of India; Major ports; Directorate General of Shipping and Ship building companies; Inland Waterways Authority of India and Central Inland Water Transport Corporation; etc. The data is disseminated to the users through various publications. TRW also monitors the monthly performance of ports and also monitors the progress of Port projects under implementation. It provides data to various organizations of Central and State Governments.

The publications concerning Road Transport and Highways brought out by the Transport Research wing are given below:

Annual:

- Road Transport Year Book
- Review of the Performance of SRTUs
- Road Accidents in India
- Basic Roads Statistics

Statistical manpower in Transport Research Wing is given below:

Professional	:	3
Intermediate	:	2
Primary	:	8
Total	:	13

37. MINISTRY OF RURAL DEVELOPMENT

The present Ministry of Rural Development was initially set up as a Department in 1974 under the then Ministry of Food and Agriculture. Since then, it has undergone various changes with creation of different departments within it. At present, the Ministry has been acting as a catalyst effecting the change in rural areas through the implementation of wide spectrum of programmes which are aimed at poverty alleviation, employment generation, infrastructure development and social security. This Ministry's main objective is to alleviate rural poverty and ensure improved quality of life for the rural population especially those below the poverty line. These objectives are achieved through formulation, development and implementation of programmes relating to various spheres of rural life and activities, from income generation to environmental replenishment. The Ministry presently consists of the three Departments viz; Department of Rural Development, Department of Land Resources and Department of Drinking Water Supply.

37.01 Department of Drinking Water Supply

The provision of Drinking Water Supply and extension of Sanitation facilities to the rural poor are the main components of the activities of the Department of Drinking Water Supply. The major programmes of the Drinking Water Supply Department are The Swajaldhara, the Accelerated Rural Water Supply Programme (ARWSP) and the Total Sanitation Programme (TSP).

37.02 Department of Land Resources

Department of Land Resources implements schemes to increase the bio-mass production by developing wastelands in the country. Department also provides the support services and other quality inputs such as land reforms, betterment of revenue system and land records. It also undertakes development of desert areas and drought prone areas in the country. The major programmes of the Department of Land Resources are Drought Prone Area Programme (DPAP) The Desert Development Programme (DDP) the Integrated Wasteland Development Programme (IWDP) and Land Reforms (LR). These aim at increasing the soil and moisture conservation and productivity of the wasteland of the degraded lands thereby increase the income of the people.

There is no Statistical Division or Section functioning in the Department. However, the Monitoring and Evaluation Wing of the Department performs statistical functions. The details of the physical and financial progress of various programmes are received from programme implementing agencies viz. DRDA/Zilla Parishad. The data in respect of area sanctioned, funds released, area treated, area brought under Afforestation, agro-forestry, sand dune stabilization, pasture development, man days generated etc. for each project are compiled by the department for effective monitoring of these programmes. The mid-term evaluation of programmes is undertaken by the panel of independent evaluators for taking corrective action, if required for the proper implementation of the schemes. The Department also commissions impact assessment studies of Watershed programmes with reputed national/international institutes to assess the impact of the programmes.

Further, a centrally sponsored scheme “National Land Records Modernization Programme (NLRMP)” is being implemented with the ultimate goal to achieve conclusive titles with title guarantee, by replacing the current presumptive title system in the country. The information in respect of computer centers at district and sub-division level, construction of modern record rooms, data entry work undertaken, digitization of maps, etc. received from the State/UT Government are compiled for better monitoring of these schemes.

37.03 Department of Rural Development

The Department of Rural Development implements schemes for generation of self employment and wage employment, provision of housing and minor irrigation assets to rural poor, social assistance to the destitute and Rural Roads. Apart from this, the Department provides the support services and other quality inputs such as assistance for strengthening of DRDA Administration, Panchayati raj institutions, training & research, human resource development, development of voluntary action etc. for the proper implementation of the programmes. The major programmes of the Department of Rural Development are Pradhan Mantri Gram Sadak Yojana, (PMGSY), Rural Housing (RH) Sampoorna Gramin Rozgar Yojana (SGRY) and Swaranjayanti Gram Swarozgar Yojana (SGSY).

While the statistical matters relating to specific programmes are handled in the respective Divisions with the help of statistical staff posted in the Divisions, statistical matters pertaining to the whole Ministry and those requiring coordination are primarily handled in the Monitoring Division of the Ministry. The Monitoring Division is responsible for continuous monitoring of the Rural Development Programmes and their evaluation. The tools used by the Ministry for monitoring include on-line monitoring of the monthly/quarterly progress reports of the programmes, data base management, meetings of Performance Review Committee, State Nodal Officers meetings, National Level Monitors (retired civil and defence personnel who make field visits for monitoring), Area Officers visits and Vigilance & Monitoring Committee meetings. Besides, Information Technology related matters are also handled in the Monitoring Division. Adviser (Stats.), posted in the Monitoring Division, is responsible for coordinating on all matters with the Ministry of Statistics and Programme Implementation and for giving statistical advice to other Divisions.

Statistical manpower in position in the Departments of Ministry is given below:

Department	Professional	Intermediate	Primary	Total
i. Department of Drinking Water Supply	1	0	6	7
ii. Department of Land Resources	0	0	0	0
iii. Department of Rural Development	2	2	7	11
Total	3	2	13	18

37.03.01 National Institute of Rural Development(NIRD)

The National Institute of Rural Development is mandated to examine and analyse the factors contributing to the improvement of economic and social well-being of people in rural areas; to facilitate the rural development efforts with particular emphasis and focus on the rural poor by improving the knowledge, skills and attitudes of rural development officials and non-officials through organising training, workshops and seminars, and; to coordinate and compile the Annual Rural Development Statistics (RDS) and release the same by the end of May every year.

The Institute carry out its mandate through 10 centres, namely:

- i. Centre for Agrarian Studies and Disaster Mitigation (CAS&DM)
- ii. Centre for Equity and Social Development (CESD)
- iii. Centre for Gender Studies (CGS)
- iv. Centre for Human resource Development (CHRD)
- v. Centre for Information Technology and Quantitative Techniques (CITQT)
- vi. Centre for Media and Rural Documentation (CMRD)
- vii. Centre for Planning , Monitoring and Evaluation (CPME)
- viii. Centre for Panchayati Raj (CPR)
- ix. Centre for Self Employment and Rural Enterprises (CSERE)
- x. Centre for Rural Credit and Development Banking (CRCDB)

While there is no statistical Centre/Division in this Institute, statistical activities of various centres like coordinating & compiling the Annual Rural Development Statistics and organisation of training courses for Statistical officers are performed by Faculty posted in different centres.

The Institute brings out a Statistical Publication on annual basis viz. "Rural Development Statistics".

Statistical manpower in position in the National Institute of Rural Development is given below:

Professional	:	5

38. MINISTRY OF SCIENCE AND TECHNOLOGY

The Ministry of Science and Technology is charged with formulation and administration of the rules and regulations and laws relating to science and technology in India. The Ministry consists of three Departments namely; Department of Biotechnology, Department of Science and Technology, and Department of Scientific and Industrial Research.

38.01 Department of Bio-Technology (DBT)

The Department of Biotechnology (DBT) was set up in 1986 under the Ministry of Science and Technology for the development in the field of modern biology and biotechnology in India. The Department of Bio-Technology is required to promote large scale use of Biotechnology, support R&D and manufacturing in Biology, promote University and Industry Interaction, identify and Set up Centers of Excellence for R&D, serve as Nodal Point for specific International Collaborations, establish infrastructure facilities to support R&D and production, evolve Bio Safety Guidelines, manufacture and application of cell based vaccines, and Serve as nodal point for the collection and dissemination of information relating to biotechnology.

The statistical activities of the Department are undertaken under the advice of a Statistical Adviser. The statistical activities performed by the Adviser are to create a system for monitoring projects received, processed and outcomes generated; to develop a strategy and software for submission of proposals on line; to provide statistical support to clinical trial committee; to create approach for monitoring Biotech Industry performance, and; monitor the implementation of biotech strategy.

Statistical manpower in the Department of Bi-Technology is given below:

Professional	:	1
Intermediate	:	0
Primary	:	0
Total	:	1

38.02 Department of Science and Technology

Department of Science & Technology (DST) was established in May 1971, with the objective of promoting new areas of Science & Technology and to play the role of a Nodal department for organizing, coordination and promoting S&T activities in the country. The Department is mainly responsible for formulating policies relating to Science and Technology; promoting new areas of Science & Technology with special emphasis on emerging areas; futurology; coordination and integration of areas of Science & Technology having cross-sectoral linkages in which a number of institutions and departments have interest and capabilities; Undertaking or financially sponsoring scientific and technological surveys, research design and development, where necessary; supporting and Grants-in-aid to Scientific Research Institutions, Scientific Associations and Bodies; Matters concerning domestic technology particularly the promotion of ventures involving the commercialization of such technology other than those

under the Department of Scientific and Industrial Research; Promotion of Science and Technology at the State, district, and village levels for grass-roots development through State Science and Technology Councils and other mechanisms, etc.

The National Science and Technology Management Information System (NSTMIS), a division of Department of Science and Technology (DST) has been entrusted with the task of building the information base on a continuous basis on resources devoted to scientific and technological activities for policy planning in the country. The main functions of the Division are to collect data on resources deployed for Science and Technology, in general, and R&D in particular. It undertakes biennial surveys to compile data for more than 4000 scientific and technological Institutions in the country, undertakes a number of adhoc surveys and studies and also provides information on various parameters concerning science and technology to National and International bodies.

The statistical manpower in the Department of Science and Technology is given below:

Professional	:	4
Intermediate	:	1
Primary	:	3
Total	:	8

38.02.01 National Atlas and Thematic Mapping Organisation (NATMO)

The National Atlas and Thematic Mapping Organisation (NATMO) in the Department of Science and Technology is a subordinate office of the Ministry of Science and Technology, mainly responsible for Compilation of the National Atlas of India; preparation of the National Atlas maps in regional languages; preparation of thematic maps based on research studies on environmental and related aspects and their impact on social and economic development; Geographical Researchers, Remote Sensing & GISD, Digital Image Processing; etc. The Organisation has a statistical section, headed by Senior Statistical Officer. It mainly deals with collection, compilation and analysis of statistical data for National Atlas and Thematic Mapping.

Statistical Manpower in the Organization is given below:

Professional	:	2
Intermediate	:	4
Primary	:	0
Total	:	6

38.03 Department of Scientific and Industrial Research (DSIR)

The Department of Scientific and Industrial Research (DSIR) under the Ministry of Science and Technology was set up in January 1985 to carry out the activities relating to promotion, development, utilization and transfer of indigenous technology. The Department endeavors to promote R&D by the industries, support a larger cross section of small and medium industrial units to develop state-of-the-art globally competitive technologies of high commercial potential,

catalyze faster commercialization of lab-scale R&D, enhance the share of technology intensive exports in overall exports, strengthen industrial consultancy & technology management capabilities and establish user friendly information network to facilitate scientific and industrial research in the country. It also provides a link between scientific laboratories and industrial establishments for transfer of technologies through National Research Development Corporation (NRDC) and facilitates investment in R&D through Central Electronic Limited (CEL). The objectives are achieved through programmes and institutions like Technology Promotion, Development and Utilization (TPDU) Programmes; Council of Scientific and Industrial Research (CSIR); consultancy Development Centre (CDC); National Research Development Corporation (NRDC); and Central Electronics Limited (CEL).

The Department does not have any statistical set up as such.

38.03.01 Council of Scientific and Industrial Research

Council of Scientific and Industrial Research (CSIR) is an autonomous R&D Organization under Department of Science & Industrial Research having multi-disciplinary, multi-locational setup comprising 37 national laboratories and 37 outreach Centres. Over the years, CSIR has matured into a performance driven and knowledge centric organization. It has been a proactive generator of technologies for industrial growth, S&T anchor for strategic sector, technology hub for societal welfare and science base for progression of knowledge base. Few of CSIR laboratories have personnel with statistical background to provide services like resource planning and statistical analysis of different R&D projects.

The statistical manpower in position in CSIR is as follow:

Professional	:	28
Intermediate	:	19
Primary	:	8
Total	:	55

39. MINISTRY OF SHIPPING

The Ministry of Shipping encompasses within its fold shipping and ports sectors which include shipbuilding and ship-repair, major ports, national waterways, and inland water transport. The Ministry has been entrusted with the responsibility to formulate policies and programmes on these subjects and their implementation.

The Transport Research Wing (TRW), under administrative control of Department of Road Transport and Highways, renders necessary data support to Ministry of Shipping for policy planning, implementation and monitoring purposes. It is the nodal agency for collection, compilation and dissemination of data on roads, road transport, motor vehicles, ports (maritime cargo volume and composition), shipping including ship building and ship repair and Inland waterways. The Transport Research Wing was established in 1963, and is at present headed by Adviser (Transport Research) who is assisted by officers at different levels. It collects data on the shipping sector from the concerned source agencies viz. Maritime Boards; Major ports; Directorate General of Shipping and Ship building companies; Inland Waterways Authority of India and Central Inland Water Transport Corporation; etc. The data is disseminated to the users through various publications. The TRW also monitors the monthly performance of ports and also monitors the progress of Port projects under implementation. It provides data to various organizations of Central and State Governments.

The publications concerning Shipping Sector brought out by Transport Research Wing are given below:

Annual:

- Basic Port Statistics
- Statistics of India's Ship Building and Ship – Repairing Industry
- Statistics on Inland Water Transport

Biannual

- Update on Indian Port Sector

Statistical manpower in Transport Research Wing which caters to both the Ministry of Shipping, and the Ministry of Road Transport and Highways is given below:

Professional	:	3
Intermediate	:	2
Primary	:	8
Total	:	13

39.00.01 Chennai Port Trust

Chennai Port, the third oldest port among the 12 major ports, is an emerging hub port in the East Coast of India. Maritime trade started way back in 1639 on the sea shore Chennai.

In tune with the international maritime developments, the port developed the Outer Harbour, named Bharathi Dock for handling Petroleum in 1972 and for mechanized handling of Iron Ore in 1974. In 1983, the port heralded the country's first dedicated container terminal facility. The Chennai port is one among the major ports having Terminal Shunting Yard and running their own Railway operations inside the harbour on the East Coast. The port is having railway lines running up to 68 kms. The port, with three Docks, 23 berths and draft ranging from 12m to 16.5m has become a hub port for Containers, Cars and Project Cargo in the East Coast.

The planning and Research Cell of the Port, created in 1964, and reorganised/upgraded in 1988 assist the administration to provide various statistical data as and when required by the Board / Ministry. The unit is headed by a Deputy Director. Presently the Unit is functioning as an independent Unit under Traffic Department headed by the Traffic Manager and monitors the port performance and compilation of trade statistics

Statistical manpower in position in the Chennai Port Trust is given below:

Professional	:	3
Intermediate	:	4
Primary	:	2
Total	:	9

39.00.02 Cochin Port Trust

Cochin is the fastest growing maritime gateway to peninsular India. Cochin Port Trust is an all-weather natural Port, located strategically close to the busiest international sea routes from the Gulf to Singapore and Europe to the Far East circuits. The Port is spearheading fast-track maritime and industrial growth in the large geographical spread of its economically vibrant hinterland. The logistically sensitive Port is emerging as the most preferred investment destination for maritime commerce.

The Planning and Research Division, under the administrative control of the Secretary of the Cochin Port Trust, who is assisted by Dy. Director, Statistical & Research Officers is the statistical set up of the Port Trust. The division is responsible to provide data/information related to various functions of the port like labour productivity, shipping, traffic throughout, equipment utilization, etc. to the management and other Port related agencies at various time intervals for taking appropriate policy decisions.

Statistical manpower in position in Cochin Port Trust is given below:

Professional	:	2
Intermediate	:	6
Primary	:	4
Total	:	12

39.00.03 Mormugao Port Trust

Mormugao Port Trust, GOA is one of the oldest ports on the west coast of India, with a

fine natural harbour. The Port was declared a Major Port in December 1963. The Port is the premier iron ore exporting Port of India with an annual throughput of around 27.33 million tonnes of iron ore traffic. Though ore is the predominant cargo, there has been a steady increase in liquid bulk and general cargo traffic ever since its joining the ranks of the Major Ports of India. Excellent facilities, high productivity, streamlined administration and a dedicated workforce all go towards making this Port one of the most efficient Port in Indian subcontinent.

In the Mormugao Port, a Planning Cell was started as far back as 1964 which was functioning under the supervision of a Director of Planning (Traffic) entrusted with the functions of streamlining the system of collection of statistics and starting of regular analysis of data; economic analysis of port developmental proposals; traffic forecasting; hinterland studies, study of port rating problem; gathering of various economic information for planning purposes; etc. The work load of Planning Cell was reviewed and it was suggested to establish an independent Planning & Research Department in order to enable it to perform its functions efficiently. The Planning & Research Department was created in the Port on 21.2.1970. Now the port has a full-fledged department of Planning & Research under a head of the Department as prescribed in the Major Port Trust Act, 1963. The broad functions entrusted to this department are planning and formulation of annual and five year plans; appraisal, evaluation and monitoring the progress of plan schemes, etc.; evolving and implementing management information systems, including maintenance of statistical data banks, for retrieval of information; conducting research studies on port operators, economies and management; analysis of traffic, forecasting and trade promotion, including publicity and public relations; work study covering method study, job evaluation, organizational analysis, work measurement, layout planning, etc; manpower planning and development; development and running in-house training center for all categories/level of employees; maintenance of records of the Organisation on systematic basis, retrieving records on demand from the concerned department and maintenance of Micro filming of records, etc.

The Planning & Research Department has since been converted into a full fledged Management Services Department by constituting a separate Operational and Performance Audit Branch (OPA) within the department and re-named as “Department of Planning & Management Services”. Statistical Section functions within this department.

The Statistical manpower in position in the Mormugao Port Trust is given below:

Professional	:	1

39.00.04 Mumbai Port Trust

The Port of Mumbai has long been the principal gateway of India. It lies midway on the West coast of India, and is gifted with a natural deep-water harbour of 400 sq. Kms. protected

by mainland of Konkan on its east and island of Mumbai on its west. For decades, Mumbai Port remained India's premier port. Even today, with the development of other ports in the neighborhood, it caters to about 11 % of the total sea borne traffic handled by Major Ports of the country in terms of volume. It handles about 20 % of POL traffic and 21 % of General traffic handled by Major Ports of India.

The Planning & Research Department of the Port under a Director is mainly responsible for coordination, formulation and monitoring of plan schemes, as also statistical analysis & investigation, etc.

Statistical manpower position in the Mumbai Port Trust is given below:

Professional	:	5
Intermediate	:	9
Primary	:	24
Total	:	38

39.00.05 Paradip Port Trust

The Port of Paradip was commissioned in the year 1966 for handling of iron ore cargo. Over the years, the port has grown up and at present it handles multifarious cargo. Paradip Port is one of the major Ports of India serving the Eastern and Central parts of the country. Its hinterland extends to the states of Orissa, Jharkhand, Chhatisgarh, West Bengal, Madhya Pradesh and Bihar. The Port mainly deals with bulk cargo apart from other clean cargoes.

The Statistical Section of the Port performs the functions of collection, classification, analysis and presentation of statistical data. Beside, the Section also conducts in-house training programmes at Paradip Port.

Statistical manpower in position in the Paradip Port Trust is given below:

Professional	:	1
Intermediate	:	1
Primary	:	3

39.00.06 Visakhapatnam Port Trust

The port of Vishakhapatnam opened to sea going vessels during the year 1933 passed through different administrative jurisdiction of the Government of India and transferred to the Port Trust during the year 1964 under major port trusts Act 1963. The port plays a crucial role as the middle point distribution base for Southern, Eastern, Central and Northern States of India.

The Research and Planning Department, established on 27.1.1970 with the objective of assisting the management in decision making process by providing economic advice and necessary data, to ensure operation of the Port on a rational economic basis is the statistical

set up of the Port. The Department is one among the 10 departments of the port and functions under the control of the deputy chairman and chairman. The department is responsible for research studies, planning and management of information system. The Management Information System of the Research and Planning department is responsible for collection, collation, compilation and maintenance of traffic statistics, shipping statistics, equipment statistics and labour productivity statistics and other statistics relating to employment, accident, strikes and stoppages, etc; Providing data for the developmental projects in preparation of Feasibility reports; providing data to the publications such as: Major Ports Profile (IPA publications), Basic Port Statistics(TRW publications, MOSRT&H); Port View, and performance budget is also the responsibility of Management Information System of Department.

The following statistical publications are brought out by the Research and Planning Department:

Monthly:

➤ Port View

Annual:

➤ Port View
➤ Administration Report
➤ Capital Budget

Statistical manpower in the Visakhapatnam Port Trust including is given below:

Professional	:	5
Intermediate	:	7
Primary	:	13
Total	:	25*

*: Includes personnel of Information Technology Division.

40. MINISTRY OF SOCIAL JUSTICE AND EMPOWERMENT

Ministry of Social Justice & Empowerment is entrusted with the welfare, social justice & empowerment of disadvantaged and marginalized section of the society viz, Scheduled Caste, Backward Classes, Persons with Disabilities, Aged Persons, and victims of Drug Abuse etc. Basic objective of the policies, programmes, law and institution of the Indian welfare system is to bring the target groups into the main stream of development by making them self-reliant.

There is no statistical set-up in the Ministry except the Planning, Research, Evaluation & Monitoring Division which sponsors research & evaluation studies to assess the impact of the schemes & programmes implemented by the Ministry, besides collection & compilation of statistical data on various aspects. The division is headed by a Dy. Director General who is a professional statistician.

The only statistical publication brought out by the Ministry of Social Justice and Empowerment, is “Handbook of Social Welfare Statistics”.

Statistical manpower in position in the Ministry is given below:

Professional:	1
Intermediate:	0
Primary:	0
Total	1

41. MINISTRY OF STATISTICS AND PROGRAMME IMPLEMENTATION

The Ministry of Statistics and Programme Implementation (MOSPI) consists of National Statistical Organization (NSO) and the Programme Implementation (PI) Wing, and is headed by a Minister of State (Independent Charge) for Statistics and Programme Implementation. At the executive level, it is headed by Secretary to Government of India, who is also the Chief Statistician of India. The NSO consists of two offices viz. Central Statistical Office (CSO) and National Sample Survey Office (NSSO). The CSO and NSSO are both headed by respective Director Generals. The PI Wing of the Ministry, presently headed by Principal Adviser in the rank of Secretary to Government of India, consists of three Divisions viz. Member of Parliament Local Area Development Division, Infrastructure and Project Monitoring Division, and Twenty Point Programme Division. Besides NSO and PI Wing, the Ministry has an administrative wing responsible for establishment, housekeeping, vigilance matters and cadre management of Indian Statistical Service and Subordinate Statistical Service.

The Ministry of Statistics and Programme Implementation is the nodal Ministry in Government of India for planning and facilitating the integrated development of the statistical system in the country. As a nodal Ministry on all statistical matters, it is responsible for:

- (i) laying down and maintaining norms and standards in the field of official statistics, evolving concepts, definitions, classifications and methodologies of data collection, processing of data and release of results;
- (ii) coordinating statistical activities amongst Ministries / Departments of the Government of India as well as with the State agencies involved in statistical activities with a view to improving the quality of data; identifying gaps in data availability or duplication of statistical work and suggesting remedial measures; and reducing time-lag in bringing out various statistics ;
- (iii) advising the Ministries / Departments of the Government of India as also State Governments on statistical matters, including methodology and analysis of data;
- (iv) disseminating national-level statistical information to Government, semi-Government , private data users / agencies and international agencies;
- (v) improving Official / Applied Statistics in the country by supporting research and training ;
- (vi) designing and conducting nation-wide sample surveys on various socio-economic aspects and related activities to strengthen the socio-economic data base of the country, and release of results;
- (vii) undertaking methodological studies and pilot surveys for evolving better sampling techniques and estimation procedure etc;
- (viii) participating and contributing in all international initiatives for development of statistical systems;
- (ix) coordinating and monitoring the implementation of the SAARC Social Charter;
- (x) undertaking statistical tracking of Millennium Development Goals for India;
- (xi) notifying the Data Dissemination Policy, and creating a Data Warehouse of Official Statistics for easy access to the published as well as unpublished

- validated data from one source;
- (xii) developing and maintaining a National Data Bank of Socio-Religious categories;
- (xiii) designing and conducting training programmes and internships in official statistics and statistical methodologies for officers of Central and State Governments, International Agencies and others;
- (xiv) developing the National Academy of Statistical Administration (NASA) into a premier institute for training and research in official statistics;
- (xv) ensuring that the Indian Statistical Institute, Kolkata functions in accordance with the provisions of Indian Statistical Institute Act, 1999 (57 of 1999);
- (xvi) managing Indian Statistical Service (ISS) and Subordinate Statistical Service (SSS), two cadres of professional statisticians;
- (xvii) administering the Collection of Statistics Act, 2008 (7 of 2009);

Besides functioning as a Nodal Ministry on all statistical matters, the Ministry also compiles certain important data sets at national level like preparing National Accounts as per the UN System of National Accounts and its dissemination as per Special Data Dissemination Standards; preparing and releasing Consumer Price Index Numbers for Urban and Rural Sectors; preparing and releasing Index of Industrial Production (IIP); conducting Annual Survey of Industries (ASI), and; conducting Economic Census every fifth year and releasing their results.

The Ministry is also responsible for implementing the Member of Parliament Local Area Development Scheme (MPLADS); monitoring of the central projects of Rs. 20 crores and above; monitoring the performance of Infrastructure Sectors; and monitoring the Twenty Point Programme of the Government.

Through a Government of India Resolution of 1st June 2005, Government has set up a Commission, namely, the National Statistical Commission (NSC) to serve as a nodal and empowered body for all core statistical activities of the country, evolve, monitor and enforce statistical priorities and standards and to ensure statistical co-ordination among the different agencies involved. The NSC consists of a part-time Chairperson; four part-time Members one each in the fields of Economic Statistics, Social & Environment Statistics, Census & Surveys, and National Accounts & State Statistical System, and; Secretary, Planning Commission as Members. The Chief Statistician of India serves as the Secretary of the NSC.

The Central Statistical Office (CSO) consists of four Divisions, namely, the National Accounts Division (NAD), the Economic Statistics Division (ESD), Social Statistics Division (SSD), and the Training Division. The Headquarter of the CSO is located at New Delhi with Industrial Statistics Wing of ESD at Kolkata. The Central Statistical Office is responsible for coordination of statistical activities in the country, and evolving and maintaining statistical standards. Its activities include National Income Accounting; conduct of Annual Survey of Industries, Economic Censuses and its follow up surveys, compilation of Index of Industrial Production, as well as Consumer price Indices for Urban Non-Manual employees, Human Development Statistics, Gender Statistics, imparting training of Official Statistics, work relating to Development of Statistics in the States and Union Territories; dissemination of statistical information, work

relating to trade, energy, construction, and environment statistics, revision of National Industrial Classification, etc.

The National Sample Survey Office (NSSO) functions under the overall directions of a Steering Committee with requisite independence and autonomy in the matter of collection, processing and publication of NSS data. In addition to the non-official Chairman, the Steering Committee is composed of academicians, data users from Central and State Government departments and senior officers of the Ministry. The Director General and Chief Executive Officer (DG&CEO) of NSSO is also the Member-Secretary of the Steering Committee. The NSSO consists of four divisions viz. Survey Design and Research Division (SDRD) located at Kolkata; Field Operations Division (FOD) having more than 170 offices spread throughout the length and breadth of the country with Hqrs. at Delhi and Faridabad; Data Processing Division (DPD) with Hqrs at Kolkata and Centres at Ahmedabad, Bangalore, Delhi, Girdih, Kolkata and Nagpur, and; Coordination & Publication Division (CPD) at Delhi. The National Sample Survey Office (NSSO) carries out socio-economic surveys, undertakes field work for the Annual Survey of Industrial and follow-up surveys of Economic Census, sample checks on area enumeration and crop estimation surveys and prepares the urban frames useful in drawing of urban samples, besides collection of price data from rural and urban sectors. The major activities of the NSSO pertain to Survey Design, Field Operations, Processing of data collected and releasing of the results based on surveys.

The Computer Centre, located at Delhi is headed by a Deputy Director General. The Computer Centre handles the data processing jobs of the MOSPI, provides training to statistical personnel on software, maintains the MOSPI's website and the National Data Warehouse of Official Statistics.

Besides various Divisions of CSO and NSSO, there is one Division viz. Coordination and Administration Division (CAD) which functions independently in the Ministry and responsible for all matters connected with Plan Coordination for the Ministry, Coordination with Central and State Statistical Organisations, Celebration of Statistics Day, Coordination of Performance Budget of the Ministry, Bringing out various Publications, Coordination of Annual Action Plan of the Ministry, etc.

The MOSPI is also responsible for the India Statistical Institute and ensuring its functioning in accordance with the provisions of the Indian Statistical Institute Act 1959.

The Ministry brings out a large number of regular and ad-hoc publications, a few important being as follows:

Quinquennial:

- Input-Output Transaction Tables

Annual:

- National Accounts Statistics

- Statistical Pocket Book of India
- Statistical Abstract of India
- India in Figures
- Compendium of Environment Statistics
- Selected Socio-Economic Statistics of India
- Millennium Development Goals – India Country Report
- Results of Annual Survey of India
- Sarvekshana
- Results of Various Surveys Conducted by NSSO
- Consolidated Results of Crop Estimation Surveys on Principal Crops

Monthly:

- Monthly Abstract of Statistics

Ad-hoc:

- National Accounts Statistics – Back Series
- National Accounts Statistics — Sources and methods
- State-wise Estimates of Value of Output from Agriculture and Livestock
- Women and Men in India
- SAARC Social Charter — India Country Report
- Elderly in India — Profile and Programmes
- Youth in India – Profile and Programmes
- Statistical System in India
- Directory of Sample Surveys in India
- Energy Statistics
- Reports on Economic Census

Statistical manpower in position in the Ministry and its offices is as follows:

Division	Professional	Intermediate	Primary	Total
A. Statistics Wing	223	1256	1595	3074
Central Statistical Organisation	75	66	57	198
National Sample Organisation	148	1190	1538	2876
B. Programme Implementation Wing	4	0	0	4
TOTAL (A & B)	227	1256	1595	3078

42. MINISTRY OF STEEL

The Ministry of Steel is responsible for co-ordination and planning of the growth and development of Iron and Steel Industry in the country both in the Public and Private Sectors; formulation of policies in respect of production, pricing, distribution, import and export of iron & steel, ferro alloys and refractories; and development of input industries relating to iron ore, manganese ore, chrome ore and refractories etc. , required mainly by the steel industry.

The Joint Plant Committee (JPC) established by the Government of India in 1964, for formulating guidelines for production, allocation, pricing and distribution of iron and steel materials in the country, has emerged as a facilitator in the form of an information service provider for Indian steel industry, being empowered to obtain from producers, processors, dealers and consumers of iron and steel such information and data as it may require in discharging the functions specified under Iron & Steel (Control) Order 1956 as well as for maintaining a comprehensive data base in respect of any matter including production, movement and prices. With the closure of the Office of Development Commissioner for Iron & Steel (DCI&S) in May 2003, JPC came to be entrusted with the task of collection of data of the Secondary Steel Producers as well, which was being performed till then by the O/o DCI&S.

The JPC has its headquarter at Kolkata with four regional offices in New Delhi, Kolkata, Mumbai and Chennai and the Economic Research Unit at New Delhi, serving as a wing of JPC to carry out techno-economic studies. JPC is the only institution in the country, which is officially empowered to collect data on the Indian iron and steel industry, resulting in the creation and maintenance of the only basic databank on this industry. JPC is responsible for collection, compilation, estimation and dissemination data on production, capacity and stock of main producers: SAIL plants, Tata Steel, RINL and Essar Steel, JSW Steel, Ispat Industries and other Producers covering the segments: Pig iron, Sponge iron, Induction, Furnace, Electric Arc Furnace, Re-rolling, HR, CR, Galvanized/Color coated, Tin Plate, Wire drawing, etc; domestic Market Prices I from four metro cities, Kolkata, Mumbai, Chennai & New Delhi; import and export data (EDI/Non-EDI from Customs; consumption data; FOB and CIF Prices & Landed cost of select steel items, production data of Raw Materials for Steel and prices of raw materials for Steel. The JPC is also responsible for conducting segment specific surveys for updating the database and finalization of population/frame.

Following statistical publications are brought out by the JPC:

- JPC Bulletin on Iron & Steel
- Performance Review: Iron & Steel
- Annual Statistics
- Survey Reports

Statistical manpower in JPC Kolkata Headquarters and its four regional offices associated with statistical activities, both directly and indirectly is given below:

Office	Statistical Manpower			
	Professional	Intermediates	Primary	Total
JPC Headquarters, Kolkata	5	16	0	21
JPC Regional Offices				
Kolkata	1	3	0	4
New Delhi	1*	4	0	5
Mumbai	1	3	0	4
Chennai	1	2	0	3
Total	9	28	0	37

* Holds additional charge of Chennai regional office

43. MINISTRY OF TEXTILES

The Ministry of Textiles is responsible for policy formulation, planning, development, export promotion and trade regulation in respect of the textile sector. The developmental activities of the Ministry are oriented towards making adequate quantities of raw material available to all sectors of the textile industry and augmenting the production of fabrics at reasonable prices from the organized and decentralized sectors of the industry. Towards this objective, the Ministry lays down guidelines for a planned and harmonious growth of various sectors of the industry. Special emphasis is given to the development of handlooms in view of its large employment potential. The Ministry monitors the techno-economic status of the industry and provides the requisite policy framework for modernization and rehabilitation. The Ministry coordinates the activities of Textiles Research Associations and lends financial support to them for undertaking research and development.

In the rapid changing scenario of trade liberalization, the textile industry needs more effective planning and strategy to face the competition in international markets. Thus current information on production, designs and fashion and other related market and trade developments and its analysis are of immense significance to production planners and policy makers. The Economic Research and Market Intelligence Unit (ERMIU) collect and disseminate information on above aspects for the benefit of trade and industry. The main unit is located in the Office of Textile Commissioner at Mumbai and two satellite units are located in the Ministry of Textiles, New Delhi and in the Office of the Textile Commissioner, Mumbai. The main functions of the Unit are to provide information related with textiles to Government, Industry and Trade; organize data/information available at various organizations in India and abroad related with textiles; conduct spot studies/surveys/census to study market intelligence; create a Data Bank of all such Data/information, and; analyze interpret and forecast trends.

43.00.01 Office of Development Commissioner for Handicrafts

The Office of the Development Commissioner (Handicrafts) is an attached office of Ministry of Textiles. It is a central nodal office to work for socio-economic upliftment of the artisans and supplement the efforts of the State Governments for promotion and development of handicrafts within the country and abroad. The responsibilities of the office are overall development and growth of the Handicrafts Sector, to strive for socio-economic upliftment of artisans, to developing entrepreneurship among the artisans, promoting community enterprise, expanding reach of the handicrafts in domestic and global markets, providing better tools, technologies and designs to artisans, using IT tools for furthering the artisans interests, and take up census/surveys useful to the sector and the Government for policy planning.

There is no particular section for Statistical Activities in this office. However, data pertaining to Census of handicrafts artisans, employment, production are maintained by P&R Division of this office and data pertaining to Export Statistics is maintained by Export Division of this office.

The Statistical staff in the office of Development Commissioner is given below:

Professional:	1
Intermediate:	0
Primary:	0
Total	1

43.00.02 Office of the Development Commissioner for Handlooms

Office of the Development Commissioner for Handlooms was set up as an attached office in November, 1975 under the Ministry of Commerce. At present it functions under the Ministry of Textiles. Twenty Five Weavers' Service Centres in 20 States are functioning under the administrative control of Office of the Development Commissioner for Handlooms as Field Units to look after the needs of the handloom weavers like their skill up gradation, design development etc. The Office of Development Commissioner for Handlooms has one Chief Enforcement Office with its regional offices at Chennai and Ahmadabad, to protect handloom sector from the clutches of the power loom sector through the implementation of Handlooms (Reservation of articles for production) Act, 1985.

There is no statistical set up in the organization.

43.00.03 Office of the Jute Commissioner

The Jute Commissioner looks after orderly development and promotion of the jute industry in India. He has been discharging both regulatory and developmental functions. This not only includes jute mills, but covers right from raw jute marketing up to the finishing stage of jute goods production, including development of machineries and accessories used in jute manufacturing units. *The primary functions of the office are* to advise the government on all matters pertaining to raw jute, jute industry, modernization and diversification programme in both organized and decentralized sectors, development of jute machinery industry, etc.; to promote orderly exports through operation of a voluntary scheme of jute goods export targets and formulation of policy measures for achievement of target set; to generate greater consumer-awareness about jute products and promote the markets for non-conventional and diversified jute products jointly with connected organizations etc.

The Statistical Section compile, tabulate, analyse and interpret the daily prices of all types of jute goods for both ready and forward deliveries on the basis of daily quotations received from G.T.A. Prices relating to Hy. Cess, A Twill, DWflower bag and B.Twill of all grades are received from Gunny traders association is tabulated on a daily basis. Apart from this, Registers are maintained Millwise and Gradewise.

The Statistical staff in position in the office of the Jute Commissioner is given below:

Professional	:	-
Intermediate	:	1
Primary	:	-
Total	:	1

42.00.04 Office of the Textile Commissioner

The office of the Textile Commissioner was established in 1943 during the Second World War period for arranging the supply of cloth to the defence forces as well as civilian population. After the end of World War II, the Textile Commissioner was given the regulatory function of administering the prices, distribution and control of certain varieties of cloth meant for civilian consumption the post war conditions of scarcity. Over a period of time, the office has assumed a developmental role and has contributed towards modernization and holistic all round growth of diversified and broad based textile industry. This office formulates and implements various schemes of the Govt. in an industry friendly manner. The major strength of this office lies in very strong, technical and economic wing manned by professionally qualified and experienced officers. In addition, this office has wide reach through its 8 regional offices and 14 power loom service centers located in major textile clusters. The regional offices in coordination with head office are providing requisite technical support to the industry particularly decentralized sector of the industry in their endeavor to meet successfully the challenges of the globalised economy.

The Economic & Statistics Division, Technical Division, Cotton Division and Industry Consumer Service Division are mainly engaged in statistical activities. Out of these, the Economics & Statistics Division is the main provider of all statistics relating to Textile Industry and Trade, to all the Govt. Departments, organization, industry and trade association etc. over the entire country. This division is mainly engaged in collection, compilation, analysis and dissemination of such data relating to textile industry and reviewing the current trends in production, distribution, availability and stocks and prices of all textiles.

Statistical personnel in position in the Office of Textile Commissioner are furnished below:

Professional	:	9
Intermediate	:	14
Primary	:	37
Total	:	60

43.00.05 Central Silk Board

Central Silk Board established in 1949 as a statutory body under Govt. of India, is a national organization for overall development of sericulture and silk industry. Its headquarters is located in Bangalore. CSB is statutorily committed to promote the development of the silk industry by all appropriate measures, and for this purpose, in particular undertake, assist and encourage scientific, technological and economic research in the silk sector; devise means to improve cultivation of mulberry plantations; produce and distribute healthy silkworm seed; improve the quality and production of raw silk and the marketing of silk; and advise and report to Govt. of India on all matters relating to the development of the raw silk industry, including the import

44. MINISTRY OF TOURISM

The Ministry of Tourism is the nodal agency for the formulation of national policies and programmes and for the co-ordination of activities of various Central Government Agencies, State Governments/UTs and the Private Sector for the development and promotion of tourism in the country. This Ministry has field formation of 20 offices within the country and 13 offices abroad and one sub-ordinate office/project i.e. Indian Institute of Skiing and Mountaineering (IISM)/ Gulmarg Winter Sports Project. The overseas offices are primarily responsible for tourism promotion and marketing in their respective areas and the field offices in India are responsible for providing information service to tourists and to monitor the progress of field projects. The Ministry has under its charge a public sector undertaking, the India Tourism Development Corporation and autonomous institutions viz. Indian Institute of Tourism and Travel Management (IITTM), National Council for Hotel Management and Catering Technology (NCHMCT), and the Institutes of Hotel Management.

The Market Research Division (MR Division) of the Ministry is responsible for collection, compilation, analysis and dissemination of information on various aspects of tourism in India. The Division regularly compiles and releases statistics relating to foreign tourist arrivals, domestic & foreign tourist visits to different States of the country, occupancy rates of approved hotels etc. Periodical surveys are also undertaken to assess the profile of the international and domestic tourists such as their expenditure pattern, preferences, satisfaction level, etc. and to assess the availability and adequacy of infrastructural facilities at various tourist destinations in the country. The MR Division also undertakes studies and the work of preparation of master plans, perspective plans and detailed project reports for development of tourism in the country. To estimate the economic impact of tourism in the nation's economy, a Tourism Satellite Account (TSA) has also been developed by the Division.

The MR Division performs its various functions with the help of statistical personnel at various levels. The Division is headed by an Additional Director General, supported by one Joint Director General (NFSG level), two Deputy Directors (STS level) and 4 Research Officers (JTS level) and Data Processing Assistants and Data Entry Operators.

Two annual publications, brought out by the Market Research division, are:

- India Tourism Statistics
- India Tourism Statistics at a Glance

Statistical manpower in the Ministry in position is given below:

Professional	:	4
Intermediate	:	4
Primary	:	8
Total	:	16

45. MINISTRY OF TRIBAL AFFAIRS

The Ministry of Tribal Affairs was constituted in October 1999 with the objective of providing more focused attention on the integrated socio-economic development of the Scheduled Tribes (STs), in a coordinated and planned manner. The Ministry of Tribal Affairs is the nodal Ministry for the overall policy, planning and coordination of programmes for development of STs. To this end, the Ministry undertakes activities, which include: social security and social insurance to the Scheduled Tribes; Tribal Welfare: tribal welfare planning, project formulation, research, evaluation, statistics and training; promotion and development of voluntary efforts on tribal welfare; scholarship to students belonging to such tribes; development of Scheduled Tribes and all matters including legislation relating to the rights of forest dwelling Scheduled Tribes on forest lands.

The Statistics Division of the Ministry is responsible for collection, compilation and analysis of statistical data covering the subjects under the jurisdiction of the Ministry. Issues relating to 20 Point Programme and Migration are also dealt with by this Division, which is headed by an SAG level officer.

The only statistical Publication brought out by the Division is "Annual Report on Tribal Affairs".

Statistical manpower in the Ministry of Tribal Affairs is given below:

Professional	:	4
Intermediate	:	0
Primary	:	0
Total	:	4

46. MINISTRY OF URBAN DEVELOPMENT

The Ministry of Urban Development is the apex authority of Government of India at the national level to formulate policies, sponsor and support programmes, coordinate the activities of various Central Ministries, State Governments and other nodal authorities and monitor the programmes concerning all the issues of urban development and housing in the country. The Ministry is responsible for the properties of the Union, whether lands or buildings except those belonging to Ministry of Defence, the Ministry of Railways and the Department of Atomic Energy and the Department of Space; all Central/UTs Government Civil Works and Buildings; Horticulture Operations; Central Public Works Organisation; Issue of lease or conveyance deeds in respect of Government built properties and conversion of lease deeds, allotment of additional strips of land and correctional areas adjoining such properties; planning and coordination of urban transport systems, fixing of maximum and minimum rates and fares for rail-based urban transport systems other than those funded by the Indian Railways; Town and Country Planning; Delhi Development Authority; Delhi Water Supply and Sewage Disposal Undertaking of the Municipal Corporation of Delhi; etc.

Town and Country Planning Organisation (TCPO) is the technical arm of the Ministry of Urban Development. The Joint Secretary (Urban Development) of the Ministry is the ex-officio Chairman of the Organisation. The Chief Planner is the head of the Organisation who is assisted by a multi-disciplinary team of Town Planners, Regional Planners, Architects, Engineers and Social Scientists. TCPO is a multi-disciplinary Organisation. Based on multifarious activities it performs, TCPO is structured into eight Divisions namely; (1) Environmental & Regional Planning Division, (2) Metropolitan & Union Territories Division, (3) Special Projects Division, (4) Urban Infrastructure Development Scheme for Small and Medium Towns, (5) Urban & Regional Information System Division, (6) Industrial and Economic Planning Division, (7) Social Economic and Monitoring Division and (8) Policy Planning Division.

The major functions of TCPO are appraisal and monitoring of central Sector projects/programmes; advice to the Ministry of Urban Development, Planning Commission and other Central Ministries in Urban Development policies and Strategies; technical advice and assistance to State Town and Country Planning Departments; undertaking applied research in areas of topical interest; preparation of Manuals and Guides on various aspects of planning and development; organizing training programmes, conferences and workshops for in-service planners and officials in the field of urban and regional planning and development; providing consultancy services in planning projects at various levels; and developing Urban and Regional Information System.

There is no Statistical Section/Division/unit in TCPO. No statistical personnel are working in TCPO.

47. MINISTRY OF WATER RESOURCES

The Ministry of Water Resources is responsible for development, conservation and management of water as a national resource; and overall national perspective of water planning and coordination in relation to diverse uses of water. The Ministry has two attached offices i.e., Central Water Commission (CWC) and Central Soil and Materials Research Station, and seven subordinate offices including Central Ground Water Board (CGWB) and Central Water & Power Research Station (CWPRS).

There is no centralized set up of the statistical activities in the Ministry. Statistical units have been created in different attached/subordinate offices and in different wings of the Ministry. The activities of these statistical units are confined to the Wings/Offices where they are functioning. The newly created post of Additional Director General (Statistics) is assigned to Minor Irrigation Statistics Division and the post of Advisor (Statistics) created in the Central Water Commission is assigned for development of information system in the Ministry. There are statistical units functioning in the Ministry in Minor Irrigation Wing, Ganga Wing, Planning & Policy Wing, Project Wing, Indus Wing and Command Area Development Wing. Statistical units are also functioning in CGWB, CWPRS and different divisions of CWC. While the Statistical units in Minor Irrigation Division, Indus Division and P & P Division in the Ministry and CWC, CGWB and CWPRS are headed by Director, the other units are working under Deputy Director.

In the Ministry, the statistical activities undertaken by different Wings are as under:-

- (a) **Policy and Planning Division:** The statistical personnel deal with the work of annual plans and coordination.
- (b) **Indus Division:** The MOWR under the Indus Waters Treaty (1960) collects daily data from 280 hydrological sites on six basins, the Indus, the Jhelam, the Chenab, the Ravi, the Beas and the Sutluz and supply to Pakistan on monthly basis. A small statistical unit looks after this job.
- (c) **Ganga Division:** Under the provisions of Indo-Bangladesh joint River Commission, there is a system of transmission of flood forecasting data on major rivers like the Ganga, the Teesta, the Brahmaputra and the Barak during the monsoon season from India to Bangladesh. A small Statistical Cell looks after these activities.
- (d) **Minor Irrigation Division** operates a Centrally Sponsored Plan Scheme "Rationalisation of Minor Irrigation Statistics (RMIS)". The main aim of RMIS scheme is to build up a comprehensive and reliable data base in the Minor Irrigation Sector for future planning. Under this scheme there is a provision for conduct of Census for Minor Irrigation Schemes on quinquennial basis. During inter-census period, information is also collected from the States/Union Territories to keep basic information up to date. For regular reporting and coordination of activities in respect of statistical data compilation, Statistical Cells have been created in the nodal Department of States/UTs. These Statistical Cells are given full financial assistance by the Ministry

Under the RMIS scheme, three Censuses of Minor Irrigation Schemes have been conducted. The 3rd Minor Irrigation Census was conducted with reference year 2000-01. The report is available on the Ministry's website <http://mowr.gov.in>. The unit level data collected in the Minor Irrigation Censuses also available with NIC for the users. 4th Minor Irrigation Census has been launched with reference year 2006-07.

The Statistical Unit of the Minor Irrigation Division of the Ministry of Water Resources brings out one publication viz., "Report on Census of Minor Irrigation Schemes (quinquennial)".

The Statistical staff in position in Ministry of Water Resources apart from its attached and subordinate offices is as under;

Professional	:	9
Intermediate	:	1
Primary	:	0
Total	:	10

47.00.01 Central Soil and Materials Research Station

The Central Soil and Materials Research Station (CSMRS), an attached office of the Ministry of Water Resources, is a premier Institute in the country located at New Delhi which deals with field and laboratory investigations, basic and applied research on problems in geo-mechanics, concrete technology, construction materials and associated environment issues, having direct bearing on the development of irrigation and power in the country and functions as an adviser and consultant in the above fields to various projects and organizations in India and abroad.

47.00.02 Central Water Commission

Central Water Commission (CWC) is an attached office of the Ministry of Water resources. The Commission is charged with the general responsibilities of initiating and coordinating schemes for control, conservation and utilization of water resources throughout the country including Flood Control, Irrigation, Navigation, Drinking Water Supply and Water Power Development. The Commission also undertakes investigation, construction and execution of any such schemes as required.

The CWC is headed by its Chairman, who is an ex-officio Secretary to the Government of India. There are three technical wings in CWC, namely, Design and Research, Water Planning & Projects and River Management. Each of the wings is headed by a Member of the Commission with the Ex-Officio status of Additional Secretary to the Government of India. The wings consist of Organisations all of which are headed by Chief Engineers excepting Information System Organisation (ISO), which is headed by Advisor (Statistics). Each Organisation has the Directorates and Regional Circles spread across the country. Altogether there are 32 Organisations and 146 Directorates/Circles. Apart from Information System Organisation, there are four Directorates namely; Economics Directorate, P&M Directorate, River Data Directorate and Water Management Directorate which are having statistical personnel under the function of CWC.

The Information System Organisation(ISO) is the hub of information system in CWC and caters to the information needs within CWC, and disseminates information on water sector in general and river water in particular. The ISO maintains information base on water and related subjects by collecting data from various sources. Data emanating from programmes and activities of CWC and Ministry of Water Resources are also compiled and maintained by ISO. Work relating to creation and maintenance of an integrated National databank on Water Resources is also assigned to ISO. The ISO has three directorates viz. Hydrology Data Directorate, Information Technology Directorate, and Water Resources Information System Directorate which mainly performs the functions of maintaining hydrological data for non-classified basins of India covering data on discharge, sedimentation and water quality; collection, compilation and computerization of water resources and carrying statistical studies, and; providing information on water resources to users at national level by linking the State and Central ministries concerned with augmentation and utilization of water resources.

Other Directorates of CWC involved in statistical activities are Economic Directorate which is the nodal directorate of CWC for carrying out economic appraisal and analysis of externally aided irrigation projects; Plant and Machinery Directorate which inter-alia collects/analyze data on expenditure and employment generation of various categories of personnel from irrigation projects to work out employment generated per crores of rupees, etc.; River Data Directorate which compile data on gauge, discharge, sedimentation of water quality of river water as measured by field observation stations; Water Management Directorate which monitors storage position of important reservoirs, and; Technical Coordination Directorate which provides technical support in engineering, information technology and other related aspects of Central Water Commission.

The following statistical publications are brought out by Central Water Commission:

Annual:

- Handbook on Water and Related Information
- Water Sector at a Glance
- Pricing of Water in Public System in India(once in 5 years)
- Financial Aspects of Irrigation Projects in India

Biennial:

- Water and Related Statistics
- Integrated Hydrological Data Book (Non-classified River Basins)

The Statistical staff in position in various directorates of Central Water Commission is as under:

Professional	:	10
Intermediate	:	15
Primary	:	19
Total	:	44

47.00.03 Central Water and Power Research Station, Pune

Central Water and Power Research Station (CWPRS), Pune, founded in 1916, is the premier institution in the country devoted to hydraulic research. The activities of CWPRS primarily encompass the three sectors of water resources, power and water-borne transport. The institution advises on a variety of research and development (R&D) aspects pertaining to river training and flood control, development of river basins and setting up multipurpose projects, design and testing of turbines and pumps, design of ports and harbours, geophysical and seismological investigations, foundation and structural engineering and a number of allied disciplines.

The Statistics Division of the Research Station undertakes both client-sponsored and basic research studies in the field of hydrology & water resources and also provides statistical support to other disciplines/ divisions of CWPRS like studies on:

- Flood hydrology
- Rainfall-runoff modelling
- Stream-flow simulation
- Synthetic generation of single/ multi seasonal flows
- Rating curve analysis
- Analysis of multivariate data using correlation and regression techniques
- Development of stochastic models from empirical data for estimating/ forecasting purposes, etc.

While conducting studies of the nature afore-described, the division uses general purpose and application software as applicable. Some of the major projects handled by the Statistics division during the past one decade are given below.

- a) Characteristics of monitored flow-data in the Mandleshwar-Rajghat reach of Narmada river
- b) Availability of water in Tapi river in the vicinity of Surat city
- c) Water resources management for Krishna-Koyna lift irrigation scheme
- d) Estimation of Probable Maximum Flood for Tapi river at Ukai dam site
- e) Extreme value analysis of hydrometeorological data for the Kudankulam Nuclear Power Project, and
- f) Extreme value analysis of rainfall in the Mithi river basin, Mumbai.

The Statistics division disseminates technical information through reports/ papers/ articles published periodically, as per requirement. During the past one decade, 40 technical reports/ papers/ articles were published on the basis of various R&D studies conducted during the period.

The statistical staff in position in the CWPRS is as under;

Professional : 3

47.00.04 Central Ground Water Board

The Central Ground Water Board was constituted as the national apex organization in 1970. The main activities of the Board include macro-level hydro-geological investigations, deep exploratory drilling coupled with remote sensing studies, geophysical studies and pumping tests to study the subsurface hydro-geological features and nation-wide monitoring of the behavior of water table and water quality through a network of 15,640 hydrograph stations.

The Central Ground Water Board carries out exploratory drilling aided by geophysical and remote sensing studies to decipher the potentiality of various geological formations. To meet the two-fold challenge before the country of increased water demands and reduced in availability of fresh water, the Central Ground Water Board has promoted the practice of artificially recharging ground water including rain water harvesting. The Central Ground Water Board also provides technical know-how for construction of rainwater harvesting structures in various parts of the country free of cost. The Board regularly publishes scientific reports and maps for its fruitful utilization by the concerned State Governments and user agencies engaged in ground water development and management of the country.

There is a Statistical Section in the Board which is mainly responsible for maintaining and updating of the statistical analysis of data bank on Ground Water. The Statistical Section brings out the following publications:

Quarterly:

- CGWB News Letter

Ad-hoc:

- Ground Water Statistics
- District-wise Indices of Depth to Water Level in States for 14 Years
- Statistical Methods in Hydrology

The statistical staff in position in the Central Ground Water Board is as under:

Professional	:	1
Intermediate	:	0

48. MINISTRY OF WOMEN AND CHILD DEVELOPMENT

The Department of Women and Child Development was set up in the year 1985 as a part of the Ministry of Human Resource Development to give the much needed impetus to the holistic development of women and children. With effect from 30.01.2006, the Department has been upgraded to a Ministry. The Ministry has 4 autonomous organizations viz. Central Adoption Resource Authority (CARA), Central Social Welfare Board (CSWB), National Institute of Public Cooperation and Child Development (NIPCCD) and Rashtriya Mahila Kosh (RMK) working under its aegis. These organizations are fully funded by the Government of India and they assist the Ministry in its functions including implementation of programmes/schemes. The Ministry acts as a nodal Ministry for the advancement of women and children. It formulates plans, policies and programmes; enacts/ amends legislation; and guides and coordinates the efforts of both governmental and non-governmental organisations working in the field of Women and Child Development. Besides playing its nodal role, the Ministry implements certain innovative programmes for women and children which cover welfare and support services, training for employment and income generation, awareness generation and gender sensitization.

With the posting of a Statistical Adviser in February 2006, Statistics Division was created in M/o Women and Child Development. The statistical activities undertaken by the division are: compilation of Gender Development Index, Gender empowerment measure; works related to 'SAARC Gender Database'; coordination of works related to MDG and SAARC Social Charter; Activities towards 'Mainstreaming Time Use Surveys in the Statistical system in India'; compilation of Child Development Index; Monitoring of Action Plans; Monitoring of Twenty Point Programme/Other Programmes of Government of India (relating to indicators of WCD); Enforcing the standardized norms of Statistics, providing technical inputs for statistical data activities of the Ministry, creation of data base on details of beneficiaries (women and children) under various schemes implemented by various bureaus of the M/o Women and Child Development and other organizations in terms of SC/ST/others; performance appraisal of various schemes vis-à-vis progress shown by the indicators etc; creation and maintenance of data base, fact sheet on women, child, girl child; statistical publications on Women and Children/national profile on women and children; etc.

The Ministry brings out the following statistical publications:

- A Handbook of Statistical Indicators on Indian Women
- Sampark (Quarterly News Letter)

Statistical staff in position in the Ministry is given below:

Professional	:	2
Intermediate	:	0
Primary	:	0
Total	:	2

48.00.01 Central Social Welfare Board

The Central Social Welfare Board came into being in an era when welfare services for the disadvantaged sections of society were not systematised and the welfare infrastructure was not yet a formal construct, as an interface between the resources of the Government and the energy and outreach of the voluntary sector. Over the years, the Board has been steadily evolving into a mature instrument of social change that has its anchor in the changing realities of society. In order to maintain the topicality of its schemes and programmes and to remain responsive to the needs of society, the Board has been revamping and redesigning or formulating programmes that best fulfill emerging requirements. Besides Chairman, the Board has a 55 member General Body and a 15 member Executive Committee. The board brings out two magazines Samaz Kalyan and Social Welfare.

Statistical staff in position in the Board is given below:

Professional	:	2
Intermediate	:	0
Primary	:	0
Total	:	2

49. MINISTRY OF YOUTH AFFAIRS AND SPORTS

The Ministry of Youth Affairs & Sports was initially set up as the Department of Sports in 1982 at the time of organization of the IX Asian Games in New Delhi. Its name was changed to the Department of Youth affairs & sports during celebration of the International Youth Year, 1985. It became a Ministry in May, 2000. Subsequently, the Ministry has been bifurcated in Department of Youth Affairs and Department of Sports in April, 2008.

49.01 Department of Youth Affairs

The Youth, i.e. those falling within the age group of 15-35 years constitutes nearly 40% of the total population of India. This group which is the most vibrant and dynamic segment of the country's population constitutes potentially its most valuable human resource. To optimally tap their constructive and creative energies, the Department pursues the twin objectives of personality building and nation building, i.e. developing the personality of youth and involving them in various nation-building activities. As most of the issues concerning young people are the functions of other Ministries/Departments, like Education, Employment & Training, Health and Family Welfare, etc. the role of the Ministry of Youth Affairs & Sports is to act as a facilitator and catalytic agent.

There is no statistical set up in the Ministry.

50. DEPARTMENT OF ATOMIC ENERGY

The Department of Atomic Energy (DAE) came into being in August 1954 and has been engaged in the development of nuclear power technology, applications of radiation technologies in the field of agriculture, medicine, industry and basic research. As integrated group of organizations, the Department comprises five Research Centres, three Industrial Organizations, five Public Sector Undertakings and three Service Organisations. It has two Boards for promoting and funding extra-mural research in nuclear and allied fields, and mathematics. It also supports seven institutes of international repute engaged in research in basic sciences, astronomy, astrophysics, cancer research and education, etc.

There is no statistical set up in the department.

51. DEPARTMENT OF SPACE

Department of Space (DOS) has the primary responsibility for development of Space Technology and its applications for National Development. In pursuance of this objective, the Department has developed two operational systems viz. Indian National Satellite (INSAT) for Satellite Communication applications and Indian Remote Sensing Satellite (IRS) for Natural Resource Management applications. These systems are used by various Ministries/Departments of Central and State Governments and VOs/NGOs for various development purposes.

In view of the nature of responsibilities of the department, the Department has no direct role in collection of statistical data and it also has no statistical set up.

52. PLANNING COMMISSION

The Planning Commission was set up in March 1950 in pursuance of declared objectives of the Government to promote a rapid rise in the standard of living of the people by efficient exploitation of the resources of the country, increasing production and offering opportunities to all for employment in the service of the community. The Planning Commission was charged with the responsibility of making assessment of all resources of the country, augmenting deficient resources, formulating plans for the most effective and balanced utilisation of resources and determining priorities. The Prime Minister is the Chairman of the Planning Commission, which works under the overall guidance of the National Development Council. The Deputy Chairman and the full time Members of the Commission, as a composite body, provide advice and guidance to the subject Divisions for the formulation of Five Year Plans, Annual Plans, State Plans, Monitoring Plan Programmes, Projects and Schemes. The Planning Commission functions through several Divisions, each headed by a Senior Officer.

52.00.01 Labor Employment and Manpower Division

The Labor, Employment and Manpower Division of the Planning Commission is responsible for Analytical and Estimation Work, Employment Strategy, Labor and Manpower Policy, Plan schemes for Labor and Labor Welfare and Special Employment, Labor Policy, etc. Major statistical activities of the Division include analysis of data and trends in participation rates, labor force/work force, unemployment etc. from Census and NSSO; estimation of labor force employment and unemployment by various characteristics; estimation of status of employment; estimation of employment elasticity; estimation of sectoral employment & projection; trend analysis in wages and in GDP; etc.

The Division does not bring out any statistical publication.

Statistical manpower in position in the LEM Division of the Planning Commission is given below:

Professional	:	1
Intermediate	:	1
Primary	:	0
Total	:	2

52.00.02 Perspective Planning Division (PPD)

The primary role of the Perspective Planning Division of the Planning Commission is to analyse, assess, estimate and make projections relating to quantitative dimension of medium term and long term development plans. The projection exercises ensure that the quantitative dimensions of the plans are consistent between sectors and between various macroeconomic aggregates. The Division is responsible for making the projection of economic growth and its sector-wise distribution, projection of levels of living, estimation of poverty ratios, projection of Governments' fiscal balance, assessment and estimation of external sector balance. The Division has a formal economic modeling unit for providing sectoral growth profiles of the

economy under alternative assumptions. The activities of the Division cover macro-balance in National Accounting Frame under alternative assumptions of growth profiles, preparation of the fiscal sub-model of the macro-economic model for medium term plans, short and medium-term projections for imports, exports at sectoral level; policy issues associated with the WTO agreements and estimation of poverty line and incidence of poverty for which the Planning Commission is the nodal agency in the Government of India.

There is no separate statistical unit functioning in PPD. However, there are sanctioned posts for statistical officers in the Division.

Statistical manpower in the PPD is given below:

Professional	:	1
Intermediate	:	0
Primary	:	0
Total	:	1

52.00.03 Programme Evaluation Organisation (PEO)

The Programme Evaluation Organization was established in October, 1952, as an independent organization, under the general guidance and direction of the Planning Commission with a specific task of evaluating the community development programmes and other Intensive Area Development Schemes. The Programme Evaluation Organisation (PEO) undertakes evaluation of selected programmes/schemes under implementation, as per the requirement of the various Divisions of the Planning Commission and Ministries/Departments of Government of India. The PEO is conducting external evaluation, independent of the administrative channels, through direct observations, sample surveys and social science research methods. The PEO is primarily a field level organization under the overall charge of the Deputy Chairman, Planning Commission. It has a three-tier structure with its Headquarters at Planning Commission, New Delhi. The middle rung is represented by the Regional Evaluation Offices, while the next link is the Field Units known as the Project Evaluation Offices.

The statistical wing of PEO mainly assists in preparing the study design/methodology of the study, such as: preparation of sampling frame for selection of states, districts, block, gram panchayats, villages/habitations and beneficiaries/non-beneficiaries etc. for conducting the Evaluation Study. The PEO does not bring out any regular publication. It brings out evaluation reports on different subjects of development Schemes/Programmes of the Divisions of the Planning Commission/Central Ministries.

Statistical manpower in the PEO is given below:

Professional	:	3
Intermediate	:	3

Total	:	7

53. RESERVE BANK OF INDIA

The Reserve Bank of India Act, 1934 sets out the objectives of the Reserve Bank: 'to regulate the issue of Bank notes and the keeping of reserves with a view to securing monetary stability in India and generally to operate the currency and credit system of the country to its advantage'. The formulation, framework and institutional architecture of monetary policy in India have evolved around these objectives-maintaining price stability, ensuring adequate flow of credit to sustain the growth momentum, and securing financial stability. The responsibility for ensuring financial stability has entailed the vesting of extensive powers in and operational objectives for the Reserve Bank for regulation and supervision of the financial system and its constituents, the money, debt and foreign exchange segments of the financial markets in India and the payment and settlement system. In addition, the Reserve Bank pursues operational objectives in the context of its core function of issuance of bank notes and currency management as well as its agency functions such as banker to Government (Centre and States) and management of public debt; banker to the banking system including regulation of bank reserves and the lender of the last resort. Regulation, supervision and development of the financial system remain within the legitimate ambit of monetary policy broadly interpreted in India. The role of communication policy, therefore, lies in articulating the hierarchy of objectives in a given context in a transparent manner, emphasizing a consultative approach as well as autonomy in policy operations and harmony with other elements of macroeconomic policies.

The Department of Statistics and Information Management is the main provider of statistical services in the Reserve Bank of India. The primary objective of the Department is to provide high quality statistical service by way of collection, compilation, analysis and dissemination of information relating to monetary, banking, corporate and external sectors. The other major area of focus is to provide the inputs to the top management for policy formulation and to carry out research activities in conformity with these needs. In addition, the Department has been entrusted with the work of maintaining the Central Database Management System (CDBMS), a state-of-the-art data-repository based on the latest data warehousing technology.

Regional Offices of the Department located at Chennai, Kolkata, New Delhi, Ahmedabad, Bangalore and Lucknow form the support system for the data collection mechanism of the Department. These offices play a major role in collection, editing and compiling data pertaining to banking, corporate, balance of payments, foreign exchange and other statistics covering the regions under the respective jurisdictions. Periodically, they are conducting workshops on BSR, FETRS etc., for the bankers under their jurisdiction. These Offices are also taking leading role in IT advancements.

There are eleven divisions in the Department viz. Administration and Personnel Management Division, Balance of Payments Statistics Division, Banking Statistics Division, Company Finances Division, Corporate Studies Division, Division of Banking Studies, Forecasting Division, Operational Analysis Division, Statistical Analysis Division, Systems Management Division, and Survey Division. The divisions are headed by Directors. The Directors in the divisions

are supported by Assistant Advisers and Research Officers. Two/three divisions together are supervised by Advisers. Principal Adviser/Officer-in-charge is the administrative head of the Department.

The Department brings out the following publications:

Annual:

- Basic Statistical Returns of Scheduled Commercial Banks in India
- Statistical Tables Relating to Banks in India
- Profile of Banks

Quarterly:

- Quarterly Statistics on Deposits and Credit of Scheduled Commercial Banks

Adhoc:

- Handbook of Instructions on BSR 1 & 2 returns
- Branch Banking Statistics

Statistical manpower in position in the Reserve Bank of India is given below:

Professional	:	249@
Intermediate	:	-
Primary	:	153
Total	:	402

@ Includes statistical Intermediate Personnel also. It also includes DSIM (Central Office, Regional Offices and DSIM Officers in other operational departments) and general side officers at C.O. of DSIM.

54. CENTRAL BUREAU OF INVESTIGATION

The Central Bureau of Investigation (CBI) was set up in April 1963 as a central police agency with the objective of investigating the cases of bribery and corruption, as also violation of Central fiscal laws, major frauds relating to Government of India departments, public joint stock companies, passport frauds, crimes on the high seas, crimes on the Airlines and serious crimes committed by organised gangs and professional criminals. Over the years a few changes have been made in the mandate of the organization with addition of certain activities and transfer of certain activities to other organizations. At present, it has the following divisions:

- i. Anti Corruption Division
- ii. Economic Offences Division
- iii. Special Crimes Division
- iv. Policy & International Police Cooperation Division
- v. Administration Division
- vi. Directorate of Prosecution
- vii. Central Forensic Science Laboratory

The statistical work of the organization relating to Crime Records and Statistics Division, initially with CBI, has since been transferred to other organizations. While a part of the work relating to crimes was transferred to National Crime Record Bureau (NCRB), the work relating to Research Division was transferred to Bureau of Police Research and Development (BPR & D). At present, statistics generated as part of the administrative activity in the CBI, is maintained by the concerned Divisions.

55. CENTRAL VIGILANCE COMMISSION

The Central Vigilance Commission was set up by the Government in February, 1964 on the recommendations of the Committee on Prevention of Corruption to advise and guide Central Government agencies in the field of vigilance. CVC is conceived to be the apex vigilance institution, free of control from any executive authority, monitoring all vigilance activity under the Central Government and advising various authorities in Central Government organizations in planning, executing, reviewing and reforming their vigilance work. Consequent upon promulgation of an Ordinance, the Central Vigilance Commission has been made a multi member Commission with “statutory status” with effect from 25th August, 1998. With the passing of the CVC Bill by both the houses of Parliament in 2003 and subsequent assent by President, the Central Vigilance Commission Act 2003 came into effect from September 11, 2003. The Commission consists of one Central Vigilance Commissioner as Chairperson and two Vigilance Commissioners as members.

The Commission does not have any formal Statistical setup and the statistical functions are performed by the policy section which has a sanctioned post of Statistical Assistant.

56. COMPTROLLER AND AUDITOR GENERAL OF INDIA

The Comptroller and Auditor General (C & AG) of India is an independent constitutional authority. The C & AG is both audit as well as accounting authority for the Centre as well as States. However, the accounting function of the Centre was taken away in 1976 while accounting of the States continues with C & AG, except of Goa. The Indian Audit and Account Department, headed by C & AG of India is having offices in all the States, headed by Principle Accountant Generals or Accountant Generals.

There is no statistical set up in the department though the need for application of statistical sampling techniques in regularity (compliance) and performance (value for money) is being felt. A beginning has been made in this direction by creation of a post of Statistical Adviser.

Statistical staff in position in the department is as follows:

Professional	:	1
Intermediary	:	-
Primary	:	-
Total	:	1

57. UNION PUBLIC SERVICE COMMISSION

The Union Public Service Commission has been established under Article 315 of the Constitution of India. The Commission consists of a Chairman and ten Members. The terms and conditions of service of Chairman and Members of the Commission are governed by the Union Public Service Commission (Members) Regulations, 1969. The Commission is serviced by a Secretariat headed by a Secretary with two Additional Secretaries, a number of Joint Secretaries, Deputy Secretaries and other supporting staff.

The Union Public Service Commission has been entrusted with the following duties and role under the Constitution:

1. Recruitment to services & posts under the Union through conduct of competitive examinations;
2. Recruitment to services & posts under the Central Government by Selection through Interviews;
3. Advising on the suitability of officers for appointment on promotion as well as transfer-on-deputation;
4. Advising the Government on all matters relating to methods of Recruitment to various services and posts;
5. Disciplinary cases relating to different civil services; and
6. Miscellaneous matters relating to grant of extra ordinary pensions, reimbursement of legal expenses etc.

The major role played by the Commission is to select persons to man the various Central Civil Services and Posts and the Services common to the Union and States (viz. All-India Services).

1. ANDHRA PRADESH

The system of official statistics in the State of Andhra Pradesh (AP) is decentralized with the Directorate of Economics and Statistics (DES) functioning as a Nodal agency. The decision-making agencies in the government utilize the information provided by this Directorate. As a part of the State Government's e-Governance initiative, DES has also been designated as "Data Ware House" under which the DES is required to create a comprehensive database pertaining to Andhra Pradesh on various parameters. In addition to DES, several line departments are engaged in statistical activities related to their respective specialized field/subject. Departments' viz. Agriculture, Animal Husbandry, Medical and Health, etc. recruits its own staff as there is no common statistical cadre. Some departments like Rural Development, Labour, Fisheries, Forest, Education, Cooperation, Irrigation and Industries are engaging the services of Statistical personal on deputation basis. The data collection in the state is not facilitated by any State Legislation, except to the extent it is covered by Central legislations like Collection of Statistics Act and Registration of Births and Deaths Act.

Organizational Structure

2. The administrative structure is three tier viz., Planning Department, Directorate of Economics and Statistics (D.E.&S.), Chief Planning Office (C.P.O.) at District head quarters and also with important functionaries at Divisional level one Deputy Statistical Officer and Assistant Statistical Officer in each and every Mandal working under the control of Revenue Divisional Officer and Tahsildar respectively. The C.P.Os are present in all the 23 districts of the State. D.E. & S. is under the administrative Control of the Planning Department and is headed by a Director and supported by Joint Directors, Deputy Directors, Assistant Directors, Statistical officers, Deputy Statistical Officers, Assistant Statistical officers and the ministerial staff. The manpower comprises of mostly Statisticians and Economists at various levels. The Director, Directorate of Economics & Statistics, Andhra Pradesh is designated as State Agriculture Statistical Authority (S A S A) in this State.

Statistical Activities of DES

3. Main statistical activities of DES are as under:

- Conduct of Agricultural Census (Census of Land Holdings)
- Conduct of Economic Census (Quinquennial)
- Conduct of Census of State Government and Public Sector Employees
- Conduct of Minor Irrigation Census
- Conduct Distributive Trade Survey
- Rainfall Statistics and Seasonal Conditions
- Timely Reporting of Agricultural Statistics (T.R.A.S)

- Crop Estimation Surveys – NAIS(General – Mandal as a unit)
- Crop Estimation Surveys - Village Insurance Scheme (Village as a unit)
- Conduct Fruit and Vegetables Surveys
- Collection of Cost of Cultivation Studies
- Estimation of Gross State Domestic Product (GSDP)
- Estimation of Gross Fixed Capital Formation (GFCF)
- Estimation of District Domestic Product
- Economic and Purposive Classification of A.P Government Budget
- Participation in Annual Survey of Industries (ASI)
- Compilation of Index of Industrial Production (IIP)
- Maintenance of Business Register
- Collection of Price Statistics (Wholesale as well Retail)
- Collection of Wages of Agricultural Labourers, and Daily Wages of Construction Workers.
- Compilation of Consumer Price Index for Industrial Workers
- Participation in Socio-Economic Surveys Conducted by NSSO
- Collection and Maintenance of Official Statistics by Other Departments
- Environment Statistics

Publications

4. DES brings out number of following regular and adhoc publications:

Sl. No.	Name of Publication	Frequency
1	2	3
1.	An Outline of Agriculture Situation in Andhra Pradesh,	Annual
2.	Season and Crop Report of Andhra Pradesh,	Annual
3.	Fruits & Vegetables Crops in Andhra Pradesh	Adhoc
4.	Business Register in Andhra Pradesh	Adhoc
5.	Enterprises in Rural & Urban Sectors	Adhoc
6.	Interstate Comparison of GSDP and GDP of All-India	Annual
7.	Rural and Urban Income Differential in Andhra Pradesh	Adhoc

8.	State Domestic Product of Andhra Pradesh,	Annual
9.	New Series of State Domestic Product Andhra Pradesh (Base year 1999-2000)	Annual
10.	District Domestic Product of Andhra Pradesh	Adhoc
11.	Economic Classification of Finances of Zilla Prarishads	Annual
12.	Economic Classification of Municipalities	
13.	Economic Classification of Mandal Parishads	
14.	Gross Fixed Capital Formation of Andhra Pradesh	Annual
15.	Economic-cum-Purpose Classification of Andhra Pradesh Government Budget	Annual
16.	Statistical Abstract of Andhra Pradesh	Annual
17.	Hand Book of Statistics of Andhra Pradesh	Adhoc
18.	Andhra Pradesh Economy in Brief	Adhoc
19.	District-wise Socio Economic Indicators	Adhoc
20.	Five Decades of Andhra Pradesh	Adhoc
21.	Pilot Study on Computation of Maternal Mortality Rate	
22.	Annual Survey of Industries Andhra Pradesh	Annual
23.	Prices, Wages and Index Numbers,	Annual
24.	Golden Jubilee of Andhra Pradesh 1956-2006	Adhoc
25.	State Domestic Product of Andhra Pradesh(Back Series)	Adhoc
26.	Report on Unorganized Manufacturing Enterprises – 56 th round (July 2000 to June 2001)	Adhoc
27.	Report on Unorganized Service Sector (Excluding Trade and Finance)-57 th round (July 2001 to June 2002)	Adhoc
28.	Report on Morbidity and Healthcare-60 th round (January 2004 to June 2004)	Adhoc
29.	Household Consumer Expenditure-61 st Round (July 2004 to June 2005)	Adhoc
30.	Comparative Study of Employment and Unemployment in Andhra Pradesh vis-a-vis All India	Adhoc
31.	District at a Glance in Andhra Pradesh	Annual
32.	Fact Book on Scheduled Castes and Scheduled Tribes in Andhra Pradesh	Adhoc

Manpower

5. The total statistical manpower in position in DES and Line Departments is 1872 as given below:

Sl. No.	Offices	Nos.
1.	Statistical Staff in DES (Head Quarters and districts)	1442
2.	Statistical Staff in Line Departments	430
	Total	1872

2. ASSAM

The statistical system in the State is largely of decentralized type consisting of: The Directorate of Economics and Statistics (DES), which is the apex statistical organization of the State, with 38 subordinate offices consisting of Two Regional Office one in the Hill Areas and another in for newly created BTC Areas, 23 District Statistical Offices (DSOs), 13 Sub-divisional Offices and Statistical cells in each of 114 Community Development (CD) Blocks out of 219 notified CD Block offices of the State. One Sub-Inspector of Statistics belonging to DES has been posted to each of 114 CD Blocks. There are also Statistical Cells in 34 departments to process and maintain statistical information for their own and general needs.

Organisational Structure

2. The Director is the Head of the Directorate of Economics and Statistics, Assam functions under the administrative control of the Planning and Development Department, Govt. of Assam. The Director is assisted by one Additional Director, 5 Joint Directors and other supporting staff on technical side and by one Additional Director of Statistics assisted by supporting staff on administration/establishment side. The Technical Divisions are headed by either Joint Director or Senior Research Officer (SRO). The Directorate has also a small printing cell in Assam Government Press for printing Statistical Reports and other publications of the Directorate. The Cell is under the direct control of the Director of Printing and Stationery, Assam. 34 Departments in Assam have statistical cells/units to process and maintain statistical information for their own and general needs. The statistical staff required in 26 departments has been partially met by deputation of staff from the DES. These departments have also independently recruited statistical staff, especially in subordinate rank. The statistical staff of DES has not been deputed to seven departments which includes major departments like Education (Other than technical Education Department) and Sericulture, etc.

Statistical Activities of DES

3. The statistical activities of DES are listed below :
- Estimation of State Gross State Domestic Products.
 - Estimation of Gross Domestic Capital Formation
 - Estimating District Domestic Products.
 - Estimating Contribution of Local Bodies.
 - Economic & Purpose Classification of the State Budget
 - Participation in NSS on matching basis.
 - Annual Survey of Industries, compilation of statistical return relating to factories falling in state and surveyed by NSSO, GOI.

- Civil Registration Scheme of Birth & Death and Causes of Death.
- Census of State Government and Local Bodies Employees.
- Conducting of Economic Census and Preparing its Report.
- Publishing the Economic Survey of the State.
- Training of Statistical Personnel.
- Electronic Data Processing.

Other activities of DES:

- Agricultural Census
- Input Survey
- Industrial Statistics
 - Conduct of Annual Survey of Industries
 - Construction of Index of Industrial Production
 - Collection of Mineral Statistics
 - Prepare Annual Industrial Report
 - Collect Statistics on Strikes and Lockouts
 - Construction of Index of Industrial Production
 - Collection of Monthly Production Data of Some Selected Industries
 - Rural Retail Prices and Urban Retail Prices
 - Farm Harvest Prices
 - Wholesale Prices of Agricultural Commodities
 - Prices of Non Agricultural Commodities
 - Monthly Statement on Agricultural Labour Wages.
 - Fortnightly Farm (Wholesale) Prices and Prices of Seeds and Cattle
 - Quarterly Prices of Building Materials and Wages of Building Construction Workers
 - Price Indices
 - Price Bulletin

- CCE under National Agriculture Insurance Scheme
- Agricultural Index Number (Base 1981-82=100)
- Improvement of Crop Statistics (ICS)
- Sample Survey on Arecanut, Coconut, Fruits and Vegetables (ACFV)
- Census of Assam Govt. Employees and other Establishments as on 31st March, 1999.

Line Departments-Statistical Activities

- Statistics relating to Animal Husbandry, Livestock & Veterinary Services
- Statistics relating to Panchayat and Rural Development
 - Conducting BPL surveys once in five years
 - Preparation of annual and five year plans of Panchayat and Rural Development at state and district levels.
 - Monitoring of other rural programmes like SGSY, Special SGSY, SGRY (Stream-I and stream-II), IAY, Pradhan Mantri Gramodaya Yojana, IWDP, NPBD and PMGSY.
 - Monitoring of new programme “National Food for Work” implemented in five districts.
- Statistics of Commercial Taxes
- Social Welfare Statistics
- Statistics relating to Co-operation
- Statistics relating to Sericulture

Publications

4. The list of DES publications and statistical publications of line departments is given in the following Table:

List of Statistical Publications

Sl. No.	Name of Publications	Periodicity
1	2	3
1.	Statistical Hand Book, Assam	Annual

2.	Economic Survey, Assam	Annual
3.	Annual Administrative Report	Annual
4.	Assam at a Glance	Annual
5.	Assam Budget in Brief	Annual
6.	Statistical Abstract, Assam	Decadal
7.	Report on Assam Govt. Employees Census	Adhoc
8.	Agricultural Census	Quinquennial
9.	Input Survey	Quinquennial
10.	Annual Survey of Industries	Annual
11.	Index of Industrial Production	Annual
12.	Mineral Statistics, Assam	Adhoc
13.	Education Statistics	Adhoc
14.	Power Statistics, Assam	Adhoc
15.	Road Statistics, Assam	Adhoc
16.	Basic Statistics, Assam	Adhoc
17.	Estimates of State Domestic Products, 1990-51 to 2000-01 (Base:1993-94=100)	Adhoc
18.	Gross Fixed Capital Formation	Biennial
19.	Estimates of DDP	3 years
20.	Economic Cum- Purpose Classification	Annual
21.	Rural Retail Prices Bulletin	
22.	Urban Retail Prices Bulletin	
23.	Price Bulletin	
24.	Estimates of Area Production	Annually
25.	Index No. of Area Production	Annually
26.	Report on Crop estimates survey on principal crop	Annual
27.	Report on Sample Survey for estimation of Area under Agreement coconut, fruits and vegetable in Assam	Annual
28.	Annual Report on Timely Reporting Scheme	Annual
29.	Report on Sample Check	Annual
30.	Land Utilization Statistics	Annual

Manpower

5. The Directorate has the sanctioned strength of 1153 statistical posts and 187 ministerial posts (5 gazetted and 182 non-gazetted). However, the total statistical manpower in position in DES and in Line Departments is 783 as given below:

Statistical Staff in Position

Sl. No.	Office	No.
1.	Statistical Staff in DES	621*
2.	Line Departments	138
3.	Printing Cell	24
	Total	783

*:- No. of statistical staff in DES decreased due to abolition of posts and non filling of vacant posts

3. BIHAR

The statistical system of Bihar is decentralized with the Directorate of Statistics and Evaluation (DSE) as the key agency for collection and dissemination of statistics. The individual line departments are responsible for collection, compilation, processing and release of the data in their own subject fields. The DSE has not yet been declared as a Nodal statistical agency. Departments with statistical cells are functioning independently through their own staff. Each department recruits its own staff as there is no common statistical cadre. However, in number of line departments statistical staff has been provided by DSE. Many of the departments do not have any statistical cell and statistical staff.

Organisation of DSE

2. The Directorate of Statistics & Evaluation functions under the administrative control of the Planning Department. The DSE has office in all the nine Divisions. The DSE has District Offices in 16 of 38 districts headed by the District Statistical officer. DSE has presence in each community development block by way of Block Statistical Assistant (BSS) placed in each Block to cater to the statistical requirements of the Block. The Block Statistical Supervisor functions under the technical control of the concerned district statistical officer. Hence the DSE has Divisional, District (inclusive of 5 evaluation offices), and Block level presence. Number of line Departments in the State Government collect, compile, process and analyse all statistical data pertaining to the field of their responsibility.

Statistical activities of DSE

3. The key statistical function performed by DSE are listed below:
- Estimation of State Domestic Product & District Domestic Products.
 - Capital Formation and Savings
 - Registration of Births & Deaths
 - National Sample Survey
 - Estimation of Crop-wise Area and Production including Land Utilisation.
 - Timely Reporting Scheme (TRS)-Conducts Crop Cutting Experiment
 - Collection of Prices and Compilation of Consumer Price Index Numbers
 - Wholesale Price Index Numbers for Agricultural Commodities

Other Statistical Activities of DSE

- Economic Census (Quinquennial)

- Compilation of Official Statistics
- Collection of Rainfall Data
- Area & Production of Horticulture Crops
- Irrigation Statistics
- Census of Minor Irrigation
- Jail & Crime Statistics
- Transport Survey

Statistical Activities of the Line Department:

- Collection of data for agriculture census.
- Collection and compilation of fisheries statistics
- Conduct of livestock census.
- Estimation of production of major livestock products such as milk, egg, meat, wool, etc.
- Annual progress report of animal husbandry activities.
- Booklets and pamphlets regarding animal husbandry activities.
- Collection of data on households affected by floods and other natural disasters.
- Collection of data on rural development sector.
- Collection of data on rural employment.

Publications

4. Dissemination of statistics through publications and reports both on a regular and adhoc basis is an important function of DSE. The publications brought out by DSE provide State level statistics. District level data is published by the DSOs. The publications are listed in the table below:

Sl. No.	Name of Publications	Periodicity
1	2	3
1.	Bihar at a Glance	Annual
2.	Bihar Through Figures	Annual

3.	Statistical Hand Book-Bihar State	Annual
4.	Statistical Hand Book – Districts	Annual
5.	Statistical Hand Book – Division	Annual
6.	State Domestic Report	Annual
7.	Report on Capital Formation	Annual
8.	Administrative Report	Annual
9.	Planning & Evaluation Report	Adhoc
10.	Economy Census Report	Adhoc
11.	Minor Irrigation Census	Adhoc
12.	Consumer Statistics	Adhoc
13.	Analysis of Budgetary Transactions	Adhoc
14.	State Domestic Product, Back Series	Adhoc

Manpower

5. The total sanctioned strength of DSE is 1,728 out of which 854 positions are filled up. The statistical staff strength of DSE and Line Departments in position is 669 as per the following details:

Sl. No.	Offices	Nos.
1.	Statistical Staff in DSE	654
2.	Line Departments	15
3	Total	669

4. CHHATTISGARH

The statistical system in Chhattishgarh is decentralized with the individual line departments responsible for collection, processing and releasing of data relating to their subject matter. The Directorate of Economics and Statistics has been declared as a nodal agency for statistical activities in the State. However, there are few line departments like the Agriculture, Animal Husbandry, Fisheries, Revenue, Education, Health, Energy, etc where statistical cells are well organized. Various line Departments have their own district and subordinate offices.

Organizational Structure of DES

2. The Directorate of Economics & Statistics in Chhattishgarh has been formed in November 2000. The Directorate of Economic and Statistics is under the administrative control of the Department of Finance, Planning and 20 Point Programme. The Directorate is headed by a Director who is assisted by three Joint Directors, Seven Deputy Director and other administrative and technical staffs. Specific statistical activities within the Directorate are conducted through respective Assistant Statistical Officers and the Assistant Directors under the overall supervision of the Deputy Director and the Joint Director. At the District level, there are District Planning and Statistics Offices (DPSOs) headed by a District Planning and Statistical Officer. There are 18 District Planning and Statistics Offices - one in each district headquarter. The DES has also its presence in each of the 146 community development blocks in the State through one block level investigators posted in the block from DES. The said officer functions under the control of the DPSO and is responsible for collection and compilation of statistical data relating to the block and furnishes reports to their respective DPSO.

Key Statistical Activities of DES

3. Some of the key statistical activities and the other statistical activities performed by the DES are as under:

- Civil Registration (Enforcement of Births and Deaths Act 1969)
- Estimation of GSDP, NSDP and related parameters, Contribution of Local Bodies
- Economic and Purpose Classification of State Budget
- Conduct of NSS Survey
- Monitoring of MPLAD, MLALAD
- Review of Twenty Point Programme Performance

Other Statistical Activities of DES

Some of the other activities of DES are:

- Economic Survey of Chhattishgarh
- Survey of Non-Profit Institutions

- Budget in Brief, the latest relating to the Budget 2007-08
- USHA-Project
- Conducting Census of Employees working under the State Government, Public Service Undertaking, Universities and Local Bodies
- Conducting of Economic Census at five-year intervals.
- Ad - hoc surveys / collection and compilation of socio-economic data
- Participation in Planning Process and data dissemination
- Electronic data processing
- Compilation of data for preparation of Statistical Abstract, Handbook of Basic Statistics, etc.

Statistical Functions of DPSO

The responsibilities entrusted to the District Planning and Statistics Offices are enumerated as under;

- Act as the field agency of DES for collection of both primary and secondary data and for conducting various types of estimation studies
- Collection, Scrutiny and preliminary compilation of data at district level
- Collection of primary data for the districts and the talukas and bring out the annual publications like the District Statistical Hand Book, Socio-Economic Indicators for the District, District Level Economic Survey and the Janpad Panchayatki Pramukh Ankde
- Collect and compile Basic Infrastructure facilities available in villages
- Guide the Statistical Investigators posted to the blocks for compilation of data relating to the Blocks
- Extending assistance in various censuses like; the Population Census, Livestock Census, Economic Census, Agricultural Census, Collection of data for Census of Government and Local Bodies Employees
- Collection of socio-economic data
- Compilation and monitoring of District Plan and verification works taken through programmes under the District Plan.
- Providing secretarial assistance to the District Planning Committee through the Collector
- Implementation of MPLAD, MLALAD and Jan Sahayogita Schemes
- Assist the Collector in review of Development of Programmes in the District
- Providing secretarial assistance to the District Planning Committee in formulating annual and five year plans,
- Sanction of MPLADS funds and supervision of works under it,
- Review of development programmes,

Statistical Activities of Line Departments

The statistical activities of some of the line departments are mentioned below.

- Estimation of Livestock Products
- Conduct of Livestock Census (latest-2007: Quinquennial)
- Statistics relating to Fisheries Sector

Publications of DES and DPSOs

4. The DES Chhattishgarh brings out number of regular and ad-hoc publications. The District Planning and Statistics Offices also bring out certain publications at their level. A list of publications brought out by the DES and by the District Planning and Statistics Offices in Chhattishgarh is given below:

Publications of DES Chhattishgarh and the DPSOs

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Chhattishgarh Statistics in Brief	Annual
2.	Chhattishgarh at a Glance	Annual
3.	Estimates of State Domestic Product of Chhattishgarh (1993-94 to 2004-05)	Annual
4.	Economic and Purpose Classification of State Budget.	Annual
5.	Capital Formation (for One Sector)	
6.	Budget in Brief, Chhattishgarh	Annual
7.	Districts at a Glance	Annual
8.	Census of Government Employee Three Yearly	3 yearly
9.	District-wise Indicators of Socio-economic Parameters	Biennial
10.	Economic Survey of Chhattishgarh	Annual
11.	Chhattishgarh in Graphs and Charts 2001	Special Issue
12.	Statistical Abstract	Biannual
13.	Hand Book of Basic Statistics	Annual
14.	Report on Annual Vital Statistics, Chhattishgarh.	Annual
15.	Report on Medical Certification of Causes of Death	Annual
16.	Report on Implementation of Registration of Births and Deaths Act, 1969.	Annual

17.	District Statistical Hand Book	Annual
18.	Socio-economic Indicators	Annual
19.	Janpad Panchayatki Pramukh Ankde	Annual

Manpower of DES and Line Departments

5. There is no common statistical cadre covering all the statistical posts existing in various Departments of the State Government. The staff strength in Chhattishgarh including statistical staff in DES and statistical staff in Line Departments along with other administrative & accounts staff is given in the table below.

Staff Strength in DES and statistical staff in line Departments

Sl. No.	Offices	Nos.
1.	Statistical Staff in DES	195
2.	Statistical Staff in Line Departments	263
	Total	458

Note: Statistical Staff in DES includes staffs from Director to Computer/DEO.

5. GOA

The system of official statistics in Goa is decentralized. The Directorate of Planning, Statistics and Evaluation (DPSE) is responsible for coordinating all statistical activities in the State. The individual line departments are responsible for collection, processing and releasing of data in their own subject fields. In Goa most line departments are functioning independently in all statistical activities through the statistical common cadre staff appointed by DES. The Line Departments like Agriculture, health, education, and Fisheries are functioning independently for collection and publication of departmental data.

Organisational Structure

2. The DPSE has no regional, district or block level Statistical Offices. Activities relating to the two Districts North and South Goa are handled by the headquarter officers. The Director DPSE is the ex-Officio Joint Secretary to the Government and reports directly to Commissioner & Secretary Finance & Planning. The Director is also the Chief Registrar of Births & Deaths (RBD) in the State.

Statistical Activities of DPSE

3. Statistical activities are as under:-

- State Income Estimates
- Estimates of State Domestic Product
- Capital Formation and Savings
- Annual Survey of Industries
- Collection of Data for Index of Industrial Production
- Collection of Data for Wholesale Price Index
- Collection of Data for Consumer Price Index
- Housing Statistics
- Births and Deaths Registration Statistics
- Socio Economic Surveys (of NSSO)
- Statistics for Local Area Planning

Line Departments

- Fisheries Statistics
- Tourism Statistics

- Land Record Statistics
- Livestock Census and Monthly Reports on Veterinary Services
- Integrated Sample Survey for Estimation of Milk, Eggs, and Meat Production
- Area and Production Estimates of Horticulture and Vegetables
- Estimate of Area under Sugarcane
- Women & Child Welfare
- Industrial Statistics
- Crop Area and Production Statistics
- Health, Mortality, Morbidity and Family Welfare Statistics
- Education and Literacy Statistics
- Labour and Employment Statistics
- Electricity Production and Distribution Statistics
- Environment Statistics including Water Supply and Sanitation and Forestry Statistics
- Transport Statistics
- Shipping Statistics

Publications

4. The regular/adhoc publications of DPSE are given as under :-

Sr. No.	Name of Publication	Periodicity
1	2	3
1.	Statistical Handbook	Annual
2.	Goa at a Glance	Annual
3.	Indicators of Socio Economic Development	Annual
4.	Goa Economy in Figures	Annual
5.	Census of Government Employees	Quinquennial
6.	Annual Plan	Annual
7.	Five Year Plan	Quinquennial

8.	Economic Survey	Quinquennial
9.	Rural Wages	Annual
10.	Census of Livestock and Farm Equipment	Quinquennial
11.	Budget in Brief	Annual
12.	Credit Deposit Ratio in Goa	Annual
13.	Economic and Purpose Classification	Once in three years
14.	Census of Minor Irrigation Schemes	Quinquennial
15.	Agricultural Census	Quinquennial
16.	Evaluation report of various programmes implemented by the Government	Adhoc
17.	Annual Survey of Industries	Annual
18.	Household Consumer Expenditure	Annual
19.	Reports on National Sample Surveys	Annual
20.	Price Trends in Goa State	Annual
21.	Quarterly Report on Consumer Price Index Numbers	Quarterly
22.	Monthly Report on Consumer Price Index Numbers	Monthly
23.	Number of Industrial Workers	Annual
24.	Annual Report on Registration of Births and Deaths	Annual

Manpower

5. There is a Common Statistical Service Cadre in the State, controlled by DPSE. The total strength of the Common Cadre is 235. Details are given as under. However, the statistical manpower in position in DPSE, and in Line Departments for statistical activities is 171.

Sl. .No.	Offices	Numbers
1.	Statistical Staff in DPSE-HQ	112
2.	Statistical Staff in Line Departments	123
	Total	235

6. GUJARAT

The Directorate of Economics and Statistics (DES) in the Planning wing of the Department of General Administration (GAD) has been declared the nodal Organisation for all statistical activities in the State, and is responsible for a wide range of statistics. The DES is organized in six divisions. The divisions are further organized in terms of Units. The Units are spread among the six Divisions. There are statistical as well as non-statistical units in different line departments engaged in collection, compilation and analysis of data in their own spheres of responsibility. The data collection, except to the extent it is covered by Central legislations like Collection of Statistics Act, Factories Act and Registration of Births and Deaths Act, and State laws of an administrative nature such as those on registration of motor vehicles, etc. is not facilitated by any State legislation.

Organisation Structure of DES

2. DES and the Directorate of Evaluation are the two Directorates located in the Planning wing of General Administration Department of the Government of Gujarat, headed by Principal Secretary (Planning). The headquarters of DES is in Gandhinagar. DSOs in Gujarat are not directly under the control of DES. There are three statistical Offices (Inspections) [S.O.(I)] under the DES responsible for conducting and supervising the work related to National Sample Survey and other field surveys of DES located at Ahmedabad, Vadodara and Rajkot. There is a District Statistical Office in each District, but it does not function as a part of DES, though headed by a District Statistical Officer in the cadre controlled by DES. These offices function primarily as a part of the District Panchayat office under the Panchayat Department. The DES has no staff at Taluka or village levels. The statistical activities at the Taluka Development Offices are handled by a Statistical Assistant borne on the strength of the Panchayat Department. Similarly, at the village level, the village Panchayat Secretary (Talati) and 'Gram Sevak' perform the statistical functions of supplying information to the Taluka Development office upwards.

Functions

3. The main functions of DES are:
- To collect, process and compile important statistical information on the State's economy;
 - To conduct socio-economic studies, surveys and censuses;
 - To prepare estimates of State Domestic Product
 - To organize regular training programmes for statistical personnel
 - To coordinate all statistical activities of various State Government Departments and suggest improvements
 - To undertake or assist in undertaking special and ad hoc surveys required by the State or Central governments.

- To provide statistical inputs to various committees constituted by the Government.
- To operate the Gujarat Statistical Service

Statistical Activities of DES

4. Statistical activities of DES are given below:

- State GSDP and Gross Domestic Capital Formation
- Participation in NSSO Surveys
- Compilation of District/Talukas level data for local level planning
- Compilation of transport statistics
- Compilation of housing statistics

Other Statistical Activities of DES

- Socio-Economic Review of Gujarat State
- Economic-cum-Purpose Classification of Budget
- Preparation of Municipal Year Book
- Village Amenities Survey
- Economic Census
- Cost of Construction studies
- Dissemination of Statistical Information
- Coordination of Statistical Activities

Statistical activities of line Departments are given below:

- Population data
- Forest statistics
- Animal Husbandry Statistics
- Fisheries statistics
- Statistics of registered industrial units
- Statistics of sales tax revenue

- Mining statistics
- Statistics of registered motor vehicles
- Labour statistics
- Primary education statistics
- Technical education statistics
- Higher education statistics
- Statistics on health, morbidity and mortality
- Statistics relating to rural development programmes
- Statistics relating to tribal development programmes
- Statistics relating to cooperative societies
- Tourism statistics

Publication

5. Following important publications are brought out by DES:

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Socio-Economic Review, Gujarat State (English and Gujarati)	Annual
2.	Budget in Brief, Gujarat State (English and Gujarati)	Annual
3.	Statistical Outline of Gujarat (Priced)	Annual
4.	Statistical Abstract of Gujarat State (Priced)	Annual
5.	State Domestic Product, Gujarat State	Annual
6.	An Economic and Purpose Classification of Gujarat State Budget	Annual
7.	Price Statistics in Gujarat State	Five-yearly
8.	Half-Yearly Bulletin on Price Statistics and Price Indices, January-June 2004	Half -yearly
9.	Annual Survey of Industries Census and Factory Sector Results	Annual
10.	Statistics of Municipal Towns and Cities	Annual
11.	Basic Transport Statistics, Gujarat	Annual
12.	Traffic Census Results	Annual
13.	Quarterly Review of Gujarat Economy	Quarterly

14.	Basic Statistics, Gujarat	Annual
15.	A Report on Fourth Economic Census	2 to 5 years
16.	Gross Fixed Capital Formation in State Government Sector, Gujarat State	Annual
17.	Gross Fixed Capital Formation by Non-Departmental Commercial Undertakings of Govt. of Gujarat State	Annual
18.	Consumption Expenditure in State Government Sector, Gujarat State	Annual
19.	Gujarat Among the States of India	Annual

Manpower

6. A common Gujarat Statistics Service including both Gazetted and Non-Gazetted posts was notified in 1965. DSOs in Gujarat are not directly under the DES. DES have a total sanctioned strength of 808 out of which 513 are in position, 152 in DES and 361 in the Line Departments as given in the following table:

Sl. No.	Office	Nos.
1	Statistical Staff in DES	152
2	Statistical Staff in Line Departments	361
	Total	513

7. HARYANA

The System of official statistics in the State of Haryana is decentralized. The office of the Economics and Statistical Adviser is the apex statistical organization for collection and dissemination of various data relating to the State, to coordinate the statistical activities of various departments in the State and to advise the Government on Economic and Statistical matters. The individual line departments are primarily responsible for collection and release of data in their own specialized field/subject. Each department recruits its own staff as there is no common statistical cadre. The ESO has a two tier system i.e. State Head Quarters and the Districts. Thus, the statistical system in Haryana consists of (i) Office of Economic and Statistical Adviser which functions as the Directorate of Economics and Statistics, (ii) District Statistical Offices, and (iii) statistical cells on some line departments.

Organisational Structure of ESO

2. ESO works under the administrative control of the Planning Department, Haryana. This Organisation is functioning as Nodal Agency for all statistical activities in the State but it has not been declared formally by the State Govt. so far. The organization is responsible for collection, compilation, analysis, interpretation and dissemination of statistical data on socio-economic aspects of the State economy. All types of statistical data required by the Central Government and other State Governments regarding Haryana State is also supplied by the Organisation. It has three divisions viz. (a) Statistical (b) Planning and (c) Evaluation. The Statistics wing is responsible for collection compilation, analysis and dissemination of statistical data on all socio-economic aspects of the development of the State. The Planning Wing looks after all the work pertaining to formulation of annual and Five year plans.

Statistical Activities of ESO

3. Statistical Activities of ESO are as given below:

- To collect, compile & analyze data regarding various socio-economic aspects of the State.
- To serve as a store-house for all types of statistics required for planning and formulation of development programmes;
- To undertake surveys and enquiries regarding various socio-economic problems of the State;
- To coordinate statistical activities of various departments of the State Government.
- To advise the Government on economic & statistical matters;
- To work in liaison with the Central Statistical Organisation, Government of India and various State Statistical Bureau.

- To carry out evaluation studies of development programmes /projects / schemes;
- To undertake formulation and implementation of Five Year/Annual Plans;
- To monitor the progress of various programmes being implemented under 20-Point Programme; and
- To co-ordinate manpower and employment activities of various departments and to undertake manpower & employment studies.

Statistical Activities of Line Departments

- Conduct Integrated Livestock Surveys (annual)
- Conduct Livestock Census (5 yearly-17th Census was conducted in 2003)
- Estimate the Annual Production Mainly of Milk, Eggs and Meat.
- Monthly Report on Contagious Diseases
- Monthly Report on Market Prices of Livestock and Livestock Products.
- Conduct of Livestock, Farm Equipment and Fisheries Census.
- Estimates of Production of Inland Fisheries, Landing Price and Value of Production (monthly and annual).
- Computerization of Land Records.
- Collection of data on beneficiaries of the schemes for the care, protection and rehabilitation of socially under privileged belonging to both urban and rural areas.

Publications

4. The following regular and adhoc publications are brought out by E.S.O, Haryana:-

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	An Analysis of State Finance	Annual
2.	Annual Administrative Report	Annual
3.	Annual Plan Document	Annual
4.	Annual Progress Report (20 Point programme)	Annual
5.	Availability of Selected Facilities in Haryana 58 th Round	Round wise
6.	Booklet on Haryana's Economy	Annual

7.	Census of Haryana Government Employees (as on 31-03-2006)	Annual

11.	Economic-cum-Purpose Classification of Haryana Government Budget.	Annual
12.	Economic Survey of Haryana	Annual
13.	Economic of Farming in Haryana	Annual
14.	Economic Census	Adhoc
15.	Estimates of Gross Fixed Capital Formation (GFCF) in Haryana	Annual
16.	An Economic-cum-Functional Classification /Annual of Budgets of MC/Councils/Corporations in Haryana.	Annual
17.	Review of Retail Prices of Essential Monthly Commodities.	Monthly
18.	Family Budget of Cultivators	Annual
19.	Five Year Plan Document	Quinquennial
20.	GSDP, NSDP, Per Capita Income	Annual
21.	Household Consumer Expenditure and Employment-Un-employment Situation in Haryana.	Round wise
22.	Index of Industrial Production	Annual
23.	State Statistical Abstract of Haryana	Annual
24.	Unorganised Manufacturing Enterprises in Haryana 56 th Round	Round wise
25.	A Brief Note on Whole Sale Price Situation	Adhoc

Manpower

5. There is no common statistical cadre in the State. The total statistical manpower in position in ESO and Line Departments is 1038 as given below:

Sl. No.	Office	Nos.
1.	Statistical Staff in DES	301
2.	Statistical staff in Line Departments	737
	Total	1038

8. HIMACHAL PRADESH

The Directorate of Economics and Statistics, as nodal agency, is responsible to co-ordinate statistical activities in the State. DES also maintains liaison with the various statistical agencies at the center and in different states. Some Line Departments have Statistical Cells which are responsible for coordination of statistical activities of their respective Departments.

Organisational Structure

2. The Chief Minister is the Minister –In charge of the Department of Economics and Statistics. The Additional Chief Secretary (Fin. E&S) is the Secretary of the Department. The administrative department at the Secretariat level is the Planning Branch. The Economic Adviser of Economic and Statistics is the Head of the Department. Besides being the Head of the Department for the Directorate he/she is Officer on Special Duty on behalf of the Government of India and Chairman of the State level committee on ASI in HP. The Directorate has Offices at Regional District/Block level.

Statistical Activities of Economics and Statistics Department

3. The statistical activities of Economic and statistics Department are given below:

- Estimation of State/District Income and Per Capita Income Estimates
- Estimation of Capital Formation
- Conduct/Participate in Socio-Economic Surveys of NSSO
- Collection of Price Statistics
- Rural Development Statistics
- Construction and Compilation of Industrial Production Index
- Collection and Compilation of Tribal Statistics,
- Conduct Various Bench Mark Surveys
- Collection and Compilation of Housing and Building Statistics
- Conduct of Population Census,
- Conduct of Economic Census
- Conduct Annual Census of Employees
- Conduct of Crop Cutting Experiment
- Construction of Building Cost Index Number

- Estimation of Capital Formation in Household and Corporate Sector
- Construction of Human Development Index
- Economic and Purpose Classification of Himachal Pradesh Government Budget and Local Bodies

Statistical Activities of Line Departments

The Line Departments are responsible for:

- Compilation and analysis of agriculture data under the TRS/ICS/Crops Estimation survey on fruits, vegetable area and minor crops, minor irrigation
- Supply of yield data under Rastriya Krisho Bima Yojna to the Agriculture Insurance Company of India Limited, New Delhi.
- Conduct of Agriculture Census
- Annual excise and revenue data
- Collection, compilation/ dissemination of educational statistics
- Conduct of Socio-Economic Survey
- Conduct of Household Survey
- Monitoring and evaluation of departmental schemes/ programmes relating to Horticulture
- Collection and compilation of statistical data of the department
- Statistics relating to Animal Husbandry, Livestock and Veterinary Service
- Estimation of milk, eggs, wool and meat, etc.
- Conducting of Livestock Census
- Conducting of Agriculture Census.
- Collection, compilation, scrutiny and tabulation of various data in respect of health statistics. Mortality statistics and statistics under various National Programmes,
- Collection of data regarding Targeted Public Distribution system (TPDS) distribution, prices of various essential commodities,
- Compilation of the small savings data in the state

- Collection and compilation of data relating to tourist inflow in the state and also conduct Tourist Traffic Survey in the state
- Implementation of welfare ICD/SCP schemes and compilation of budget/data received from the field agencies
- Preparation of tribal sub-plan, budgeting and monitoring of schemes/programmes in tribal areas,
- Collection, compilation and submission of periodic reports to Govt. of India and State Govt.
- Compilation/reporting and monitoring of various statistical information on Rural Development schemes of the states
- Collection, compilation and dissemination of statistical information on various aspects relating to Small Scale Industries entrepreneurs for development.
- Computation of Index of Industrial Production of SI based on monthly production return from sample units.
- Collection of data on energy consumption pattern, compilation of various information of field offices regarding Renewal Energy Programmes, etc

Publications:

4. The Directorate of Economics and Statistics brings out following regular as well as adhoc publications:

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Statistical Outline of H.P.	Annual
2.	Economic Survey H.P.	Annual
3.	Gender Statistics Himachal Pradesh	Annual
4.	Selected Socio Economic Indicators of H.P.	Annual
5.	Statistical Abstract	Annual
6.	H.P. in Figures	Annual
7.	Tribal Outline	Annual
8.	Elderly in H.P.	Annual
9.	Economic Census	Quinquennial
10.	Annual Administrative Report	Annual

11.	Household Consumer Expenditure	Adhoc
12.	Employment and Unemployment Situation in H.P.	Adhoc
13.	Morbidity & Health Care in H.P.	Adhoc
14.	“Output-Outcome” Survey in Shimla District	Adhoc
15.	Economic Classification of H.P. Govt. Budget	Annual
16.	Gross State Domestic Product of Himachal Pradesh	Adhoc
17.	District Domestic Product of Himachal Pradesh	Adhoc
18.	Economic Classification of Urban Local Bodies Budget	Annual
19.	Budget in Brief	Annual
20.	Census of H.P. Employees	Annual

Manpower

5. There is no common statistical cadre in the State. The total statistical staff strength in position in Department of Economics and Statistics, and Line Departments is 689. Details are as given below:

Sl. No.	Office	Nos.
1.	Statistical Staff in Department of Economics and Statistics	115
2.	Statistical Staff in Line Departments	574
	Total	689

9. JAMMU AND KASHMIR

Jammu & Kashmir State has a decentralized Statistical System. Directorate of Economics & Statistics (DES) is the nodal agency and has two Regional Offices and 14 District Statistics & Evaluation Offices and Block level presence in all 119 Blocks. DES is the controlling authority of the common Statistical Cadre. Statistical Cells in the Line Departments are manned by Common Statistical Cadre staff with presence in Districts.

Organizational Setup of DES

2. The DES is administratively under the control of Planning and Development Department and it has been declared as a nodal agency to coordinate and integrate all the statistical activities and has been providing a strong and reliable statistical data base to the wide spectrum of users like; policy makers, academicians, planners etc. It has a four tier structure –headquarter offices in Srinagar and Jammu, Regional Offices, District Statistics & Evaluation Offices and Block Planning & Statistical Cells having one Statistical Officer and one Junior Statistical Assistant. There is one Evaluation & Statistics Office in each of the Regions at Jammu and Srinagar.

Statistical Activities of DES

3. Statistical activities of DES are given as below:

- Estimation of State Income
- Estimation of GFCF
- Estimation of GDP
- Participation in NSSO Surveys
- Economic-cum-Purpose classification of J&K Budget
- Preparation of budget in brief
- Preparation of pre-budget Economic Survey
- Conduct of Economic Census
- Collection and maintenance of Official Statistics
- Collection and analysis of Price Statistics
- Collection of Housing & Building Statistics
- Collection and maintenance of statistics at Block level
- To publish core statistics at regular intervals together with critical analysis

- Collection of vital statistics and preparation of vital statistics bulletins
- Conduct of evaluation studies of projects and schemes and preparation of reports thereof.
- Conduct of subject specific surveys being assigned by the State Govt;

Statistical activities of Regional Offices of DES

- To guide and supervise the activities of statistical cells located at Divisional and District Levels.
- To conduct special evaluation studies and physical audit of schemes at divisional level and preparation of reports thereof
- To collect and compile data at divisional level and bring out divisional level publications
- To discharge administrative functions pertaining to Regional Evaluation & Statistics Offices

Statistical Activities of Line Departments

The Directorate of Economics & Statistics, J&K has statistical cells in almost all the State Departments at Sectt and HoD level. The Statistical Activities of some statistical cells located in the Line Departments are given below:

- Collection of annual returns of statistics from registered units
- Field work of the census cum sample survey of SSI units
- Preparation of estimates of essential commodities and stock of food grains in the State and projection of additional requirements thereof
- Maintenance of statistical data pertaining to education sector
- Conducting of surveys pertaining to education sector
- Compilation of Agricultural Statistical Returns
- Conducting Crop Estimation Surveys on paddy, maize, wheat, oilseed, and saffron
- Compilation and analysis of agriculture data including pre-harvest prices, forecast reports and input surveys.
- Census of Minor Irrigation Sources
- Conduct of Live stock and Agricultural Census

- Collection and compilation of statistical data relating to forest and forest produce and fisheries sector.

Publications:

4. Following Publications are brought out by the DES:

Sl. No.	Name of Publication	Periodicity
1	2	3
A	State level Publications	
1.	Digest of Statistics	Annual
2.	J & K in Indian Economy	Annual
3.	Economic Review of J & K	Annual

22.	Indicators of Economic Development	Annual
	District Level Publications	
23.	District Statistical Hand Book	Annual
24.	District Economic Review	Annual
25.	District at a Glance	Annual
26.	Constituency wise Amenity Directories	Annual
27.	Block Statistical Hand Book	Annual
28.	Evaluation Reports	As per set procedure

Manpower

5. Common Statistical Cadre comprises of two services-Gazetted and Non-Gazetted posts. The nomenclature of the services is "Jammu & Kashmir Economics & Statistical (Gazetted) Service" and "Jammu & Kashmir Economics & Statistical (Non-Gazetted) Service". In addition to the sanctioned strength of posts there is a provision of 10% reserved quota 6% for training, 1% for deputation and 3% for leave reserve. The total strength of staff in position is 1746 out of which 1627 are Statistical personnel and 119 non Statistical Personnel.

10. JHARKHAND

The statistical system of Jharkhand is decentralised with the Directorate of Statistics and Evaluation (DSE) as the key agency for collection and dissemination of statistics on Jharkhand and the individual line departments responsible for collection, compilation, processing and release of the data in their own subject fields. DSE has been declared as a **Nodal Statistical Agency** for statistical activities. The line departments with statistical cells are functioning through their own staff. For example, the Departments of Health, Education, and Forest are functioning for collection, compilation, analysis and publication of departmental data.

Organizational structure

2. The Directorate of Statistics and Evaluation is responsible for providing the necessary database for planning in the State. DSE is responsible for collecting the required data directly through its own functionaries. A major part of the statistical information is being mobilized with the help of other line departments. The DSE functions administratively under the Planning Department headed by the Planning Secretary. The DSE has eight functional divisions headed by an officer of a rank of Deputy Director. It has a three-tier structure: Headquarters, Divisional Office and District Statistical Office. DSE also has one Block Statistical Supervisor (BSS) in each community development Block. Out of 194 posts sanctioned, BSS is posted in 139 blocks. The BSS functions under the technical control of the concerned District Statistical Officer. Line Departments have their own district and below functionaries

Statistical Activities of DSE

3. The statistical activities of the DSE are given below:

- Estimates of SDP, GDP, Capital Formation, Economic-cum-Functional Classification of State Budget
- Wholesale and Retail Prices
- Prices of essential commodities
- Price in Primary Marketing Centres of Agricultural commodities
- Agricultural Wages
- Participation in NSS Surveys
- Area and production statistics
- Agricultural Census
- Civil Registration Scheme
- Sample Registration Scheme
- Statistical Profile of State
- Other miscellaneous work
- Annual survey of Industries
- Labour & Employment Statistics
- Index of Industrial Production

- Economic Census
- State Business Register
- Housing Statistics
- State level surveys, studies and evaluation
- Planning, coordination and publication of data
- Library and documentation
- Human Resource Development
- Electronic Data Processing
- Training of Statistical personnel
- Administration of Statistical cadre posts in the State and Accounts

Statistical Activities of Line Departments

The statistical activities of some of the selected Line Departments are mentioned below:

- Agricultural Census and regular input surveys
- Area production data.
- Estimates of production of inland fisheries, landing price and value of production (monthly and annual); statistics of fishing gear and boats.
- Integrated Sample Surveys on Major Livestock Production (Annual)
- Livestock Census (5-yearly) (18th Census has been conducted in 2007)
- Other regular statistical activities relating to Animal Husbandry, Dairying & Fisheries.
- Dairy Development Programmes and Statistics relating to Dairy Cooperative Societies on membership, procurement of milk and prices paid to the members etc.
- Collection and supply of data for monitoring the implementation of social welfare schemes eg, educational concessions, economic upliftment, housing assistance and others (e.g. improvement of dalit bastis, programme of removal of untouchability, incentives to inter-caste marriages, etc.).

Publications:

4. Some of the publications of line departments are:

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Fish Production Report	Annual
2.	Annual Report of Animal Husbandry	Annual
3.	Annual Special Component Plan	Annual
4.	Compendium of Various Schemes implemented for the welfare of Backward Classes	Adhoc

Manpower

5. There is no common statistical cadre at the State level. The selection authority is Jharkhand Public Service Commission for the posts of Junior Field Inspector, compiler, Junior Statistical Assistant and Assistant Director. Each department recruits its own staff. However, in a number of line departments statistical staff has been provided by DSE. Many of the departments do not have any statistical cell and statistical staff. The statistical staff in DSE and Line Departments is given below. The Data in DSE includes staff strength of DSE, Range Offices and District Statistical offices. Staff in Line Departments is deployed from DSE:

Sl. No.	Offices	Nos.
1	Statistical Staff in DSE	286
2.	DSE Staff in Line Departments	9
3.	Staff in Line Departments	224
	Total	519

11. KARNATAKA

The system of official statistics in Karnataka is decentralized. The Directorate of Economics & Statistics (DES) acts as a 'Nodal Agency' and also as an 'Authority of Reference' for all statistical activities in the State. The data collection, except to the extent it is covered by Central legislations like Collection of Statistics Act, Factories Act and Registration of Births and Deaths Act, and State Laws of an Administrative Nature such as those on registration of Motor vehicles, etc. is not facilitated by any State legislation. Karnataka's statistical system comprises of:

- DES at the State level with headquarters at Bangalore.
- District Statistical Offices across 29 districts. The 29 District Statistical Offices (DSO), each is headed by the District Statistical Officer and assisted by supporting staff.

Though the DES does not have an exclusive officer below the District level, DES has its presence in Talukas through its statistical staff at the Taluka level. The Directorate of Economics & Statistics has nominated the Assistant Statistical Officer as a Nodal Officer for each Taluk for supervision of all statistical work at the district level. In addition to DES, other line departments in Karnataka have statistical cells/units in their respective Departments for collection, processing and releasing the data in their own subject fields and to process and maintain statistical information for their own and general need.

Organisational of DES

2. DES is under the administrative control of the Department of Planning, Programme Monitoring & Statistics for all Administrative purposes at the Government level. There are five Functional Divisions in the State Directorate of Economics & Statistics namely : 1. Agriculture Statistics Division, 2. Crop Insurance Scheme, 3. Annual Rainfall, Agricultural Census division, 4. State Income, Industries, Prices, Publication & Co-ordination division; 5. Civil Registration, National Sample Survey and Local Bodies Statistics Division. DES has statistical offices in Districts and statistical staff at the Taluka level. Some of the Departments have statistical sections.

Statistical Activities

3. The statistical activities of DES are as follows :
- Preparation of estimates of State GSDP and Gross Domestic Capital Formation.
 - Preparation of estimates of District Domestic Product
 - Economic and Purpose Classification of State Budget
 - Participation in NSS Surveys
 - Annual Survey of Industries

- Compilation of Index of Industrial Production(IIP)
- Compilation of Consumer Price Indices for rural and urban areas
- Collection, compilation and tabulation of births and deaths registration, administering and executing the Civil Registration Scheme of Registrar General of India.
- Activities related to crop area and production statistics
- Timely Reporting Scheme (TRS)
- Improvement of Crop Statistics (ICS)
- Fruits and Vegetables Survey
- Agricultural Census and Rainfall Statistics
- Municipal Year Book
- Collection and Maintenance of Official Statistics by other Departments
- Census of Government and Local Bodies Employees

Activities of Some Line Departments:

- Collection of Market Rates of Building Material, Wage Rates of Building Construction Workers
- Conduct of Livestock Census, estimation of production of meat, Milk, Egg and Wool through conduct of Integrated Sample Survey
- Conducting of BPL Survey in rural and Urban areas by Good & Civil Supplies Department
- Panchayat Raj statistics by Rural Development and Panchayat Raj Department
- Local Bodies statistics by Corporation and Directorate of Municipal Administration
- Conducting of Irrigation Census by Irrigation Department
- Health, Public Works, Education, Commercial Tax, Excise, Watershed, Slum Clearance Departments are also carrying out statistical activities which are being done by the statistical officials in the Line Departments.

Publication

4. The key statistical publications are listed in the table below:

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	District at a Glance	Annual
2.	State Administration Report	Annual
3.	Report on Representation of SC/ST in State Civil Service	Annual
4.	Report on Medical Certification of Cause of Death	Annual
5.	Report on Status of Estimation of Agricultural Production in Karnataka	Annual
6.	State Domestic Product of Karnataka	Annual
7.	Economic cum Purpose Classification	Annual
8.	Annual Rainfall Report	Weekly, Monthly, Annual
9.	Report on Crop Estimation Survey	Annual
10.	Quarterly Economic Review	Quarterly
11.	Administrative Report of DES	Annual
12.	Agriculture Census part I – A Report on Operation Holdings in Karnataka	Annual
13.	Karnataka at a Glance	Annual
14.	Report on TRS	Annual
15.	Crop Estimation Survey on Fruits, Vegetables and Minor Crops	Annual

Manpower

5. There is a common statistical cadre at the State level. The service is known as 'Karnataka Economic and Statistical Service' and is under the administrative control of Secretary to Government, Planning, Programme Monitoring and Statistics Department, Government of Karnataka. Director, DES is the nodal officer for official statistics in the State. The total statistical manpower in position is 1724. Details are as given below:

Sl. No.	Organisation/Department	Nos.
1	Statistical Staff in DSE(Headquarters, DSO and Talukas)	1067
2.	Staff in Line Departments	657
	Total	1724

12. KERALA

The system of official statistics in the State of Kerala is decentralized. Directorate of Economics and Statistics (DES) is responsible for collection, compilation and dissemination of statistics on all socio-economic aspects of the State. Directorate has conducted several censuses to gather information for use in national and state planning process. The decision making agencies in the government utilize the information provided by this department. The DES Kerala is the nodal department for all statistical activities in the State. In addition to DES, several line departments are engaged in statistical activities related to their respective specialized field/subject. Some of the major departments have their statistical cell. The data collection activities of DES are facilitated by both (i) Central legislations like Collection of Statistics Act, and Registration of Births and Deaths Act, and (ii) State legislation – the Cochin Statistics Act XXXIV: 1124 of June 22nd 1949. The Cochin Statistics Act makes collection of statistics mandatory and has penalty clauses to be invoked against defaulters.

Organisational of DES

2. In keeping with the three tier government structure, DES has presence in all tiers of government. DES has its headquarters in Thiruvananthapuram. DES has fourteen District Statistical Offices- one in each District. The Deputy Director heads this office. There are Sixty one Taluk Statistical Offices. The Taluk Statistical Officer heads this office; Primary field workers for data collection are attached to the Taluk office. DES is under the administrative control of the Planning and Economic Affairs Department. The Secretary of this Department apart from being Secretary of DES is also the Member Secretary of the State Planning Board. This facilitates coordination of statistical activities with other line departments.

Statistical Activities of DES

3. The specific statistical activities performed by DES include statistical activities related to :

- Estimation of State GSDP and Gross Domestic Capital Formation
- Estimation of District Domestic Product
- Preparation of Economic and Purpose Classification of State Budget
- Participation in NSSO Surveys
- Participation in Annual Survey of Industries
- Compilation of Consumer Price Indices for rural and urban areas
- Compilation of WPI
- Compilation of Index of Industrial Production

- Sample Registration Scheme of Registrar General of India
- Estimation of Crop Production
- Evaluation Studies
- Census of Government and Local Bodies Employees
- Evaluation Studies
- Economic Censuses
- Ad-hoc Surveys
- Crop Forecast
- Crop Estimation Surveys
- Minor Irrigation Census
- Census of Land Holdings
- Compilation of Official Statistics

Other Statistical Activities of DES

- Preparation of Economic Survey
- Agricultural Statistics – the schemes implemented by the DES are :-
 - Crop Area and Production Statistics
 - Crop Estimation Survey on Fruits, Vegetables & Major Crops
 - Timely Reporting of Estimates of Area & Production of Principal Crops
 - General Crop Estimation Survey
 - National Agricultural Insurance Scheme
- To conduct Censuses
 - Agricultural Census (Census of Land Holdings)
 - Minor Irrigation Census
 - Economic Census (Decennial)
 - Census of State Government and Public Sector Employees.

- Collecting and Maintenance Official Statistics
- To publish core statistics at regular intervals together with critical analysis

Statistical Activities of Line Departments

- Estimation of Milk, Eggs, Meat and Wool Production
- Monthly Statistics on Contagious Diseases, on Slaughter Houses and on Market Prices of Livestock and Livestock Products.
- Estimates of production of inland fisheries, landing price and value of production
- Collection of data inland water bodies controlled by State Government
- Census of Inland Fisheries.
- Weekly and Monthly Statistics on Agricultural situation, weather watch, crop condition, details on natural calamities.
- Collection and compilation of daily weather report, weekly rainfall report, monthly report on weather condition
- Collection of statistical data on land use, land resources
- Collection of data on the agricultural commodities like area, production and price
- Collection of statistical details from 11690 Co-operative Societies (in the formats designed by NABARD)
- Publish “Hand Book on Co-operative Movement in Kerala”.
- Collection, compilation and transmission of the information on District-wise area irrigated by different types of Minor Irrigation Schemes.
- Inland Water Transport Statistics
- Minor Irrigation Statistics
- Forest Statistics
- Collection and analysis of urban information updating of Town Directories
- Urban Slums Statistics
- Urban Housing Statistics
- Statistics of Public Distribution System in Kerala

- Collection of wholesale and retail prices of essential commodities
- Statistical data of foreign and domestic tourists
- Tourist Statistics
- Handloom & Textiles Statistics
- Tax Statistics
- Collecting and consolidating the details of scheduled caste students enrolled from nursery to PHD courses

Publications

4. DES brings out a number of regular and adhoc publications some of which are listed in the table below:-

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	A look at building material price and wages in Kerala.	Annual
2.	Report on Aged (> 60 years) Population in Kerala	Adhoc
3.	Report on Minor Irrigation	Adhoc
4.	Report on MMR (Two Districts : Kollam and Pallakkad)	Adhoc
5.	Survey on Private Medical Institutions	Adhoc
6.	Agricultural Statistics	Annual
7.	Area of Important Crops in Kerala 1995-2005	Adhoc
8.	Cost of Cultivation	Annual
9.	District-wise report on 6 th Agricultural Census	Adhoc
10.	NSS reports relating to 56 th and 57 th rounds	Adhoc
11.	Paddy Cultivation in Kerala 1995 to 2005	Adhoc
12.	Panchayat Level Statistics (For 8 Districts only)	Annual
13.	Price Statistics of Kerala 2003 and 2005	Adhoc
14.	Report on Computer Institutions	Adhoc
15.	Report on Farm Wholesale Price	Adhoc
16.	Report on Input Cost in Fisheries	Adhoc
17.	Report on Input Survey of 6 th Agricultural Census	Adhoc

18.	Report on NBFCs in Unorganized Sector	Adhoc
19.	Report on Padasekharams in Kerala	Adhoc
20.	Report on Residential Vital Rates	Adhoc
21.	Report on Slaughter Houses in Kerala	Adhoc
22.	Report on Soil Conservation	Adhoc
23.	Report on Wholesale Price Index of Manufactured Commodities	Adhoc
24.	State Domestic Product from 1993-94 to 2004-05	Adhoc
25.	Statistics for Planning	Annual
26.	Vital Statistics Bulletin	Annual

Manpower

5. The total statistical manpower staff strength of the Statistical Cadre in position in DES, and in Line Departments is 2474 out of sanctioned staff strength of 2591. Details are given below:-

Sl. No.	Office	Nos.
1.	Statistical staff in DES	271
2.	Statistical staff in District Statistical Offices	417
3.	Statistical staff in Taluk Statistical Offices	1100
4.	Statistical staff in Line Departments	686
	Total	2474

13. MADHYA PRADESH

The Directorate of Economics and Statistics is the main organisation for collection, dissemination, analysis, and interpretation of data relating to the State. The main activities of Directorate include conduct of surveys on different topics, Census of Govt. Employees, Economic Census, Estimation of State/ District Domestic Product, Registration of Births, Deaths and Marriages, and publication of reports. Individual Line Departments are responsible for collection and release of data in their own specialized field/subject. Each department recruits its own staff as there is no common statistical cadre.

Organisational of DES

2. The Directorate of Economics and Statistics is headed by the Commissioner and it functions administratively under the Planning Economics and Statistics Department with its headquarters at Vindhyachal Bhawan, Bhopal. The Department of Planning Economics and Statistics is headed by a Principal Secretary and supported by a Deputy Secretary in the Planning Department. Although there are ten Revenue Regions in the State, DES only has 7 Regional Offices. Out of 50 Districts, there are 48 District Statistical Offices. There is no DSO in the two newly created Districts of Singroli and Alirajpur, whose statistical activities are looked after by their parent Districts. DES also has presence in each Community Development Block by way of one Block Statistical Investigator placed in each Block to cater to the statistical requirements of the block. The Block Investigator functions under the technical control of the concerned District Planning Officer. Line departments have their own District and below formations.

Statistical Activities of DES

3. The statistical activities of DES are as given below:
- Estimation of Gross State Domestic Products.
 - Estimation of Gross Domestic Capital formation.
 - Estimating District Domestic Products.
 - Estimating Contribution of Local Bodies.
 - Economic and Purposes Classification of the State Budget.
 - Collection of Consumer Prices.
 - Participation in NSS on matching basis.
 - Annual Survey of Industries, compilation of statistical return relating to factories falling in State and surveyed by NSSO, GOI.

- Civil Registration Scheme of Births & Deaths and Causes of Death.
- Scheme of marriage registration, under the compulsory Marriage Registration Rules, 2008, (Under Special Marriage Act 1954)
- Implementation of MLA Local Area Development Scheme and MP Local Area Development Scheme.

Other Statistical Activities of DES

- Economic Survey of Madhya Pradesh State highlighting the important developments in different sectors of the State economy.
- Budget in Brief
- Conduct of Annual Census of State Government and Local Bodies Employees.
- Conduct of Economic Census
- Compilation and Publication like Compendium on Statistics, Madhya Pradesh and States Economy in Figures.
- Collection of Consumer Prices.
- Collection of data on housing, prices of building material and wages to construction labourers.
- Collection and publication of official statistics from various departments.
- Training of statistical personnel.
- Electronic Data Processing.
- Collection and compilation of data on socio-economic indicators of Inter state Districtwise and Janpad-wise Publication.
- Collection and Maintenance of Official Statistics by other Departments.

Statistical Activities of Line Department

- Conduct of Agricultural Census (on Quinquennial basis) for estimation of number of land holdings, area-wise.
- Construction of Wholesale Price Index of Agricultural Commodities
- “Compendium of Agriculture Statistics” for Madhya Pradesh.
- Livestock, Farm Equipment and Fisheries Census.

- Estimates of production of inland fisheries, landing prices and value of production (monthly and annual);
- Catchment assessment surveys on inland fisheries and census of inland fisheries.
- Publish Fish Production Report.
- Estimation of Milk, Egg, Meat, Wool, etc.
- Monthly report on contagious diseases, on slaughter houses and on market prices of livestock and livestock products.
- Social Welfare Statistics.

Publications

4. Publications brought out by DES are as given below:

Publications of DES

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Economic Survey of Madhya Pradesh	Annual
2.	Census of Govt. Employees in Madhya Pradesh	Annual
3.	Budget in Brief of M.P.	Annual
4.	Economic and Purpose Classification of Budget	Annual
5.	State Domestic Product Estimates	Annual
6.	District-wise Socio-Economic Indicators of Madhya Pradesh	Annual
7.	Interstate Socio-Economic Indicators	Gap year
8.	Janpadwar Socio-Economic Indicators of M.P.	Adhoc
9.	Women in Madhya Pradesh	Adhoc
10.	Compendium of MP	Annual
11.	Administrative Report of the Department	Annual
12.	Annual Vital Statistics	Annual
13.	MP at a Glance	Adhoc
14.	Agriculture Marketing in MP	Adhoc
15.	Estimates of Gross Fixed Capital Formation in MP	Adhoc
16.	Miscellaneous Statistics	Adhoc

17.	Annual Reports on Medical Certification of Cause of Death	Annual
18.	Estimates of District Domestic Products of M.P.	Adhoc
19	Madhya Pradesh Rajya ke Pramukh Ankade.	Annual
	District Level Publications	
20.	Zila Sankhyiki Pustika	Annual
21.	Zile ke Pramukh Ankade	Annual
22.	Janpad ke Pramukh Ankade	Annual
23.	Zila Vikas Pustika	Annual

Manpower

5. The total sanctioned strength at present of DES is 1064 out of which 700 are in position, 221 at Head Quarter Level and 445 in District Offices. 34 statistical staffs of DES are working under the Line Departments. Statistical staff is also recruited by the Line Departments for their own statistical activities. Number of such statistical officials in position in Line Departments is 1354. Thus the Total Statistical manpower in the State is 2054 as given below:

Statistical manpower in position in DES and Line Departments

Sl. No.	Offices	Total
1	Statistical Staff in DES	666
2.	Statistical Staff of DES in Line Departments	34
3.	Statistical Staff in Line Departments recruited by themselves *	1354
	Total	2054

* = Based on the information received from the Departments.

14. MAHARASHTRA

The system of official statistics in Maharashtra is decentralized with the individual Line Departments being responsible for collection, processing and releasing the data in their own subject fields, and the Directorate of Economics and Statistics is playing the role of a nodal agency, in addition to statistical activities in its own sphere. Even so, a few line Departments like Agriculture, Forests and Health function independently. For instance, the Commissionerate of Agriculture has been declared as the State Agricultural Statistics Authority. The data collection except to the extent it is covered by Central Legislations like Collection of Statistics Act and Registration of Births and Deaths Act, is not facilitated by any State legislation.

Organisational Structure

2. The Directorate of Economics and Statistics (DES) works administratively under the Department of Planning, headed by the Additional Chief Secretary of the State. DES has 6 Regional Offices – one at each of the Revenue Divisional Headquarters-covering the districts. At the District level, there are District Statistical Offices (DSOs) constituting the basic field offices of DES. Out of the 35 districts in the State, there are District Statistical Offices in 31 districts. The work of Hingoli district is looked after by DSO Parbhani and that of Gondia district by DSO, Bhandara. The DES has no office below the District level. There is, however, one post of Extension Officer (Statistics) at the Block level, not under DES but under the Panchayat Department.

Statistical Activities of DES

3. Statistical activities of DES are as under :

- State GSDP and Gross Domestic Capital Formation
- District Domestic Product
- Participation in NSSO Surveys
- Annual Survey of Industries
- Price Indices
- Sample Registration Scheme of Registrar General of India
- Index of Industrial Production
- Compilation of District/Taluka level data for local level planning.

Other Statistical Activities of DES

- Economic Survey of Maharashtra
- Budget in Brief

- Economic Census
- Census of State Government and Local Bodies Employees
- Dissemination of Statistical Information
- Evaluation Studies
- Coordination of statistical activities

Statistical Activities of Line Departments

Statistical activities of the Line Departments are given below :

- Estimates of production of marine and inland fisheries, landing prices and value of production (monthly and annual)
- Statistics of fishing gear and boats.
- Integrated Livestock Surveys (annual) for Estimation of Production of Milk, Eggs, Meat, Wool, etc.
- Livestock Census
- Livestock, Farm Equipment and Fisheries Census
- Monthly report on contagious diseases, on slaughter houses on market prices of livestock and livestock products
- Social Welfare Statistics

Publication

4. DES brings out number of regular and adhoc publications. Some of these are brought out at Regional Office and District levels.

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Maharashtra Quarterly Bulletin of Economics and Statistics	Quarterly
2.	Statistical Abstract of Maharashtra State	Annual
3.	Handbook of Basic Statistics of Maharashtra State	Annual
4.	Maharashtra's Economy in Figures	Annual
5.	Economic Survey of Maharashtra	Annual
6.	Selected Indicators for Districts in Maharashtra and States in India	Annual

7.	Division at a Glance	Annual
8.	Adivasi Samajic Va Arthic Samalochan	Triennial
9.	District Socio-Economic Review	Annual
10.	Municipal Year Book	Annual
11.	Taluka Niwadak Nirdeshank (Talukawise selected indicators)	Annual

Manpower

5. There is a common statistical cadre operated by the DES and is covered by all Departments. While DES is the cadre controlling authority, selection authority is the MSPC for Group 'A' & 'B' posts and DES for others. The total statistical staff strength of DES and Line Departments is 2389. Apart from DES, statistical staffs are also recruited by the Line Departments for their own statistical activities such as the Commissionerate of Agriculture, the Office of the Chief Conservator of Forests, and the Commissionerate of Health have their own elaborate statistical manpower set up. The details of statistical staff in position in DES and other Line Departments are given below:

Sl. No.	Office	Nos.
1.	Statistical Staff in Directorate of Economics and Statistics	974
2.	Statistical Staff of DES in Line Departments	722
3.	Statistical Staff in Line Departments as recruited by themselves	693
4.	Total	2389

15. MANIPUR

The State Statistical System is decentralized. The Directorate of Economics and Statistics (DES) is the main organisation for collection and dissemination of data relating to the state while individual line Departments are responsible for collection and release of data with respect to their specific needs. The DES has its own District Statistical Offices. Line Departments have their own districts and below formations but not all have statistical staff.

Organisational Structure of DES

2. DES is responsible for conducting the statistical activities as well as for maintaining statistical standard, providing consultancy and advisory supports to other statistical agencies, maintaining liaison with various departments, organizations at the Centre, other States and UTs. DES has its own independent administrative department called the Department of Economics and Statistics under the control of a Cabinet Minister and Commissioner and Secretary to the Government of Manipur. At present, DES is functioning from its own Government building in Lamphelpat at the State Capital, Imphal. DES has its own district set up in all the nine districts of the state. It is headed by a District Statistical Officer which is equivalent to the post of Deputy Director of Economics and Statistics. Below the district level, there is no statistical system in Sub-divisions or Development Blocks.

Statistical Activities

3. Statistical activities of DES are as under:

- Estimation of State Domestic Product.
- National Sample Survey.
- Agriculture Statistics.
- Economic Analysis.
- Estimation of District Domestic Product.
- Impart – Statistical Training.
- Co-ordination of statistical activities of other departments.
- Computerization of data.

Other Activities of DES

- Index Numbers of farm harvest prices of principal crops
- Monthly Retail Prices of selected goods and services of District Head Quarters Markets of Manipur.

- Monthly Prices of Livestock and livestock products from the District Head Quarters Markets of Manipur
- Economic Survey

Statistical Activities of Line Departments

- Fishery Statistics
- Livestock Census (Quinquennial)
- Integrated Sample Survey on Estimation of major livestock products.
- Wholesale Prices of Livestock Products & Livestock Feed
- Collection and compilation of other administrative information like number of veterinary institutions and hospitals, number of operations done, etc.
- Data collection of registered SSI units every month from DIC's.
- Updating of Frame list of Registered SSI units from time to time (Frame list contains information on production, investment) (Plant & Machinery, employment etc.).
- Computerization/data entry work of frame list from time to time in collaboration with NIC state unit.
- Quarterly Progress Report on cumulative number of SSI units granted permanent registration.
- IIP report every month
- Conduct SSI Census
- Sample survey of SSI units

Publications

4. Publications brought out by DES are given below:

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Economic Survey, Manipur	Annual
2.	Price Statistics of Manipur	Annual
3.	Estimates of SDP Manipur	Time Series
4.	Manipur Budget in Brief	Annual

5.	A Comparative Study of State Taxes	Annual
6.	Statistical Abstract Manipur	Annual
7.	Imphal East District at-a-Glance	Annual
8.	Report on Crop Estimation Survey Manipur	Annual
9.	A Picture of Manipur Budget	Annual
10.	Analysis of State Revenue	Annual
11.	Gender Statistics Manipur	Annual
12.	Imphal West District at-a-Glance	Annual
13.	Tamenglong District at-a-Glance	Annual
14.	Manipur at-a-Glance	Annual
15.	Population of Manipur (Social Statistical Indicator)	Annual
16.	Statistical Hand Book, Manipur	Annual
17.	District Statistical Hand Book, Churachandpur	Annual
18.	District Statistical Hand Book, Senapati	Annual
19.	District Statistical Hand Book, Ukhrul	Annual
20.	Meteorological Data of Manipur	Time Series
21.	Economic Census (Provisional Results) Manipur State	Annual
22 .	District Statistical Hand Book of Thoubal	Annual

Manpower

5. There is no Common Statistical Cadre. Line Departments recruit statistical personnel according to their requirements. There is no common statistical cadre in the state controlled by Directorate of Economics and Statistics. Total statistical staff strength in position in DES is 323. Details are given below:

Sl. No.	Office	No.
1.	Statistical Staff in DES	126
2.	Statistical Staff in DSO	197
	Total	323

16. MEGHALAYA

The statistical system in the State is decentralized. Individual line Departments are responsible for collection, compilation and release of data in their subject fields. At the apex level is the Directorate of Economics and Statistics (DES), which is formally responsible for the coordination of Statistical activities in the State.

Organisation of DES

2. The key components of the State's Statistical system are:

- The Directorate of Economics and Statistics (DES) – the apex Statistical Organisation with seven District Statistical Offices, and presence in all the 39 Blocks through the DES, Sub-Inspector of Statistics attached to each of the 39 Community Development Blocks.
- Statistical Cells in 23 Departments in Meghalaya, which are not under the administrative or technical control of the DES, Statistical cells of four of the 23 Government Departments/Organisations have Statistical staff from the DES on deputation.

The DES is headed by the Director under the Administrative control of the Planning Department. The Directorate has field functionaries at the District and Community Development Block levels. There are seven District Statistical Offices headed by District Statistical Officer in the cadre of Statistical Officer (Gazetted Class-I). There is one Sub-Inspector of Statistics attached to each of the Community & Rural Development Block.

Statistical Activities of DES

3. The key Statistical activities of DES are listed below:-

- Estimation of State Domestic Product
- Estimation of Capital Formation (Public Sector only)
- Estimation of GDP
- Estimation of Contribution of Local Bodies
- Economic-cum-Purpose Classification of Budget
- Crop Area and Production Estimates
- Participation in National Sample Survey
- Price Collection

Other Activities of DES

- Assessing crop loss/damage through estimation of crop yields using crop cutting experiments on specified crop.
- Census of Government Employees and Other Establishments
- Conduct Economic Census quinquennially
- Estimates of revenue receipts and demands for grants, and annual financial statement.

Statistical Activities of Select Line Departments

- Conducting Agricultural Census quinquennially
- Collect and compile data on weather, crops, consumption of fertilizers, insecticides and pesticides, mechanization and related statistics.
- Conducting of Livestock Census quinquennially as part of All India Livestock Census.
- Conduct Integrated Sample Surveys on annual basis for estimates of production of milk, eggs and wool.
- Collection of data on institutional infrastructure, animals treated in Veterinary hospitals and dispensaries, disease wise vaccinations done and incidence of diseases.
- Rural Development Statistics (It may be mentioned that there is no panchayat system in Meghalaya)
- Conducting BPL surveys once in five years
- Social Welfare Statistics
- Industrial Statistics
- Collection and Dissemination of Sericulture Statistics.

Publications

4. Following publications are brought out by DES

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Meghalaya Statistical Handbook	Annual

2.	Meghalaya in Figures	Annual
3.	District Level Statistics	Annual
4.	Where do we stand in 2007 Meghalaya North /East & India & the World	Biennial
5.	Report on Census of Government Employees	Annual
6.	State Domestic Product of Meghalaya	Annual
7.	Area Production & Yield of Principal Crops	Quinquennial
8.	5 th Economic Census 2005 Provisional Report	Quinquennial
9.	Statistics Abstract Meghalaya	Annual

Manpower

5. There is no common Statistical Cadre in the State. Most of the line Departments recruits their own statistical staff independently. However, the Directorate is in the process of integrating all Statistical Cell in the State. The Government in the Planning Department has recently declared this Directorate as the 'Nodal Agency'. The total statistical staff in position in DES and Line Departments is as given below :-

Sl. No.	Name	No.
1.	Statistical Staff in DES	195
2.	Statistical Staff in Line Departments	122
	Total	317

17. MIZORAM

The Directorate of Economics and Statistics of Mizoram has been recently declared as Nodal agency by the State Government to coordinate statistical activities of various Departments/Organisations of the State. The statistical system in the State is decentralized. Individual line Departments are responsible for collection, compilation, processing, tabulation and release of data in their respective subject fields.

Organisation of ESD

2. The Secretary Planning & Programme Implementation is the administrative and technical head of Economics and Statistics Department (ESD) supported by the Director (ESD). The statistical system of Mizoram has a two tier structure – State and District. At the State level, the Economics and Statistics Department (ESD) is the apex statistical body. The Department functions through the Statistical Bureau of Mizoram, which is under the administrative control of ESD. At the District level, there are District Statistical Offices headed by a District Research Officer for collection, compilation, preparation, dissemination of statistical data and conduct of field surveys and census, among other activities. ESD also has a presence at the Block level, and one Inspector of Statistics from the common statistical cadre is posted in each Rural Development Block for maintaining block level statistics under the control of the Department of Rural Development. So far as the Line Departments are concerned, twenty two major Directorates/Departments of the state have Statistical Cells manned by staff drawn from the common statistical cadre for collection, compilation, preparation and dissemination of statistical reports based on surveys and censuses. The Departments with Common Statistical Cadre staff include Agriculture, Animal Husbandry and Veterinary, Art & Culture, Labour & Employment, Health, Higher & Technical Education, PHE, Public Works Department, Rural Development, District Rural Development Agency, School Education, Social Welfare, SLMC, Tourism and Transport, etc.

Statistical Activities of ESD

3. Following statistical activities are performed by ESD:
- State Domestic Product Estimates
 - Births and Deaths Registration
 - Collection of Price Statistics & Construction of Consumer Price Index (CPI) of Mizoram
 - Economic Census
 - Agriculture Census
 - Dissemination and Publication

- Collection, compilation and publication of village level statistics of the State.
- Collection of Industrial Statistics
- Other adhoc Socio-Economic Surveys
- Census of Government Employees
- ESD also collects data annually on Rainfall, Motor Vehicle Accident, Floriculture, Hotels & Restaurants Statistics, Personal Services, Building Statistics, and Farm Harvest.

Statistical Activities of Select Line Departments

The statistical activities of the Line Departments are as under:

- Integrated sample survey
- Quinquennial Live Stock Census
- Collection and compilation of data on Livestock Farms that include cattle breeding, piggery, and fodder production
- Conducting BPL Surveys on an ad hoc basis

Publication

4. ESD publishes number of regular and ad hoc publications as given below

Sl. No.	Name of Publication	Frequency
1	2	3
1.	Statistical Handbook	Biennial
2.	Mizoram at a Glance	Biennial
3.	Census of Government Employees	Annual
4.	Block Statistics	Biennial
5.	Socio-Economic Review	Ad hoc
6.	Economic Census	Quinquennial
7.	Agriculture Census	Quinquennial
8.	Hospital Statistics	Ad hoc
9.	Rainfall Statistics	Ad hoc
10.	Price Bulletin	Quarterly
11.	Eco-cum Purpose Classification of Mizoram Budget	Ad hoc

12.	Annual Report on RBD	Annual
13.	Motor Vehicles Accident	Ad hoc
14.	State Domestic Product	Annual
15.	Average Prices of Imported Essential Commodities	Ad hoc
16.	Annual Administrative Report	Annual
17.	Statistical Hand Book Aizawl District	Ad hoc
18.	Statistical Hand Book Lunglei District	Ad hoc
19.	Statistical Hand Book Saiha District	Ad hoc

Manpower

5. There is a common statistical cadre in the State. All posts in ESD are filled from the common cadre. In fact, all vacant posts in statistical cells of line departments are mandatorily required to be filled in from the common statistical cadre. The total statistical manpower in position in ESD, DSO's, and in the Line Departments are 252 as given below:

Sl. No.	Offices	Nos.
1.	Statistical Staff in Directorate of Economics and Statistics	99
2.	Statistical Staff in Line Departments	153
	Total	252

18. NAGALAND

Organisational Structure

At the State level, Directorate of Economics and Statistics (DES) is an apex statistical body and functions as nodal agency for all statistical inquiries, investigation, census and surveys and coordinates with all the Departments of the State and Central Government on all issues pertaining to implementation of statistical schemes, etc. DES has its own Department of Economics & Statistics. The Department is headed by Additional Secretary to the Govt. of Nagaland under Development Commissioner, Department of Planning and Coordination.

2. At the district level, the District Statistical Officer (DSO) is the head of the District Statistical Office and is responsible to conduct field surveys, co-ordinates and supervise all statistical activities with different offices/agencies at the district and lower levels. He is also the District Registrar of Births and Deaths. A sub-Inspector of Statistics is posted in each of the 21. Rural Development Blocks (out of 52 R.D. Blocks to assist and provide guidance to the Block Officers in collection and compilation of various statistical data like preparation of village Directory with the help of Village Level Workers.

Manpower

3. The total statistical staff strength in Directorate of Economics and Statistics is 443.

19. ORISSA

The system of official statistics in the State of Orissa is decentralized. The Directorate of Economics and Statistics (DES) is the main organization for collection and dissemination of data relating to the State while individual line Departments are responsible for collection and release of data in their own specialized field. DES has been declared as Nodal Agency for statistical activities. Many Departments like; Health and Agriculture have their own system of collection, compilation and release of data.

Organizational Structure

2. The Directorate of Economics and Statistics is an apex statistical organisation of the State functioning under the administrative control of Planning & Co-ordination Department of Government of Orissa since 1961. It has a three-tier decentralized structure i.e., the Directorate is headed by a Director; 3 Range Offices headed by a Deputy Director; and out of 30, 27 District Statistical Offices headed by a District Statistical Officer, which are responsible for collection and compilation of primary & secondary data on various socio-economic sectors: agriculture and allied activities, price, enterprises, minor irrigation, urban & local bodies, etc. There are no District Statistical Office in 3 District namely Boudh, Jharsuguda and Deogarh. There is also a training institute namely "Regional Institute of Planning, Applied Economics and Statistics" (RIPAE&S), which imparts in service training to the statistical personnel working in different departments of Government and public undertakings. Besides, to strengthen Official Statistics, IT techniques are being adopted to get online data from all the Government offices. For data entry and data processing, there is a well equipped Computer Center at DES. There is no Statistical set up below the District Offices in the State. There is no common statistical cadre in the State. However, the statistical personnel working in DE&S are from following two cadres:

- i. Orissa Statistics and Economic Service Cadre for JD, DD, AD.
- ii. Orissa Sub-ordinate Statistics and Economics Cadre for SI, SA and PI.

Statistical Activities of DES

3. The Statistical activities of DES are listed below:
- Estimation of State Gross Domestic Product
 - Estimation of Capital Formation
 - Estimating District Domestic Product.
 - Estimating contribution to Local Bodies.
 - Participation of Socio-Economic Survey of NSS.

- Annual Survey of Industries/Preparation of IIP.
- Economic Review of Orissa highlighting the important developments in different sector of State economy and publishing it.
- Conducting of Annual Census of State Government employees.
- Conducting of Economic Census
- Implementation of Village Index Card Scheme relating to Socio-economic data of villages.
- Conducting of Ad hoc Surveys as and when required.
- Preparing reports on Minor Irrigation Census-State and District level
- Administering the Regional Institute of Planning, Applied Economics and Statistics.
- Collection of official statistics from various departments and publishing it.

Statistical Activities of Line Departments

The Statistical activities of Line Departments are given below:

- Maintenance and presentation of Irrigation Statistics.
- Publishing of MI book-let every alternate year on a regular basis.
- Estimation of Crop Statistics-area coverage, yield, crop damage, irrigation potential used, socio-economic profile of farm families, agricultural loans and other agricultural activities.
- Receipt of weekly weather watch data and report on statutory basis.
- Receipt of fortnightly confidential report on agriculture scenario in the State on statutory basis.
- Collection of natural calamity data on adhoc basis.
- Forecast of different Kharif & Rabi crops collected regularly on quarterly basis.
- Crop cutting results for Kharif & Rabi during harvesting period.
- Irrigation report-half yearly.
- Agricultural Statistics.
- Conducting of Agriculture Census.

- Monthly reports on contagious diseases, slaughter houses and market prices of livestock products.
- Tourism Statistics on number of tourists staying in different categories of hotels, tourist arrivals, day visitors to tourist centers, tourist traffic in important tourism festivals, hotel tariffs.
- Half-Yearly Return under Factories Act, 1948.
- Quarterly Accident Statistics.
- Disease Statistics statement of insured persons, family persons of insured persons and hospitalization cases.

Publications

4. The following important Statistical publications are brought out by DES on regular basis.

Sl. No.	Name of Publications	Periodicity
1	2	3
1.	District Statistical Hand Book	Biennial
2.	District at a Glance	Annual
3.	Statistical Abstract of Orissa	Quinquennial
4.	States's Economy in Figures	Annual
5.	Statistical Outline of Orissa	Biennial
6.	Economic Survey of Orissa	Annual
7.	Orissa Budget in Brief	Annual
8.	An Economic-cum-Purpose Classification of Orissa Budget.	Annual
9.	Fact Book on Man Power.	Quinquennial
10.	State Domestic Product at a Glance (F)	Annual
11.	Technical Report on EARAS	Annual
12.	Index Numbers of Area, Yield Rate, Production of Principal Crops in Orissa	Ad-hoc
13.	Quarterly Bulletin on Price Statistics	Quarterly
14.	Annual Survey of Industry	Annual
15.	Municipal Statistical Year Book	Annual
16.	Census of Employees in Public Sector	Quinquennial
17.	Climatologically Data in Orissa	Adhoc

18.	Technical Report on Crop Estimation Survey on Fruits, Vegetables & Minor Crops in Orissa	Ad-hoc
19.	Economic Census (Quinquennial). Report on Minor Irrigation Census of Orissa. Result at a Glance	Quinquennial

Manpower

5. There is no common statistical cadre in the State. However, the statistical personnel working in DES are from two cadres: Orissa Statistics and Economic Service; and Orissa Sub-ordinate Statistics and Economics service. The total statistical manpower in both the Directorate of Economic and Statistics and the Line Departments in position is 3314 as given below:

Statistical manpower in DES and Line Departments

Sl. No.	Office	Nos.
1	Statistical Staffs in DES	1836
2	Statistical Staffs of DES in Line Departments	167
3	Statistical Staffs in Line Departments as recruited by themselves	1311
	Total	3314

20. PUNJAB

The system of official statistics in Punjab is decentralised with the individual Line Departments being responsible for collection, processing and releasing the data in their own subject fields. The Economic and Statistical Organisation (ESO) is playing the role of a nodal agency. Besides the ESO, about 22 other departments in Punjab have statistical cells/units to process and maintain statistical information for their own and general need. The data collection, except to the extent it is covered by Central Legislation like Collection of Statistics Act and Registration of Births and Deaths Act, is not facilitated by any State legislation.

Organisational Structure of ESO

2. ESO is headed by the Economic Adviser who is assisted by Director, Joint Directors, Deputy Economic and Statistical Advisers, Research Officers, District Statistical Officers and Assistant Research Officers. There is a District Statistical Office in each of the districts of the State headed by a Deputy Economic and Statistical Adviser. There are 20 districts in the State and the ESO has district level presence through its District Level Officers in all the districts of the state. ESO is administratively under the control of Economic Adviser.

Statistical Activities of ESO

3. The specific statistical activities performed by ESO include:

- Estimation of State GSDP and Gross Domestic Capital Formation
- Estimation of District Domestic Product
- Economic and Purpose Classification of State Budget
- Compilation of Wholesale Price Index
- Compilation of Price Indices
- Estimating Contribution of Local Bodies
- Participation in NSSO Surveys
- Annual Survey of Industries, compilation of statistical return relating to factories falling in State and surveyed by NSSO, GOI.
- Collection of data on housing, prices of building material and wages to construction labourers and index of Housing Construction Cost.

Other Statistical Activities of ESO

The other Statistical activities of ESO are:

- Publication of Statistical Abstract, of Punjab State.
- Economic Survey of Punjab State highlighting the important developments in different sectors of the State economy

- Economic and Purpose Classification of State Budget
- Budget in Brief
- Preparation of Municipal Year Book containing data in respect of Municipal Corporations and Municipalities of the State.
- Conducting of Annual Census, State Government and Local Bodies Employees.
- Conducting of Five-Yearly Economic Census
- Evaluation Studies
- Monitoring of MPLAD Scheme
- Data Collection on physical achievements under the 20 Point Programmes
- Compilation of Official Statistics

Statistical Activities of Line Departments

Some of the statistical activities of line departments are as under:

- Estimates of production of inland fisheries, landing price and value of production (monthly and annual); fingerlings produced & distributed boats
- Catchment assessment surveys on inland fisheries
- Census of Inland Fisheries
- Integrated Livestock Surveys (annual) to estimate the annual production mainly of milk, eggs and meat
- Livestock Census (5 yearly)(17th Census has been conducted in 2003)
- Livestock, Farm Equipment and Fisheries Census
- Monthly report on contagious diseases, on slaughter houses, and on market prices of livestock and livestock products
- Social Welfare Statistics

Publication

4. The ESO compiles and publishes statistics on various economic and social aspects of the State on the basis of data of its own activities as well as those of their Line Departments. The list of regular publications is given below:

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Statistical Abstract of Punjab	Annual
2.	Economic Survey of Punjab	Annual

3.	Punjab-at-a Glance	Annual
4.	Village Directories; District-wise	Annual
5.	Block-at-a-Glance; District-wise	Biennial
6.	Estimates of State Income of Punjab	Annual
7.	Critical Economic Indicators-Punjab V/S India	Annual
8.	Consumer Price Index Numbers for Working Class	Monthly
9.	Wholesale Price Bulletin	Monthly
10.	Agricultural Labour Wages and Rural Retail Prices	Monthly
11.	Economic and Purpose Classification of the Budget Expenditure of Punjab Govt.	Annual
12.	Economic and Functional Classification of Municipal Budgets in Punjab	Annual
13.	Statistics of Public Finance in Punjab	Annual
14.	Municipal Statistics of Punjab	Annual
15.	Census of Punjab Government Employees and Semi-Government Employees	Annual
16.	Tehsil-wise Irrigation, Floods and Water Logging Statistics of Punjab	Annual
17.	Energy Statistics of Punjab	Annual
18.	Farm Accounts in Punjab	Annual
19.	Family Budgets of Selected Cultivators in Punjab	Annual
20.	Industrial Statistics of Punjab (based on ASI data)	Annual
21.	Index of Industrial Production (Base 1975-76)	Annual

Manpower

5. The total Statistical manpower in position in DES and in Line Departments is 902 as given below:

Statistical manpower in position

Sl. No.	Office	Nos.
1	Statistical Staff in DES	327
2	Statistical Staff in Line Departments	575
	Total	902

21. RAJASTHAN

The system of official statistics in Rajasthan is decentralized. Line Departments are responsible for collection, processing and releasing the data in their own subject fields and functions independently. Directorate of Economics and Statistics plays the role of a nodal agency, in addition to Statistical activities within its purview. The data collection, except to the extent it is covered by central legislations like; Collection of Statistics Act and Registration of Births and Deaths Act, is not facilitated by any State legislation.

Organizational Structure

2. The Directorate of Economics & Statistics Rajasthan functions under the administrative control of Planning & Statistics Department of the Government of Rajasthan. Directorate of Economics & Statistics is headed by a Director who is also the ex-Officio Deputy Secretary to the Government. The Director is the Nodal Authority for all statistical work in the State and also functions as:

- Chief Registrar of Births and Deaths
- State Agricultural Statistics Authority (SASA)
- Officer on special duty for Annual Survey of Industries (ASI), National Sample Survey (NSS) and Survey for Implementation of Agricultural Statistics.
- Controlling Authority for Rajasthan Statistical Subordinate Services.

The present Director also holds additional charge of the post of Dy. Secretary, Plan Finance in the Planning Department. DES has district level presence through its District Statistical Offices (DSOs) in each of the 32 Districts of the State. The District Collector is the Controlling Authority for the District Statistical Office. The District Offices are located in the District Collectorate. A District Statistical Officer heads the District Statistical Office, and is supported by Statistical Assistants, Statistical Inspectors, Computers and other Ministerial Staff. The number of staff in each District varies according to the workload in terms of number of General Crops Estimation Survey (GCES), Factories for ASI, and samples of NSS, among others.

Statistical Activities of DES

3. The major statistical activities of DES are as under:

- Estimation of State Gross Domestic Products.
- Estimation of Gross Domestic Capital Formation.
- Estimating District Domestic Products
- Estimating Contribution of Local Bodies

- Economic & Purpose Classification of the State Budget.
- Economic Review of Rajasthan highlighting the important developments in different sectors of the State economy
- Budget Study and Budget at a Glance (Budget in Brief)
- Census of State Government and Local Bodies Employees.
- Preparation of agricultural indices on the basis of methodology given by the DES, Ministry of Food & Agriculture: Area, Production, Productivity, Farm Harvest Prices, Net Area Sown, Gross Area Sown, Gross Irrigated Area and Index of Agricultural Wages
- Implementation of the scheme of Improvement of Crop Statistics in collaboration with the field office of the NSSO.
- Collection of consumer prices
- Compilation of Index for Housing Construction
- Participation in NSS on matching basis.
- Economic Census
- Annual Survey of Industries, compilation of statistical return relating to factories falling in state and surveyed by NSSO, GOI.
- Compilation of IIP
- Civil Registration Scheme of Births & Deaths and Causes of Deaths.
- Collection of official statistics from various departments and publishing it.
- Human Development Research
- Training of statistical personnel.
- Electronic Data Processing.

Statistical Activities of Line Departments

- Agriculture -Preparation of Forecast of area sown statistics on area & productivity of High Yielding Varieties Seed, soil treatment adoption, use of seeds and fertilizers, estimation of crops damages, etc.
- Road Transport Statistics
- Conducting Agriculture Census

- Social Justice & Empowerment – Social Welfare Statistics
- Food and Civil Supply- Statistical : statistics on fair price shops, ration cards, allotment and lifting of essential commodities
- Cooperative data of all cooperatives institutions regarding cooperative movement
- Project Monitoring Unit (PMU) (Planning Department) – Data regarding the WB and other Externally aided project
- Local Self and Urban Development – Income and expenditure statistics of local bodies
- Commercial Taxes – Data on revenue receipts, tax assessment and related parameters like production and sale of manufacturers
- Industries – collection of data on unregistered units, number of industrial units by Rajasthan Finance Corporation (RFC), data on interest subsidy / incentive schemes, Khadi Village and Handloom industries
- Rural Development – Statistics pertaining to 22 schemes of rural development including centrally sponsored schemes
- Tourism – Collection of statistics of domestic and foreign tourist arrival and tourist accommodation
- Irrigation – Potential for irrigation created under various major, medium and minor irrigation schemes
- Mines and Geology – Collection of statistics relating to mining activities
- Animal Husbandry – conduct of Livestock Census and related statistics
- Board of Revenue –Crop Forecast, Agricultural statistics, Livestock Census, Land Record Statistics
- Panchayati Raj- Socio-economic and infrastructure statistics, Implementation and Monitoring of developmental schemes
- Chief Planning Officer Cell (Districts) – District profiles and plan formulation
- Election Statistics
- Transport Statistics
- Education statistics

- Medical and Health Statistics
- Civil Works and Road Statistics
- Labour and Employment Statistics
- Forest – Forest Area and Produce Statistics
- Women Empowerment
- Child Development
- Disaster Management/Relief
- Power and Electricity – Generation and Consumption of electricity

Publication

4. The principal publications of DES are listed below:

S.No	Name of publication	Periodicity
1	2	3
1.	Statistical Abstract, Rajasthan	Annual
2.	Basic Statistics, Rajasthan	Annual
3.	District Statistical Outline (32 Districts)	Annual
4.	Socio-Economic Statistics	Annual
5.	Agricultural Statistics	Annual
6.	Economic Review, Rajasthan	Annual
7.	Some Facts About Rajasthan	Annual
8.	Annual Vital Report	Annual
9.	Report on Timely Reporting Scheme of Estimating Area under Principal Crops in Rajasthan (All Seasons)	Annual
10.	Annual Survey of Industries	Annual
11.	Comparative Study of States Finances	Annual
12.	Classification of State Budget	Annual
13.	Census of State Govt. Employees	Annual
14.	Budget at a Glance, Rajasthan	Annual
15.	Budget Study, Rajasthan	Annual
16.	Right to Information, Act	Annual

17.	Agricultural Statistics of Rajasthan	Adhoc
18.	Wholesale Prices Indices Rajasthan	Adhoc
19.	Consumer Price Index Number for Industrial Workers	Adhoc
20.	Report on Index Numbers of Industrial Production, Rajasthan	Adhoc
21.	Economic Census, Report Rajasthan	Adhoc
22.	Women and Men in Rajasthan	Adhoc
23.	Some Development Facts of Rajasthan	Adhoc
24.	Inter State Economic Indicators	Adhoc
25.	Population Facts & Figures, Rajasthan	Adhoc
26.	State Domestic Product, Rajasthan	Adhoc
27.	Estimates of Net District Domestic Product	Adhoc
28.	Financial Structure and State Domestic Product of Rajasthan	Adhoc

Manpower

5. Total Statistical staff strength of DES and other departments in position is 1745.

22. SIKKIM

The statistical system in the state is decentralized. The Directorate of Economics and Statistics, Monitoring and Evaluation (DESME) is the apex statistical organization in the State. Thirteen departments have established statistical units/cells with staff drawn from the common statistical cadre. The Department of Agriculture also has a statistical cell but has its own statistical staff who are not from the common statistical cadre. There are three DSOs of DESME.

Organization of DESME

2. The Director is head of DESME. He is under the administrative control of Development Commissioner-cum-Principal Secretary, Development Planning, Economic Reforms and North East Council Affairs Department. The Director is assisted by one Joint Director, One Additional Director, three Deputy Directors and Seven Assistant Director on technical side, one Joint Secretary and one Under Secretary with supporting staff on establishment and account officer and staff accounts side. There are four districts in the state. District Statistical Offices have been created in 3 districts viz. District statistical office Mangan/North, Namchi/South and Gyalsing/West. There is no District Statistical office in East District at Gangtok. However, the Head office DESME looks after District Statistical office work of East District. There is no uniform staffing pattern in the Districts. The West and South district Statistical Offices are in the cadre of Deputy Director, while North District Statistical Office is in the cadre of Assistant Director.

Statistical Activities of DESME

3. The Key activities of DESME are as under:
- State Domestic Product Estimates
 - Compilation of Consumer Price Index Numbers for industrial workers
 - Participation in the surveys of National Sample Survey Organisation (NSSO). (Field Survey, Tabulation and pooling).
 - Conduct of Economic Census
 - Rural Price Statistics and Prices of Building Materials
 - Monitoring and Evaluation of all project being implemented in the state.
 - Basic statistics for Rural level Developments
 - Identification of Below Poverty Level households and issuance of certificates
 - Urban Statistics Human Resource Assessment (USHA)
 - Conduct of Socio Economic Census

- Miscellaneous Census and Survey as and when required in all economic and social fields.

Activities of Line Departments

- Health, Morbidity and Family Welfare Statistics
- Education and Literacy Statistics
- Labour and Employment Statistics
- Housing Statistics
- Birth and Death registration and Population
- Electricity production and Distribution Statistics
- Environment and forest Statistics
- Transport Statistics
- Statistics for local area Planning
- Conduct of livestock census quinquennially as part of All India Livestock Census carrying out Integrated Sample Surveys on annual basis. On the basis of this survey, estimates of milk production and of eggs are arrived at every year.
- Statistical profile of SC (1996).
- Statistical Profile of ST (1996).
- Compendium of Achievements.
- Maintains statistics relating to tasks of procurement, storage, distribution. Network of Public Distribution System (PDS), price control of PDS and other essential commodities.
- Conduct of Minor Irrigation Census every fourth year.
- Collection of data on all ongoing schemes.

Publications

4. The following publications are brought out regularly :

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Monthly Price Bulletin of Sikkim	Monthly

2.	Consumer Price Index	Adhoc
3.	State Domestic Product	Annual
4.	Statistical Profile	Annual
5.	Sikkim at a Glance	Annual
6.	Sikkim and North Eastern States, Statistical Abstract	Adhoc

Manpower

5. The State of Sikkim has common statistical cadre. Thirteen departments have availed these services of statistical staffs from the common statistical cadre. Only one major department i.e. Agricultural Department does not have staff from the common statistical cadre. It has appointed independent statistical personnel to manage the statistical work of the department. The total statistical manpower in position is 126 out of which 126 are from common statistical cadre. The detail is given below:

Sl. No.	Office	No.
1.	Statistical Staffs in DESME	62
2.	Line Departments	64
	Total	126

23. TAMILNADU

The System of Official Statistics in the State of Tamil Nadu is decentralized. Department of Economics and Statistics (DES) is responsible for Collection, Compilation and Dissemination of statistical data on all Socio-Economic aspects of the State. The Department of Economics and Statistics has been declared as “**Nodal Agency**” for collection of Statistics. In addition to the Department of Economics and Statistics, several other line departments in the State are also engaged in statistical activities related to the respective specialized field for subject. Each Department recruits its own staff as there is no common statistical cadre. The major departments who recruit its statistical staffs are Agriculture, Horticulture, Fisheries, Rural Development, Co-operation, Transport, Commercial Tax and Planning Commission. Many other Departments viz., Health, Animal Husbandry, Forest, Labour and other State Government Undertakings are employing their own personnel for furnishing statistical details to the administration. The data collection is not facilitated by any state legislation like Registration of Births and Deaths Act.

Organisational Structure

2. The present Statistical System in Tamil Nadu is headed by a Senior Indian Administrative Service cadre Officer who is assisted by one Additional Director, 4 Joint Director of Statistics, 5 Deputy Director of Statistics, 46 Assistant Director of Statistics within the Department comprising of the total 56. In addition to this, the Statistical Cells in several other departments are also being manned by Statistical Personnel numbering to 60. Field Officers of the Department of Economics and Statistics are available at Block, Divisions and Districts levels. There is also a “State Statistical Committee” to strengthen the Inter- Departmental Co-ordination in matter of Statistical Development.

Statistical Activities of Department of Economics and Statistics

3. Statistical activities of DES are given below:

- To estimate the State Domestic Product
- To estimate District Domestic Product
- To estimate the Annual Gross Fixed Capital Formation for Tamil Nadu in both Private and Public Sectors
- To conduct/Participation in NSSO Surveys
- To Conduct Annual Survey of Industries (ASI) covering Mining, Manufacturing and Electricity Sectors
- To Compile Wholesale Price Index for Tamil Nadu (both Agricultural and Industrial Commodities)
- To Release the Consumer Price Index Number for Cuddalore and Nagercoil under State series with base 1982=100

- To Release the Consumer Price Index for selected essential items in Rural Tamil Nadu
- To release advance / final estimates reports regarding season-wise area and production of important crops
- To present detailed district-wise facts and figures pertaining to agriculture
- Improvement of Crop Statistics
- To estimates Area & Production of Principal Crops under Timely Reporting Scheme
- Crop Estimation Survey on Fruits and Vegetables
- To estimate average yield per hectare and production of certain minor crops at the District
- Economic and purposive classification of Tamil Nadu Government budget and budgets of Local Bodies
- Preparation of Budget
- To conduct Agricultural Census
- To conduct Minor Irrigation Statistics
- To Conduct Economic Census
- To conduct Quick Surveys recently for THADCO
- Rainfall Statistics

Statistical Actives of Line Departments

Statistical activities of some of the line Departments are:

- Health Statistics relating to maternity and Child Health services, immunization and control of communicable diseases
- Municipal Statistics

Publication

4. DES brings out number of regular and ad-hoc publications which are listed below:

Sl.No.	Name of the Publication / Report	Periodicity
1	2	3
1.	Index Number of Industrial Production for Tamil Nadu	Monthly
2.	Handloom -Report	Monthly
3.	Quarterly Statistical Abstract of Tamil Nadu	Quarterly
4.	Handloom-Report	Annual

5.	New Series of State Domestic Product – Tamil Nadu Base Year : (1999-2000) – 1999-2000 to 2005-06.	Annual
6.	7 th Agricultural Census 2000-01 – Tamil Nadu (Part-I, Part-II & Part-III)	Quinquennial
7.	Monthly Index of Industrial Production (Base year: 1993-94=100)	Monthly
8.	National Sample Survey – 57 th Round – Unorganized Sector Report	Annual
9.	National Sample Survey – 60 th Round – Schedule-10 (January-June 2004) Report on Employment and Unemployment Situation in Tamil Nadu.	Annual
10.	Annual Statistical Abstract of Tamil Nadu	Annual
11.	Estimates of State Domestic Product of Tamil Nadu	Annual
12.	State District Domestic Product – 1999-2000 to 2006-07	Annual
13.	National Agriculture Insurance Scheme	Annual
14.	Tamil Nadu at a Glance	Annual
15.	Statistical Handbook of Tamil Nadu	Annual
16.	Improvement of Crop Statistics	Annual
17.	Index of Industrial Production	Annual
18.	National Sample Survey Report on morbidity health care and the condition of the aged.	Annual
19.	Timely Reporting Scheme	Annual
20.	Fifth Economic Census of Tamil Nadu	Quinquennial
21.	Season and Crop Report	Annual
22.	Marketable Surplus Report	Annual

Manpower

5. There is a common statistical cadre in the State. The Service is called the Tamil Nadu Statistical Service. The Cadre controlling authority is the Department of Planning, Development and Special Initiatives, which is the Administrative Department for Department of Economics and Statistics. The number of Officers/Professionals working in Department is 56. In addition to this, the Statistical Cells in several other Line Departments are also being manned by Statistical Personnel numbering to 60. So the total professional categories of the Statistical personnel in the State are 116. Besides this, 215 Intermediates along with 1109 Primary Workers are also working in the State. The Total Staff strength in position spread throughout the State is 1440.

24. TRIPURA

The Statistical System in the State of Tripura is decentralised. The Directorate of Economics & Statistics (DES) is responsible for collection, compilation, analysis and dissemination of various types of statistics. The DES also coordinates with the statistical organizations of Central Government especially with the Ministry of Statistics and Programme Implementation. Since 1986, Directorate of Economics and Statistics has been working as nodal agency for all statistical activities. The Line Departments are responsible for collection and release of data in their own specialized field/subject. Every department recruits its own staff as there is no common statistical cadre.

Organsiation of DES

2. The Directorate of Economics and Statistics is the apex Statistical Organsiation in the State under the administrative control of Secretary, Planning Department. The DES has District Statistical Offices in all four Districts, viz; District Statistical Office at West Tripura, south Tripura, North Tripura and Dhalai District. Below the district set-up, there is a Statistical Cell in all Sub-divisional Magistrate's Offices of Tripura. The Cell is involved in conducting of census and collection of price statistics on regular basis.

Statistical Activities of DES:

3. The key statistical activities of DES and Select Line Departments are given below:
- Estimation of State Domestic Product
 - Participation in National Sample Survey for both Central and State Samples.
 - Price Collection & CPI
 - Publication of Official Statistics
 - Economic Review
 - Conducting Economic Census
 - Compilation of Consumer Price Index Number for middle class employees
 - Collection of Wholesale Prices of fifteen selected commodities

Statistical Activities of Select Line Departments:

- Conducting Agriculture Census quinquennially
- Collecting and compile data on weather, crops, consumption of fertilizers, insecticides and pesticides, mechanization and related statistics

- Conducting of Livestock Census quinquennially as part of All India Livestock Census
- Conducting Integrated Sample Surveys on annual basis for estimates of production of milk, eggs and wool
- Collection of data on institutional infrastructure, animals treated in veterinary hospitals and dispensaries, disease wise vaccinations done and incidence of diseases
- Panchayat and Rural Development statistics
- Conducting BPL surveys once in five years
- Social Welfare Statistics
- Industrial Statistics
- Forestry Statistics
- Health related statistics
- Fishing Statistics
- Collection and dissemination of sericulture statistics
- Collection and compilation of health related statistics
- Collection and compilation of live registrant

Publications:

4. Following publications are brought out by DES

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Economic Review of Tripura	Annual
2.	Some Basic Statistics of Tripura	Annual
3.	Statistical Abstract of Tripura	Annual
4.	Tripura at a Glance	Annual
5.	State Domestic Product of Tripura	Adhoc
6.	CPI for Middle Class Employees	Half-Yearly
7.	Half Yearly Price Bulletin of Average Retail Prices in Rural Markets of Tripura	Half-Yearly

8.	Half Yearly Price Bulletin of Wholesale & Retail Prices in Urban Markets of Tripura	Annual
----	---	--------

Manpower

5. The total statistical manpower in DES, DSO and in the Line Departments is given below:

Sl. No.	Office	No.
1	Statistical staff in DES	172
2	Statistical staff in Line Departments	145
	Total	317

25. UTTAR PRADESH

Uttar Pradesh (UP) has a system of collection, compilation and analysis of statistical data that cuts across various departments of the government. While the Directorate of Economics and Statistics (DES) of the State Planning Institute has been declared the nodal organization for all statistical activities in the State, and is responsible for a wide range statistics. There are statistical as well as non-statistical units in different line Departments engaged in collection, compilation and analysis of data in their own spheres of responsibility. The data collection, except to the extent it is covered by Central legislations like Collection of Statistics Act, Factories Act and Registration of Births and Deaths Act, and State laws of an administrative nature such as those on registration of motor vehicles, etc., is not facilitated by any State legislation. The Director of DES plays a nodal role in collection, processing and release of statistical data in the state. But the line departments like Agriculture, Forestry and Health function independently for collection of statistics relating to their departmental activities.

Organisational Structure

2. The Economics and Statistics Division of the State Planning Institute operates through a network of 17 Divisional Offices and 70 District Economic and Statistical Offices. It functions administratively under the State Planning Institute chaired by the Principal Secretary, Planning. The DES has 17 Divisional Offices – one each at the Divisional headquarters. The divisional offices were created in 1979 for supervision of statistical activities in Districts. These offices are headed by a senior officer of the rank of Deputy Director of Economics & Statistics. The DES has 70 District Economics and Statistical Offices (DESOs) at the district level. The DES also has a presence in Blocks, and there is one post of Assistant Development Officer (Statistics) in each Development Block. This post is cadred to the Economic and Statistical Services.

Statistical Activities of DES

3. The specific statistical activities performed by DES include:
- Estimating State GSDP and Gross Domestic Capital Formation
 - Estimating District Domestic Product
 - Economic and Purpose Classification of State Budget
 - Participation in State sample and bringing out reports for NSS
 - Annual Survey of Industries
 - Consumer Price Indices for rural and urban areas.
 - Collection, maintenance and publication of secondary data
 - Index of Agriculture Production

- Economic Censuses (once in five years)
- Ad-hoc Surveys
- Electronic processing of data
- Classification of economic and work related income expenditure of Local Bodies
- Quarterly Industrial Production Index
- Wage Index
- Index of Agriculture Parity
- Income expenditure and capital expenditure of Local Bodies, cleanliness and classification of employment
- Collection of data for Government of India
- Software development and training
- State Income Estimates
- Uttar Pradesh Economic Review
- Community Development Report on Monthly Basis
- Uttar Pradesh Ek Jhalak.

Manpower

4. At present, there is no common statistical cadre in the State but the Finance Department, Government of U.P. has issued a Government Order in this regard. As per the Government Order, all the departments having number of posts less than ten in the statistical cadre, the personnel against the posts falling vacant will be made available by DES on the basis of service transfer. Total Statistical Staff strength in the Directorate of Economics & Statistics and Line Departments in position is 4731 as given below:

Statistical manpower of the DES and Line Departments

Sl. No.	Office	Total
1	Statistical staff in DES	2772
2	Statistical staff in Line Departments	1959
	Total	4731

26. UTTARAKHAND

The statistical system in Uttarakhand is decentralized, wherein Line Departments are responsible for collection, processing and releasing data relating to their domain. The Directorate of Economics and Statistics plays the role of a nodal agency. Some of the Departments namely; Agriculture, Forests, Education, Industry, Health, etc., have well organised statistical cells. There exists a very good network of statistical set up under aegis of the Directorate of Agriculture and the Chief Revenue Commissioner, Uttarakhand, which is declared as the State Agricultural Statistics Authority (SASA). Similarly, the Director General Health Services that is declared as the Chief Registrar of Births and Deaths in the State has a strong statistical set up in their system. Forest Department of the State has also a very rich Statistical Cell named as Forests and Environment Statistics. Various other line Departments, those have their own District and subordinate Regional Units have put their deputed statistical staff in their own statistical Cell.

Organisational Structure

2. Presently, the Additional Secretary to the Government, Department of Planning is functioning as In-charge Director. However, for all practical purposes there are senior officers i.e. an Additional Director and two Joint Directors, posted in the Directorate. They look after all administrative, financial, technical and specialized statistical functions of the Directorate. Under the supervision and guidance of these directors, specific statistical activities within the Directorate are being looked into through respective Economic and Statistics Officers. The Directorate of Economics and Statistics (DES) has Regional Units in each of the Districts and Division. It is under the administrative control of the Department of Planning headed by the Secretary to the Government.

There are two Divisional Offices of DES viz Gharwal Divisional Office headed by a Joint Director who supervises the statistical activities of seven DESO and Kumaun Divisional Office headed by a Deputy Director who supervises the statistical activities of six DESOs. The DES has its district level presence through its District Economic and Statistics Offices, one in each of the 13 districts. These offices are headed by a District Economic and Statistics Officer. The activities of DESOs are coordinated and supervised at the intermediate level by the concerned Divisional Office. The DES also has its presence in each of the 95 Community Development Blocks spread in the State. The Post of Assistant Development Officer (Statistics) is created in each of the Development Blocks. ADO (statistics) functions under the control of the DESO and looks after the collection, compilation and summarization of development and socio economic statistics collected by the Village Development Officers. He/ She passes it to the concerned DESO.

Statistical Activities of DES

3. Statistical activities performed by DES are as given below:

- Collection of official statistics and conduct of socio-economic studies of current interest.

- Collection of data through censuses and surveys and undertake studies on such matters for which official statistics do not exist or are inadequate and to analyse such data that leads to providing some statistical outputs.
- Bringing out statistical publications
- Coordinating the work of statistical cells functioning in different departments of the State Government and extending them technical guidance from time to time.
- Acting as liaison agency between the State and Central Government on Statistical matters
- Acting as a 'Nodal Agency' and as an 'Authority of Reference' for all statistical activities in the State
- Assisting the Planning Department in the planning process on matters referred to the DES by the Department
- Advising the State Government on various statistical activities
- Acting as member of various committees constituted by the State or Central Governments as far as it relates to statistics or a subject matter having its relevance to statistical activities in the state.

Other Statistical Activities of DES

- Economic Survey of Uttarakhand State highlighting the important development activities and achievements under different sectors of the State economy
- Preparation of Municipal Statistical Year Book containing data in respect of Municipal Corporations and Municipalities of the State.
- Conducting Census of Employees working under the State Government and Local Bodies.
- Conducting of Economic Census at five-year intervals
- Review of 20 Point Programme
- Collection of data on stock of housing and cost of building materials
- Collection of official statistics from different sources and publishing the same

- Conducting ad-hoc surveys / collection and compilation of socio-economic data
- Compilation of data for preparation and publication of Statistical Abstract, Handbook of Basic Statistics of Uttarakhand and State's Economy in Figures.
- Electronic data processing

Statistical Activities of Line Departments

4. The line Departments do undertake statistical activities and produces statistical outputs by way of organizing statistical cells of their own. The important official statistics being collected by the line departments is, more or less, incorporated in the publications of the DES. However, some of the statistical publications of the line departments are also useful to the researchers and academicians. Statistical data related to Uttarakhand can be visualized on the state web site: [www:uttara.in](http://www.uttara.in) and <http://gov.ua.nic.in>

Principal Publications of DES

5. Though DES is preparing varieties of documents, each one is not published. Further, there are lots of publications prepared by the DES in the past. However, a list of principal publications of the DES is as follows:

Publications of DES and their periodicity

Sl. No.	Name of Publication	Periodicity
1.	2	3
2.	Uttarakhand Statistical Diary	Annual
3.	Uttarakhand at a Glance	Annual
4.	Uttarakhand and Himachal Pradesh – A comparative study of Development	Occasional
5.	Estimates of State Domestic Product of Uttaranchal	Annual
6.	Pricing of Building Materials and Labour Wages	Annual
7.	Annual Survey of Industries- Uttaranchal	Annual
8.	Socio-Economic Review	Annual
9.	Economic Census	5 yearly

11.	Census of Employees	Annual
12.	Progress under Twenty Point Programme	Monthly/ Annual

13.	Physical and Financial Progress under District Plan	Monthly/ Annual
14.	NSS Report	Round-wise
15.	Statistics Related to Local Bodies	Annual
16.	Levels of Development of Districts of Uttarakhand	Occasional

Statistical Manpower

6. Statistical manpower of the DES and Line Departments, in position is as follows:

Statistical manpower of the DES and Line Departments

Sl.No.	Office	Total
1.	Statistical staff in DES	122
2.	Statistical staff in Line Departments	195
	Total	317

27. WEST BENGAL

The system of official statistics in West Bengal is decentralized with the Bureau of Applied Economics & Statistics (BAE&S) having responsibility for coordinating all statistical activities in the State. The BAE&S is not the nodal statistical agency. The individual line Departments are responsible for collection, processing and release of data in their own fields. Most of the Line Departments like Agriculture, Health, Education, Fisheries, Animal Resources and Development, etc. are functioning independently for collection and publication of departmental data. Each department recruits its own staff as there is no common statistical cadre.

Organisation of BAE&S

2. The State Statistical System has three tiers; BAE&S Headquarters, District Statistical Offices of BAE&S in 19 Districts, and Statistical Units in some line Departments. There are no regional offices of BAE&S. The BAE&S does not have any staff in the Community Development Blocks. There are 5 divisions in BAE&S and each headed by a Deputy Director and their work is supervised by the Additional Director. The BAE&S functions administratively under the Development and Planning Department headed by the Principal Secretary.

Statistical Activities of BAE&S

3. The key statistical activities of BAE&S are as under:
- Estimation of State Domestic Product
 - Estimating District Domestic Product
 - Estimation of Gross Fixed Capital Formation
 - Estimating Contribution of Local Bodies
 - Economic and Purposive Classification of the State Budget
 - Collection of wholesale and retail prices and preparation of Wholesale Price Index and Consumer Price Index
 - Participating in National Sample Survey in their different rounds on matching basis
 - Participating in Annual Survey of Industries
 - Estimation of Production of 19 major crops by conducting Crop Cutting Experiments
 - Estimation of Marketable surplus of Paddy, Wheat, Mustard, Potato & Maskalai
 - Analyzing the Income & Expenditure of all Municipalities & Municipal

Corporations and all State Govt. Undertakings of the State and publishing of the same

- Preparation of Index of Industrial Production

Other Statistical activities of BAE&S

Other statistical activities are as follows :

- Economic Review of West Bengal along with a Statistical Appendix high-lighting the important developments in different sectors of the State Economy
- Conduct of Annual Census of State Government Employees
- Economic Census
- Collection of official statistics from various Departments
- Compilation and publication of data in various publications like Statistical Hand Book (State as well as District level) and Statistical Abstract
- Training of statistical personnel
- Electronic data processing

Statistical Activities of Line Departments

- Monthly collection of information on veterinary hospitals, dispensaries, sub-dispensaries, artificial insemination centers and sub-centres; and mobile dispensary
- Livestock Census
- Conducting of Integrated Livestock Survey for estimation of production of major livestock products such as milk, egg, meat and wool
- Annual Forest Report of the State
- Hand Book on Fisheries Statistics
- Census of Small Scale Units
- Collection of information from SSI units on investment, type of activity and employment through the District Industries Centres
- Education Statistics at Primary, Secondary and Higher Secondary level
- Collection of Health Statistics

- Tourist Statistics
- Collection of Health Statistics

Publications

4. List of publications is given below:

Sl. No.	Name of Publications	Periodicity
1	2	3
Reports Brought out by Bureau of Applied Economics and Statistics		
1.	Reports on Annual Survey of Industries	Annual
2.	New Series on Monthly Index of Industrial Production	Ad-hoc
3.	Statistical Hand Book of West Bengal	Annual

28.	Key Food and Supplies Statistics, West Bengal	Annual
29.	Sechpatra	Quarterly
30.	State Forests Report	Annual
31.	Labour in West Bengal	Annual
32.	Statistics Progress Report	Monthly
33.	V.G.Y.P.	Monthly
34.	Health on the March	Annual
35.	Hospital Activity & Efficiency Indicators	Quarterly

Manpower

5. There is no common Statistical Cadre for both gazetted and non-gazetted level. The statistical personnel of BAE&S posted in other departments are very limited. The total staff strength of BAE&S and Line Departments is 1910 and is given as under:-

Sl. No.	Office	No.
1.	Statistical Staff in BAE&S	924
2.	Statistical Staff in Line Departments	986
	Total	1910

28. ANDAMAN AND NICOBAR ISLANDS

The system of official statistics in Andaman and Nicobar Islands is decentralized. The Directorate of Economics & Statistics is the nodal agency for collection, compilation, analysis and dissemination of data. Individual Line Departments are responsible for collection, processing and release of the data in their own subject fields. The data collection, except to the extent it is covered by Central Legislations like Collection of Statistics Act and Registration of Births and Deaths, is not facilitated by any other Legislation.

Organisation of DES

2. The DES is under the administrative control of Secretary in -charge of Statistics. DES is not positioned in the Department of Planning. It functions as separate Directorate since 1996. There are 3 Districts and 9 Tehsils in A & N Islands. Out of 3 Districts, DES has District Statistical Cell only in Nicobar District. At Tehsil level, DES has statistical staff in three Tehsils in North & Middle Andaman District and 2 Tehsils in Nicobar District. None of the Tehsils in South Andaman District has the presence of statistical staff of DES. None of the statistical staff of DES is available in the Panchati Raj Institution (PRIs) though the PRIs have statistical staff created by Line Departments of A & N Administration.

Statistical Activities of DES

3. Statistical activities of DES are as under:-

- Estimate of State Gross and Net Domestic Product and related outputs like Net Domestic Product per capita, sectoral composition of GSDP, etc.
- Index Number of Industrial Production
- Estimates of area under various kharif, rabi and summer crops at UT, district and Tehsil levels
- Estimates of average yields of various crops at UT level
- Estimates of production of principal agricultural crops
- Agency collection of retail price of essential commodities, food items, vegetables, Non-vegetables and fruits
- Collection of farm harvest prices of Agriculture commodities annually
- Collection of wholesale price of food grains on monthly basis
- Conducting of Census of Government Employees Annually
- Conducting of Agriculture Census Quinquennial
- Conducting of Economic Census Quinquennial

- Education and Literacy Statistics
- Labour and Employment Statistics
- Population Census
- Housing Statistics
- Transport Statistics
- Meteorological Statistics

Statistical Activities of Line Departments

The statistical activities of the line departments are as under:-

- Collection and Compilation of veterinary facilities viz. hospitals, dispensaries, sub-dispensaries, artificial insemination centers/sub-centres, mobile dispensaries and others
- Estimation of production of milk and eggs.
- Quinquennial Livestock Survey.
- Collection and compilation of data on livestock farms that include cattle breeding, piggery, and fodder production
- Collection of Tourists Statistics
- Social Welfare Statistics
- Fisheries Statistics
- Collection, compilation and analysis of data passenger and cargo traffic in respect of vessels plying between Mainland-Island, Inter-Islands and foreshore & harbour sectors
- Collection and submission of statistics on inland water transport system
- Tribal Welfare Statistics & Census of STs
- Cases under Atrocities Act, 1989.
- Post Matric scholarship to STs, coaching and allied to STs, development of PTGs, prevention of Atrocities Act, tribal hostels for boys & girls
- Collection and compilation of educational statistics, dropouts, literacy, Scholarship, CBSE results, adult education, technical & higher education in A&N Islands

- Electricity generation and consumption in A & N Islands. District/Tehsil wise no. of electrified villages
- Forest Statistics
- Employment Statistics
- Law & Order related to Police, Fire Services & District Jail
- No. of Co-operative Societies and Sector-wise Co-operative Societies membership & share capital in A&N Islands
- Statistics on Medical & Public Health i.e. Medical facilities and medical personnel in A& N islands, registration of Deaths & Births, Sterilization and other information on Public Health, Vital Statistics, National Health Programme.
- Agriculture statistics like land utilization, area & production of various crops, distribution of seeds, pesticides & fertilizers, etc.
- Wholesale price of food grains, fair price shops, storage facilities, Family Identity Cards in A& N Islands
- Statistics on Panchayati Raj Institutions
- Statistics on Rural Development and Local Self Government
- Statistics on Planning & Finance.
- Motor vehicle & motor transport
- Area and Population of A&N Islands
- Election, Electorates and Islander Identity Cards
- Road & road length
- Factories, Industries SSI Units, Printing Press, etc.

Publication

4. Publications of DES are as given below:

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Basic Statistics	Annual
2.	Island-wise Statistical Outline	Annual

3.	Andaman & Nicobar Islands at-a-Glance	Annual
4.	Basic Transport Statistics	Annual
5.	Meteorological Statistics	Annual
6.	Hand Book of South Andaman District	Annual
7.	Hand Book of Nicobar District	Annual
8.	Hand Book of North & Middle Andaman District	Annual
9.	Estimation of State Domestic Product	Annual
10.	Agriculture Census & Input Survey	Quinquennial
11.	Economic Census	Quinquennial

Manpower

5. There is a Common Statistical Cadre in the UT. The staff belonging to statistical service (both Gazetted and Non-Gazetted) is posted in line Departments for carrying out statistical jobs. Posting of gazetted staff is done with the approval of Lt. Governor, A&N Islands and the posting of sub-ordinate staff is done with the approval of Chief Secretary/Secretary (Statistics). The statistical cadre is controlled by DES, which is responsible for recruitment and posting of staff in all other departments. The total sanctioned staff strength of the amalgamated Statistical Cadre is 131 including 2 posts of Research Officer of which 107 are filled up. The staff in place has been deployed as follows:

Sl.No.	Offices	Total
1	Statistical staff in DES	19
2	Statistical staff in Line Departments	88
	Total	107

29. CHANDIGARH ADMINISTRATION

The system of official statistics in UT of Chandigarh is decentralised. The Directorate of Economics and Statistics (DES) has been declared as the nodal agency. The DES is primarily engaged in collection and compilation of basic socio-economic data relating to the Union Territory and carrying out surveys and censuses as assigned by the Govt. of India and Chandigarh Administration from time to time. The individual line Departments are responsible for collection, processing and releasing the data in their own subject fields. Each Department recruits its own staff, as there is no common statistical cadre in the UT. The data collection, except to the extent it is covered by Central legislations like Collection of Statistics Act, and Registration of Births and Deaths Act, remains voluntary in nature.

Organisation

2. The DES functions under the administrative control of the Finance Department of Chandigarh Administration. It is headed by Joint Secretary (Finance) who also functions as the Ex-Officio Director, Economics and Statistics. The DES has only 7 statistical staff who handles all the statistical activities of the DES. They are assisted by 5 ministerial employees. Statistical staff deployed in DES and some of the line Departments like; Agriculture(Census), Technical Education, Registrar Births and Deaths, Health Services, Engineering Department, Labour Department, Planning Department, Employment Exchange, Social Welfare and Department of Industries.

Statistical Activities of DES

3. Statistical activities of DES are given below:
- Estimation of State Domestic Product and Per Capita income at current & constant prices.
 - Estimation of Gross Fixed Capital Formation.
 - Conduct of Census of Govt. Employees in the Chandigarh Administration, local bodies, and public sector undertaking.
 - Collection of official statistics for its publication "Statistical Abstract"
 - Collection of consumer prices.
 - Economic Census.

Publications

4. The main publications of DES are as given below:

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Statistical Abstract	Annual
2.	Census of Govt. Employees, Chandigarh Administration	Annual
	Census of Public Sector Undertakings and Local Bodies Employees	Annual
3.	State Domestic Product and Per Capita Income at Current & Constant Prices	Annual
4.	Report on Economic Census	Adhoc

Manpower

5. There is no common statistical cadre in UT. Each department recruits its own staff. The DES has only 7 statistical staff who amongst them handles all the statistical activities of the DES. They are assisted by 5 ministerial employees. The statistical staff strength of DES and Line Department in position is 44 as given below:

Statistical Staff Strength in DES and Line Departments

Sl. No.	Offices	No. of Staff
1	Directorate of Economics & Statistics	7
2	Line Department/ Ministries	37
	Total	44

30. DADRA AND NAGAR HAVELI

The Department of Planning and Statistics is a central agency for coordination and liaison of statistical activities in different Line Departments of Administration. Its main function is to collect, compile and disseminate the data/information under various developmental schemes. Besides, certain regular census, surveys and field visits are organized as a part of national level programmes.

Statistical Activities of Department of Planning and Statistics

2. The following statistical activities are carried out by the Department of Planning and Statistics:

- Agriculture Statistics
- Irrigation Statistics
- Population Census
- Agricultural Census and Input Survey
- Economic Census
- Registration of Births and Deaths
- Collection of Agricultural Statistics
- Preparation of Report of Weekly Farm Harvest Prices
- Collection of Rainfall data
- Preparation of Publication of Socio-Economic Development
- Providing Information to SCs and STs and Minority Commission
- Collection of Data Relating to Twenty Point Programme

Statistical Activities of Line Departments

- Estimation of crops, area , and production
- Collection and compilation of data relating to animal husbandry, livestock and veterinary services.
- Conduct of the Quinquennial Livestock Census and the Sample Survey of Livestock Products,
- Conduct of the All-India Educational Survey
- Maintenance of Housing and Building Statistics
- Maintenance of Data on Number of Ration Cards and Fair Price Shops
- Social Welfare and Child Development Statistics

- Collection and Compilation of Data on Monthly Basis on Number of Hotels, Guest Houses and Tourists

Publications:

3. Following publications are brought out by the Department:

Sl. No.	Name of Publications	Periodicity
1	2	3
1.	Annual Administration Report of Home Ministry	Annual
2.	Annual publication of Socio Economic Development of Dadra and Nagar Haveli	Annual
3.	Weekly Farm Harvest Prices (prevailing in local market)	Weekly
4.	Report on Rainfall Data	Adhoc
5.	Monthly Report on Births and Deaths	Monthly
6.	Booklet: Highlights of Development in UT	Annual

Manpower

4. The total statistical staff strength in position in DP& S and Line Department is 13 as given below:

Sl. No.	Office	Nos.
1	Statistical Staff in DP&S- HQ	6
2	Statistical Staff in Line Departments	7
3	Total	13

31. DAMAN AND DIU

Organisational Structure

In the Union Territory of Daman and Diu, collection, compilation and dissemination of statistical data is carried out by the Department of Planning and Statistics (DP&S). The Deputy Director is Head of Office and the Development Commissioner is Head of Department of Planning and Statistics. There are two districts: One is Daman and another is Diu. One Statistical Assistant and one Statistical Investigator are posted with BDO in District DIU to attend to statistical works. Because of limited staff, many of the important statistical activities like preparation of SDP estimates and related aggregates, various indices and the socio-economic surveys of the NSS (State Sample) are not being performed.

Statistical Activities performed by Department of Planning and Statistics

2. Statistical activities performed by the Department of Planning and Statistics are given below:

- Conduct of Population Census
- Conduct of Economic Census
- Conduct of Agricultural Census
- Conduct of Live Stock Census
- Conduct of Census of Micro, Small and Medium Enterprises
- Conduct of Agricultural Input Survey
- Conduct of Crop Estimation Survey
- Conduct of Livestock Product Survey
- Conduct of All India School Education Survey
- Registration of Births and Deaths
- Twenty Point Programme
- Compilation of Statistical Diary for UT of Daman and Diu
- Compilation of Data on Fisheries, Transport, Labour, Water Consumption, Rainfall, Prices of Commodities, Building Statistics.

Statistical Activities of Line Departments

- Collection of data for Registration of Small Scale, Medium Scale and Large Scale Industries,
- Health and Family Welfare Statistics

- Data on number of schools and teachers, enrolment of students, progress of plan schemes
- Collection of data necessary for implementation of Central Sector Rural Poverty Alleviation Programmes and monitoring the progress
- Conduct of Survey to identify families living below poverty line in rural area
- Collection of Data on village wise amenities, number of beneficiaries assisted under various schemes, roads under Prime Minister Gramm Sadak Yojana
- Collection of data on wells and tube wells, beneficiaries assisted under various plan schemes
- Collection of data for treatment of birds and animals, number of slaughter houses, production of meat
- Collection of data on number of persons registered for employment and number of persons employed through Employment Exchanges
- Collection of data on number of Government Employees

Publications

3. Some of the publications brought out by Department of Planning and Statistics are given below:

Sl. No.	Name of Publications	Periodicity
1	2	3
1	Annual Report on Implementation of RBD	Annual
2	Monthly Progress Report of Twenty Point Programme for UT of Daman and Diu	Monthly
3	Annual Administration Report for Ministry of Home Affairs.	Annual
4	Annual Statistical Diary for UT of Daman and Diu	Annual

Manpower

4. The total statistical staff strength in position in DP& S and Line Departments is 16, against the sanctioned strength of 31 as given below:

Sl. No.	Office	Nos.
1.	Statistical Staff in Department of Planning and Statistics	9
2.	Statistical Staff in Line Departments	22
	Total	31

32. NCT OF DELHI

The State's statistical system is decentralized. The Directorate of Economics & Statistics (DES) is the main organization for collection and dissemination of data relating to the State while individual line Departments are responsible for collection and release of data in their own specialized field/subject. There is no state level legislation to regulate the statistical activity.

Organisation of DES

2. The Directorate of Economics & Statistics (DES) is the nodal agency in the NCT of Delhi for collection, compilation, analysis and presentation of statistical data and information. The DES is under the administrative control of the Principal Secretary (Planning). The Directorate has been actively engaged in the socio-economic surveys in various rounds of National Sample Survey Organisation, statistics on state income, annual survey of industries and vital statistics. Planning Department is the cadre controlling authority of the Planning and Statistical employees and recruitment is done through UPSC/DSSB as the case may be.

Statistical Activities of DES

3. The key statistical activities of DES are listed below:
- Estimation of State Gross and Net Domestic Products
 - Estimation of Gross Capital Formation
 - Estimating contribution of local bodies to GSDP
 - Participation in NSS on matching basis & bring out Sample Survey Reports
 - Annual Survey of Industries
 - Matters relating to compilation of IIP
 - Compilation and publication of Delhi Statistical Hand book , other publications based on population, prices, general statistics
 - Implementing Registration of Births & Deaths under Civil Registration in the State. Also collecting and compiling data on Medical Certifications of Causes of Deaths
 - Collection of Consumer Prices on behalf of Labour Bureau, GOI, wholesale prices of selected commodities required in compilation of WPI by GOI
 - Collection of Prices of Building material on quarterly basis
 - Economic Survey of NCT of Delhi
 - Formulation Annual/Five Year Plans of DES and monitor the implementation

- Conduct of Annual Census of State Government and Local Bodies Employees
- Conduct of Economic Census(CSS) under central/plan schemes
- Conduct Training programmes

Statistical Activities of Line Department

- Compilation of education indicators like Enrollment, Drop out, Teacher Student Ratio, Pass Percentage, Infrastructure, etc.
- Compilation of crop area and production statistics, on the basis of crop cutting surveys
- Agricultural Census(5years) on national pattern
- Livestock Census, Farm Equipment Census (5 yearly and other regular statistical activities pertaining to livestock development)
- Conducting Small Scale Industry Census once in five years under centrally sponsored scheme.
- Monthly report on contagious diseases on slaughter houses and on market prices of livestock and livestock products and activities of veterinary facilities in Delhi
- Preparation and updating of statistics relating to registered factories under Factories Act, 1948, Child Labour, Trade Union Statistics
- Statistics relating to registered motor vehicles
- Social Welfare Statistics
- Indian and Foreign Tourists Statistics

Publication

4. Principal publications of DES are given below:

Principal Publication of DES

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Annual Report on Registration of Births & Deaths-2007	Annual
2.	Classification of Employees in Delhi Govt., Autonomous/Local Bodies	Annual
3.	Bulletin on Price Statistics	Annual

26.	Summary Results of Housing, Households Amenities Assets	Adhoc
27.	Religion-wise Data of NCT of Delhi	Adhoc
28.	Age-wise Data of NCT of Delhi	Adhoc

All the publications released by DES are available on website www.des.delhigovt.nic.in and can be downloaded free of cost.

Manpower

5. A Common Statistical Cadre (De facto) is in place in the State covering all statistical posts under all the state departments. The total sanctioned statistical staff is 674, out of which 88 are in DES and 586 in the line departments. The staff position in DES and Line Departments is as under:

Sl.No.	Office	Total
1	Statistical staff in DES	88
2	Statistical staff in Line Departments	586
	Total	674

33. LAKSHADWEEP

Organisation

1. The Directorate of Planning and Statistics was established on 29-6-2007 as part of celebration of 1st Statistics Day with the skeleton statistical staff i.e. one Statistical Assistant and two Junior Investigators sanctioned earlier for Planning & Statistical Section. Government of India, Ministry of Home Affairs, has given approval for establishing a small statistical set up at the Head Quarter with one Junior Investigator for each Island. The recruitment process is in progress. The newly established Directorate is coordinating the statistical works of the different Departments and maintaining liaison with the statistical organizations of the State/ Central and other outside agencies/Organisations.

There are small statistical Divisions sanctioned under Central Sector Schemes and departmental schemes to take care of National surveys and the departmental statistics in the following sectors/departments.

1. Agricultural Census (Centrally Sponsored / Sector Scheme)
2. Livestock Census / Integrated Sample Survey (Centrally Sponsored / Sector Scheme)
3. Education Statistics Division
4. PWD Statistics Division
5. RCH/AIDS attached in the Medical department. (Centrally Sponsored / Sector Scheme)

Besides, one Statistical Officer/Statistical Assistant is working in each Department of Fisheries, Medical, Industries, etc. There is no statistical personnel in major departments like; Agriculture, Port, Light Houses, Shipping and Civil Aviation, Ecology and Environment Cooperation, Public Distribution System, Tourism, Information Technology, Police and Fire Services, Panchayat and Rural Development.

Statistical Activities of DES

2. Statistical activities of DES are given below:
 - Conduct of Agriculture Statistics
 - Conduct of Economic Census
 - Conduct of Livestock Census
 - Conduct of Integrated Sample Survey on Livestock
 - Education Statistics
 - Health Statistics

- Fisheries Statistics
- Industry Statistics

Publications

3. List of Publications brought out by Lakshadweep is given below:

Sl. No	Name of the Publication	Periodicity
1	2	3
1.	Basic Statistics	Annual
2.	Lakshadweep Key Indicators	Annual
3.	Agricultural Census	Quinquennial
4.	Economic Census	Quinquennial
5.	Lakshadweep Gazetteer	Ad-hoc
6.	State Development Report	Ad-hoc
7.	Lakshadweep and Its People	Ad-hoc

Manpower

4. Some new statistical staff in Union Territories of Lakshadweep have been sanctioned by the Ministry of Home affairs for establishment of Directorate of Planning and Statistics. Presently, the total statistical staff strength working in the DES and Line department is 38 as given below:

Statistical Staff in DES and Line Departments

Sl. No.	Office	No. of Staff
1.	Statistical Staff in Directorate of Economics & Statistics	14
2.	Statistical staff of DES in Line Department/ Ministries	24
3.	Statistical Staff recruited by respective Department	Nil
	Total	38

34. PUDUCHERRY

Directorate of Economics and Statistics (DES) came into being in 1981. The DES plays the role of a nodal agency and is responsible for collection, compilation, analysis and dissemination of all major statistical activities in the Union Territory and coordination with line Departments on statistical matters. There are statistical as well as non-statistical units in almost all different line Departments engaged in collection, compilation and analysis of data in their own spheres of responsibility. These units have been set up with a view to revitalize the activities of the Directorate and for meeting the growing demand for statistical information by policy makers and researchers.

Statistical Activities of DES

2. The statistical activities undertaken by the DES are:

- Estimation of State GSDP
- Participation in surveys conducted by NSSO
- Participation in Annual Survey of Industries
- Compilation of Index of Industrial Production
- Consumer Price Indices for rural and urban areas
- Compilation of Housing and Building Statistics
- Economic and Purpose Classification of State Budget
- Timely Reporting Scheme (TRS)
- Improvement of Crop Statistics (ICS)
- Crop Estimation Survey (CES)
- Collection of Agricultural Statistics
- Agricultural Census
- Official Statistics
- Census of Government Employees
- Economic Censuses
- Ad - hoc surveys
- Electronic processing of data

Statistical activities of Line Departments

The statistical activities undertaken by Line Departments are:

- Public Health Statistics
- Registration of Births and Deaths Statistics

- Education Statistics
- Labour and Employment Statistics
- Housing Statistics
- Water Supply and Sanitation Statistics
- Transport Statistics
- Animal Husbandry Statistics
- Statistics on Cooperation
- Statistics on Civil Supplies
- Welfare Statistics
- Agriculture Statistics
- Industries Statistics
- Local Administration Statistics
- Tourism Statistics

Publications

3. DES and Line Departments bring out number of regular and ad-hoc publications as given below:

Sl. No.	Name of Publication	Periodicity
1	2	3
1.	Abstract of Statistics	Annual
2.	Hand Book of Statistics	Annual
3.	Puducherry at a Glance	Annual
4.	Season and Crop Report	Annual
5.	Budget in Brief	Annual
6.	Economic and Purpose Classification	Annual
8.	Price Bulletin	Monthly
9.	Census of Govt. Employees	Annual
10.	Agriculture Census Report	Quinquennial
11.	Economic Census Report	Quinquennial
12.	Annual Survey of Industries	Annual
13.	Municipal Year Book	Annual
14.	Index of Industrial Production	Annual

15.	Women and Men in Puducherry	Adhoc
16.	Input Survey Report	Quinquennial
17.	Livestock Census Report	Quinquennial
18.	Integrated Sample Survey Results	Annual
20.	Annual Vital Statistics Report	Annual
22.	Annual Report-Status of Agriculture in UT Puducherry	Annual
23.	Directory of Industries-SSI	Adhoc
24.	Directory of Exporters	Adhoc

Statistical manpower

4. There is a common statistical cadre in the UT. The total statistical manpower in position is 198, out of which 65 are in DES and 133 in line Departments.

1. AIRPORTS AUTHORITY OF INDIA, NEW DELHI

Airports Authority of India (AAI) is a Public Sector Undertaking under the administrative control of Ministry of Civil Aviation. It was constituted by an Act of Parliament and came into being on 1st April, 1995 by merging erstwhile National Airports Authority and International Airports Authority of India, with a view to accelerate the integrated development, expansion and modernization of the operational, terminal and cargo facilities at the airports in the country conforming to international standards. Authority is mainly responsible for control and management of the Indian airspace extending beyond the territorial limits of the country, as accepted by ICAO; design, development, operation and maintenance of International and Domestic Airports and Civil Enclaves; construction, modification and management of passenger terminals; development and management of Cargo Terminals at International and Domestic Airports; provision of passenger facilities and Information System at the passenger Terminals at airports; expansion and strengthening of operation area viz. Runways, Aprons, Taxiway, etc.; provision of Visual aids; and provision of Communication and Navigational aids, etc.

Statistical Unit of Airports Authority of India, called as Directorate of Corporate Planning and Management Services (CP&MS), is headed by an Executive Director. The Directorate has statistical units at all four Metro Airports viz: Mumbai, Delhi, Chennai, and Kolkata and also at Thiruvananthapuram Airport. 30. WESTERN COALFIELDS LIMITED, NAGPUR

Western Coalfields Limited is one of the eight Subsidiary companies of Coal India Ltd. The company came into existence on 1st November, 1975, after re-organization of the Nationalized Coal Industry. Later, keeping in view the tremendous growth potential, it was bifurcated, with effect from January 1986, into South Eastern Coalfields Limited and the present Western Coalfields Limited (WCL). The present WCL has mining operation spread over in the States of Maharashtra (in Nagpur, Chandrapur & Yeotmal District) and in Madhya Pradesh (in Betul and Chhindwara Districts).

There is a Statistical Section in the company which is responsible for collection of coal related data on the basis of Daily/Monthly performance reports from the areas and; detailed Monthly/Annual data on Production, Despatches, Pit Head Vendible Closing Stock etc. This section provides detailed data on Coal Grades, Number of mines, production, dispatches, Pit head Vendible Closing stock and productivity in terms of OMS (output per Manshifts) with respect to mines and appropriate level viz. Area, State and Company level. The Section brings out Daily Production Reports, Monthly Performance Reports, Annual Performance Reports, and Over Views.
